BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:
Shri MIHIR MUKHERJEE, Judge

AWARD

The Labour Department, Government of West Bengal has referred an industrial dipute between Messrs. Kinlab (P.) Ltd., 8/1 Gurudas Dutta Garden Lane, Calcutta-4, and their workman, Shri Madan Singha, c/o Shri Mani Mukherjee, General Secretary, Bhattacharjee Co. and Mazdoor Union, 33 Manicktolla Main Road, Calcutta-54, to this court by its order No. 3744-I.R./IR/11L-330/69, dated 30th May 1969, under section 10 read with seection 2A, Industrial Disputes Act on the following issue:—

Issue

Whether the termination of service of Shri Madan Singha by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Usual notice was directed to be issued directing the parties to appear on 16th July 1969. No notice was however issued till 23rd June 1969, when copy of a letter sent to the Assistant Secretary to the Government of West Bengal, Labour Department, by the Opposite Party-Company was forwarded to the Judge-in-Charge, Industrial Tribunal, West Bengal, which was forwarded to this court and received on the abovesaid date. By this letter the Opposite Party-Company informed the Labour Department, Government of West Bengal, as well as the Judge-in-Charge, Industrial Tribunal, that the industrial dispute has already been settled out of court. Terms of settlement would appear from the Opposite Party-Company's letter to the petitioner-workman, dated 31st May 1969, which the petitioner-workman confirmed by making an endorsement on the same date and the copy of this document has been enclosed along with the Opposite Party-Company's letter intimating of the settlement as such. The Opposite Party-Company has also enclosed copy of another letter sent by the petitioner-workman on the same date to the Labour Officer, Government of West Bengal, intimating that the industrial dispute has been settled and he does not want to continue the industrial dispute.

On a perusal of the copy of the letter sent by the Opposite Party-Company to the Government of West Bengal as forwarded to the Judge-in-Charge, Industrial Tribunal, which has been received in turn in this court along with its enclosures, it is clear that the parties have compromised the industrial dispute out of court amicably. On a perusal of the enclosures of the abovesaid letter, the terms of compromise appear to be lawful, reasonable and fair and also that the parties have compromised the dispute pending between them as such. Under the circumstances, I am inclined to pass a "No-dispute" award on a basis of the memorandum of settlement, dated 31st May 1969, reached by offer and acceptance between the parties as such. A "No-dispute" award be passed accordingly on the basis of the memorandum of settlement, dated 31st May 1969, reached by offer and acceptance between the parties as such, which be made part of this award.

This is my award.

Judge,
Second Labour Court.

Provided that interest shall not be decreed when damages are awarded under this section.

(*3*) If in any suit instituted for the recovery of arrears of rent, it appears to the Court that the landlord has instituted the suit without reasonable or probable cause the Court may award to the *thika* tenant, by way of damages, such sum not exceeding twelve and a half *per centum* on the whole amount claimed by the landlord as he thinks fit.

Right of landlord to purchase holding in case of execution-sale.

23B. (*1*) Where any land comprised in the holding of a *thika* tenant is sold in execution of a decree obtained against him, the landlord may, within two months of the date of the sale, apply to the executing Court for the transfer of such land to him.

The Calcutta Thika *Tenancy (Second Amendment) Bill, 1969.*

(*Clauses 12—14.*)

If the Court is satisfied that the conditions referred to in sub-section (*1*) have been fulfilled, the Court shall make an order directing that the deposit made under sub-section (*2*) shall be paid to the auction-purchaser.

(*4*) From the date of the making of the order under sub-section (*3*) the right, title and interest in the land comprised in the holding accruing to the auction-purchaser by his purchase at the execution-sale shall be deemed to have vested in the landlord free from any encumbrance which may have been created after the date of such sale and the Court may, on further application of the landlord, place him in possession of the land vested in him.".

Insertion of new section 32B.

12. After section 32A of the said Act, the following section shall be inserted, namely:—

"Duty of *thika* tenant to provide essential amenities for *Bharatias*.

32B. (*1*) Notwithstanding anything contained in any other law for the time being in force or in any contract, it shall be the duty of every *thika* tenant to keep the structures let out to *Bharatias*, in a condition fit for habitation and to make such provisions for water-supply, conservancy and sanitary services as may be considered by the Controller essential, regard being had to the conditions of water-supply, conservancy and sanitary services prevailing in the area in which the holding is situated and the number of *Bharatias* in possession of the structures.

(*2*) Where the Controller is, on an application filed by a *Bharatia*, satisfied that any structure let out to the *Bharatia* is unfit for habitation or that essential provisions for water-supply, conservancy and sanitary services therein have not been made or if made, are not adequate, the Controller shall cause a notice to be served in the prescribed manner on the *thika* tenant requiring him to carry out within such time as may be specified in the notice, such works as, in his opinion, are necessary for making such structure fit for habitation or for securing such water-supply, conservancy and sanitary services as are essential.

(*3*) If after the service of such notice the *thika* tenant fails to show cause or neglects to carry out such works within the specified time, the Controller may, after giving the *thika* tenant an opportunity of being heard and after making such inquiries as he may consider necessary, make an order in writing specifying the works to be done and giving an estimate of costs of such works, and get such works executed by such agency as he may consider fit and thereafter all expenses incurred in executing the works together with interest thereon at the rate of six and a quarter *per centum per annum* from the date on which demand for expenses is made until payment, may be recovered by the Controller from the *thika* tenant as a public demand.".

Provisions to apply to pending applications and appeals.

13. The amendments made to the said Act by this Act shall have effect in respect of all applications for ejectment of *thika* tenants, and all appeals from orders made on such applications, under the provisions of the said Act which are pending at the commencement of this Act.

Repeal.

14. The Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1969, is hereby repealed. West Ben. Act III of 1969.

STATEMENT OF OBJECTS AND REASONS.

It has been considered necessary that by further amendment of the Calcutta *Thika* Tenancy Act, 1949, the legitimate interests of a *thika* tenant should be properly safeguarded, the grounds on which a *thika* tenant can be ejected should be further restricted and that a *thika* tenant using the land for residential purpose should be given the right to erect *pucca* structures. It is also essential to ensure that the *thika* tenant discharges his obligations to the *Bharatias* by keeping the huts fit for habitation and by providing essential amenities like water-supply, conservancy and sanitary services.

The Bill has been framed with the above objects in view.

STATEMENT OF OBJECTS AND REASONS.

Article 288(1) of the Constitution of India reads:

"288. (1) Save in so far as the President may by order otherwise provide, no law of a State in force immediately before the commencement of this Constitution shall impose, or authorise the imposition of, a tax in respect of any water or electricity stored, generated, consumed, distributed or sold by any authority established by any existing law or any law made by Parliament for regulating or developing any inter-State river or river-valley."

On the strength of the legal opinion then expressed by our law officers rule 11B of the Bengal Electricity Duty Rules was framed in 1959 to realize electricity duty from a consumer receiving energy direct from a river-valley project, i.e., Damodar Valley Corporation, and consuming it itself, for it was held that in such a case duty is levied on the energy not on the point of its supply by the Damodar Valley Corporation but on the point of its subsequent consumption after energy has been supplied by the Damodar Valley Corporation.

As doubts had been raised in some quarters about the competence of the State Government to tax, without the approval of the President, energy supplied by the Damodar Valley Corporation, law officers of the State Government were further consulted and the views of the Solicitor-General of India were also solicited. Both our law officers and the Solicitor-General of India have now expressed the opinion that the energy of the Damodar Valley Corporation cannot be taxed by a State Government without the sanction of the President. In view of this change in the legal opinion the present Bill seeks to regularize the duty already realized and which will be realized in future on the consumption of the Damodar Valley Corporation energy. In view of the provisions contained in article 288(2) of the Constitution, the Bill when passed will have to be reserved for the consideration of the President.

ANNEXURE

In the matter of an industrial dispute between Messrs. Singh Radio and Sound Engineering, 9 and 12 Chowringhee Road, Calcutta-13, and their workman Shri S. N. Ghosh, 21/1G Fern Road, Calcutta-19. (Case No. VIII-686/67.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri R. K. SHARMA, H.J.S., Judge,
Seventh Industrial Tribunal.

AWARD

Hereinunder mentioned issue involved in an industrial dispute between Messrs. Singh Radio and Sound Engineering, 9 and 12 Chowringhee Road, Calcutta-13 (hereinafter called the Company), and their workman Shri S. N. Ghosh, 21/1G Fern Road, Calcutta-19 (hereinafter called Shri Ghosh) was referred under Government of West Bengal, Labour Department, order No. 4499-I.R./IR/10L-36/67, dated Calcutta, the 11th September 1967, to this Tribunal for adjudication.

Issue

Whether termination of service of Shri S. N Ghosh is justified? To what relief, if any, is he entitled?

After going through the mill of legal process, this case became ready for hearing and on 2nd June 1969 the Tribunal fixed 23rd June 1969 for hearing of the case. On 6th June 1969 Shri Ghosh, the aggrieved workman, appeared along with Shri H Singh, Proprietor of the Company; they filed a joint petition of compromise which the Tribunal ordered to be put up on the date fixed.

On 23rd June 1969 neither party appeared before the Tribunal, but the joint petition of compromise filed by the parties was placed before the Tribunal for its order. After perusing the petition which embodies the terms of settlement, the Tribunal reserved its award.

The petition showed that the Company paid to the aggrieved workman a sum of Rs. 2,800 in cash as settled and agreed upon on account of the claim of the petitioner in respect of his due salary for the months of November and December 1966, January, February and March, 1967, one month's salary in respect of notice period, as well as gratuity for 7 years, leave salary, bonus and legal expenses. On receipt of that sum, the aggrieved workman aggreed not to proceed on with the pending case. This petition clearly indicates that the parties have amicably settled their dispute out of Court and there in no industrial dispute any longer in existence between the parties. Therefore, in view of the petition filed by the parties, I hereby pass a no-dispute award and dispose of this case.

Usual number of copies of this award be sent to the State Government for necessary action.

This case promised to be a contested one as the parties, when called upon, duly filed their written statements. Thereafter, the Union filed its list of documents as well, but the Company did not file any document. Thereafter, the case was fixed for hearing on 21st May 1969. In the meantime, the Presiding Officer had to go on tour in connection with another case and so the hearing date was shifted to 19th June 1969. On 19th June 1969 parties appeared before the Tribunal and filed a joint petition on the ground that a talk of compromise was going on between the parties. After hearing the parties, the Tribunal fixed 20th June 1969 for filing of joint petition of compromise. On 20th June 1969 Shri J. Pandey, President of the Union, appeared for

the Union, and Shri S. K. Bhanj Chowdhury, Advocate, appeared for the Company. They filed a joint petition of compromise along with the Memorandum of Settlement embodying the terms agreed upon by the parties. I have perused the terms of settlement and in my opinion, the terms of settlement are fair and reasonable. The terms of settlement have been signed by the representative of the Company as well as that of the Union. Various other persons have signed as witnesses. There is no reason for the Tribunal for not accepting the terms of settlement. Hence, accepting the terms of settlement, I hereby pass a compromise award in terms thereof. The joint petition filed by the parties along with the Memorandum of Settlement shall be published as Annexure "A" to this award and they shall form an integral part of it.

ANNEXURE

In the matter of an industrial dispute between Messrs. Philips & Roy (P) Ltd., 38/2 Nirmal Chandra Street, Calcutta-13 and their workman Shri Radha Singh, 51B Mutt Lane, Calcutta-13. (Case No. VIII-C-38 of 1968.)

BEFORE THE FIRST LABOUR COURT
WEST BENGAL

Present:

Shri S. P. BAGCHI, Judge,
First Labour Court

Government of West Bengal, Labour Department, by order No. 2547-I.R./IR/10L-500/67, dated 30th April 1968, referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute relating to the undermentioned issue existing between Messrs. Philips & Roy (P) Ltd., 38/2 Nirmal Chandra Street, Calcutta-13 and their workman Shri Radha Singh, 51B Mutt Lane, Calcutta-13, for adjudication.

Issue

Whether the termination of services of Shri Radha Singh by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

Pursuant to the notices the parties appeared in Court and filed their written statements and ultimately 18th March 1969 came to be fixed for peremptory hearing of the case. On 18th March 1969 the Company however was found absent and no step whatever was also taken on its behalf. In order to enable however the Company to contest the case in the interest of justice this Court was pleased to fix 5th May 1969 for peremptory hearing of the case suo motu. 5th May 1969 was declared a holiday and therefore the case came to be fixed on 27th June 1969 for peremptory hearing. This day the Company is found absent and no step whatever had been taken on its behalf. The workman concerned is present. We have therefore to proceed with the case in the absence of the Company.

The workman concerned Shri Radha Singh has pledged his oath to say that as a cooly he had served the Company for about 16 years at a monthly remuneration of Rs. 85 and he has denied that he was ever a casual labour of the Company and that he worked as such on the "no work, no pay" system, as stated by the Company in its written statement. He has further stated that he went on leave on 21st March 1967 and that when he went to resume his duties on 13th June 1967 on the expiry of his leave he was not allowed to do so on a flimsy ground that there was no job available for him at that time. His grievance is that his subsequent efforts to join his duties in the Company did not bring him any result and that his representation both to the Company and to the Labour Commissioner in the matter went in vain. He asserts on oath that there was absolutely no justification on the part of the Company to deny him his employment in the way it did. He denies that he had ever left his job on 21st March 1967 without giving any intimation as stated by the Company in its written statement. In the state of the materials on record it is quite clear that the termination of the services of Shri Radha Singh by way of refusal of employment to him was wholly unjustified. I would accordingly direct the Company to reinstate him in his service with full back wages and all other benefits including the benefits of continuity of service within a month from the date of publication of the award in the "Calcutta Gazette".

This is the award of the Court.

2. Whether the termination of service of Shri Fakir Gul is justified? What relief, if any, is the workman entitled to?

In this matter, after due service of notice both parties Union and the management entered appearance. The Union was directed to file its written statement on 16th April 1969 but on that date no written statement was filed. Thereafter, several adjournments were granted to enable the Union to file its written statement, but the Union did not appear and file its written statement. Even on 19th May 1969 which was the date for filing of the written statement by the Union, the Union did not appear and I fixed 28th June 1969 as the date for disposal if any written statement was not filed by the Union in the meantime. On that day too none for the Union appeared. Taking into consideration the circumstances I verily believe and am satisfied that the Union is not interested in the matter; even if there was any dispute, the dispute has ceased to exist. In the premises, I hereby pass a "no-dispute" award.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Lovely Optical Mfg. Co. (Proprietor, Shri Biswanath Dhar), 14 Seven Tanks Lane, Calcutta-30 and their workmen represented by Optical Workers' Association, 19/2A Pitambar Ghatak Lane, Calcutta-27, to this Court by its order No. 4506-I.R./IR/11L-407/67, dated the 11th September 1967, under section 10 of the Industrial Disputes Act, on the following issue:

Issue

Whether refusal of employment to Shri Biswannath Roy is justified? To what relief, if any, is he entitled?

Usual notices were served upon the parties directing them to appear on 6th December 1967 and the Union to filed its written statement on that date. The Union filed its written statement on that date and by my order No. 2, dated 6th December 1967 the O. P.-Company was directed to file its written statement by 26th December 1967. The notice sent to the O. P.-Company came back unserved and the record was put up for orders on 16th January 1968 by my order No. 3, dated 26th December 1967/29th December 1967. The O. P.-Company appeared on that date and filed a petition praying for time, which was allowed fixing 12th February 1968 for

filing written statement by my order No. 4, dated 16th January 1968. The O. P.-Company took time for filing written statement even on that date and 12th March 1968 was fixed for filing written statement by my order No. 5, dated 12th February 1968. As I was holding Court at Santipur on that date, the record was put up on 6th April 1968 for filing written statement by the O. P.-Company by my order No. 6, dated 12th August 1968/16th August 1968. The O. P.-Company filed its written statement on 6th April 1968. The case was fixed for hearing on 12th August 1968 by my order No. 10, dated 2nd July 1968. After a number of adjournments, the case was fixed for hearing on this date by my order No. 18, dated 14th May 1969. Parties have filed a joint petition for compromise intimating that the industrial dispute has been amicably settled between them out of Court and also intimating the terms of compromise as such and pray for passing an award incorporating the abovesaid terms of compromise.

The joint petition of compromise bears the signature of Shri Biswanath Dhar, Proprietor of the O. P.-Company and Shri Hiralal Roy, Advocate for the Union, who holds an authority from the Secretary of the Union. On a perusal of the joint petition of compromise I find the terms of compromise to be lawful, reasonable and fair and also that the parties have compromised the entire dispute pending between them as such. Under the circumstances, I am inclined to pass a "No-dispute" award on the basis of the joint petition of compromise. A "No-dispute" award be passed accordingly on the basis of the joint petition of compromise, which be made a part of this award. This is my award.

By Labour Department order No. 8152-I.R./IR/11L-31/68, dated 15th November 1968, the Governor was pleased to refer the instant dispute between Messrs. Bihar Restaurent, 31 Hogg Street, Calcutta and their workmen represented by Messrs. Calcutta City Eating & Refreshment Establishments Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1967, for adjudication on the following issue:

Issue

Whether the dismissal of Sarbasree Md. Kalin and Abdul Barik by the management is justified? To what relief, if any, are they entitled?

On receipt of this reference usual notices were served both on the Company and the Union representing the workmen. On 11th December 1968 the Company appeared through Advocate Shri K. K. Maitra. On 30th December 1968 Shri S. R. Ghosh, Advocate, prayed for time on behalf of the Union. On 2nd January 1969 Shri S. R. Ghosh again prayed for time on behalf of the Union and time was allowed. As it appeared that Shri S. R. Ghosh had no authority to represent the Union, a direction was given to the Union to file letter of authority in favour of Shri Ghosh and also to file written statement by 7th May 1969. On that day the Union did not appear. So a fresh notice was issued for service on the Union directing it to file written statement by 21st May 1969. I was on leave on 21st May 1969, so the case was taken up on 22nd May 1969. On that day it appeared that the Union did not appear on 21st May 1969. So the case was adjourned to 6th June 1969 for further orders awaiting return of service of the Union. On 20th June 1969 the return of service was received from which it appeared that notice was duly served on the Union. On that day Shri S. R. Ghosh filed a petition for time to effect a compromise. As Shri Ghosh had no authority the petition could not be entertained. But the case was adjourned to 4th July 1969 for filing written statement of claim in case compromise failed. On 4th July 1969 the Union did not appear and did not take any steps. The Company also did not take any steps. In this circumstances the Tribunal can legitimately infer that the dispute between the parties has been compromised. So I have no alternative but to pass this 'no-dispute' award.

AWARD

The Government of West Bengal, Labour Department, by its order No. 1811-I.R./IR/10L-92/69, dated the 21st March 1969, retferred to this court under

section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute relating to the undermentioned issue existing between Messrs. G. B. & Co., 38/39 Jay Bibi Road, Ghusury, Howrah and their workman Shri Kanailal Polley represented by Iron & Steel Workmen's Union, 63 Shibgopal Banerjee Lane, Ghusury, Howrah, for adjudication.

Issue

Whether the dismissal of Shri Kanailal Polley is justified? What relief, if any, is he entitled to?

Usual notices were issued on the parties under registered post with A/D fixing 16th April 1969, for their appearance. On 16th April 1969, the Company was found present and as it was not known whether the notice had really been served upon the Union and the Union was absent, it was directed that the record should be put up for orders on 30th April 1969, awaiting the service of notice upon the Union. On 30th April 1969, both the parties were found absent although the notice appears to have been served upon the Union on 16th April 1969. No step whatever was also taken by the parties on that date. The record, therefore, was directed to be put up for orders on 22nd May 1969. On 22nd May 1969, the parties were found absent and no step whatever was taken by either of them in connection with this reference. The record, therefore, was directed to be put up for orders on 26th May 1969. This day again none of the parties is found and no step whatever has been taken by either of them in connection with this proceeding. In such circumstance I am inclined to think that the parties are no longer interested in this reference and that the dispute under reference is no longer in existence. I accordingly pass a 'No-dispute' award. This disposes of the instant reference.

Present for the Union: Shri S. N. Banerjee and Shri S. S. Choudhuri, Advocates.

By the Government of West Bengal, Labour Department, order No. 5249-I.R./IR/9L-84/67, dated the 30th September 1967, this industrial dispute between Messrs. Aswini Kumar & Co., and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication of the issue mentioned below.

Issue

Whether the dismissal of Shri Animesh Ghosh, Provident Fund Clerk, is justified? What relief, if any, is he entitled to?

On receipt of the reference notices were served on the parties, and they made their appearance and filed their respective written statement.

The case of the Company is as follows:—

Since the 26th May 1966 the Company received various complaints from the workers of the tea garden against Shri Animesh Ghosh, the workman concerned, regarding misappropriation of various sums of money by fraudulent means out of remittances sent by the Provident Fund Authorities, and also for taking bribes from other persons. After a preliminary enquiry Shri Animesh Ghosh was served with a charge-sheet, dated the 20th June 1966. Shri Ghosh submitted his explanation. The management found the explanation unsatisfactory and decided to hold a departmental enquiry. Accordingly a notice of enquiry was issued to Shri Animesh Ghosh. The enquiry took place on 27th June 1966, 29th June 1966, 30th June 1966, 2nd July 1966, 26th July 1966 and 8 August 1966. On consideration of the evidence the Enquiring Officer found Shri Animesh Ghosh guilty of the charges levelled against him. Thereafter the management dismissed him from service by the letter, dated the 27th September 1966, with immediate effect.

Shri Animesh Ghosh, the workman concerned, has filed a written statement denying the allegations made against him in the charge-sheet. He alleges that the enquiry held was unfair and improper, and that the Enquiring Officer did not follow the rules of natural justice. His further allegation is that he has been falsely implicated by the management in this case at the instance of the rival Union.

The point for determination is whether the order of dismissal of Shri Animesh Ghosh, the Provident Fund Clerk of the Company, is justified or not.

The Company made reliance on the domestic enquiry. If it is found that the enquiry was fair and proper, and if it is found that the Enquiring Officer followed the rules of natural justice then it must be held that the dismissal is justified. Ext. B is the charge-sheet. Two charges have been mentioned in the charge-sheet. It is alleged that Shri Animesh Ghosh attempted to misappropriate an amount of Rs. 268 (Rs. 262 plus Rs. 6) belonging to Shri Dukhia, and thereby he was guilty of fraud and dishonesty in connection with the employer's business. The second charge is that he was also guilty of fraud and dishonesty for his taking and asking for illegal gratification from Shri Samuel, Shri Setma Toppo, Shri Sukra and Shri Majhi Bakira. In order to appreciate the charges levelled against the opposite party the Company's case should be stated in full. It is as follows:—Shri Animesh Ghosh, the opposite party, was the Provident Fund Clerk of the Company, and one of his duties was to identify the payees before the Sub-Post Master at the time of payment of money orders. In May 1966 two money orders came to the Post Office for making payment to Dukhia Uraon—one for Rs. 600 and the other for Rs. 262. Another money order also came to the Post Office for making payment to one Sukra. On 21st May 1966 Dukhia and his son Bandana came to the Post Office to receive payment under the money orders. Sukra also came there to receive payment. Dukhia, Bandana and Sukra came to the Post Office on receipt of information from Shri Animesh Ghosh, the opposite party. Shri Animesh Ghosh received an amount of Rs. 862 from the Post Master in respect of the two money orders standing in the name of Dukhia. He then paid Rs. 594 to Bandana, the son of Dukhia, and kept Rs. 6 with him in respect of one of the money orders. Regarding the other money order standing in the name of Dukhia, Shri Animesh Ghosh did not pay anything to Bandana and Dukhia. On 23rd May 1966 Bandana came to learn that there had come two money orders and the total sum amounted to Rs. 862 and not Rs. 600 only. Bandana then approached Kendru Bhagat, the Secretary of his Union. Kendru went to the Post Office and met the Post Master. Eventually, Bandana was paid Rs. 262 on that day. So far as Sukra is concerned, he was paid Rs. 200 only by the opposite party on 21st May 1966 although the money order was for Rs. 600. The further allegation is that the opposite party took Rs. 50 out of Rs. 200 from him saying that he was taking money for his labour. On 23rd May 1966 Sukra again came to the Post Office. At that time he was paid Rs. 400, and that the balance amount of Rs. 50 was not at all paid to him. Thus the allegations against the opposite party are that he attempted to misappropriate Rs. 262 belonging to Dukhia, and that he also took away Rs. 50 from Sukra by fraudulent means. It is said that the opposite party was guilty of the offences under sections 13(c) and 13(c)(iv) of the Standing Orders.

The case of the opposite party is that when Rs. 862 was paid to Dukhia by the Post Master it was found that there was no more money in the Post Office for making payment to Sukra in respect of his money order. Then at the request of Sukra Shri Ghosh borrowed Rs. 262 from Dukhia and made over the same to Sukra on the understanding that the amount would be returned to Dukhia when Sukra would receive money from the Post Office. He admits that he took Rs. 6 from Dukhia as his remuneration.

Now I shall consider as to whether the enquiry held by O.P.W. 7 Shri S. P. Ghuwalewala, the Manager of the Company, is fair or not. Ext. J is the enquiry proceedings, and Ext. K is the report of the enquiry. It is to be seen as to whether opportunity was given to the opposite party for his defence. It appears from the enquiry proceedings that the Enquiring Officer did not at all follow the rules of natural justice. Before the enquiry was held he had formed an opinion that the opposite party was guilty of the charges. He started the proceedings with the impression that the opposite party was guilty. The Enquiring Officer examined the opposite party first of all, and he asked him whether he had any witness to prove his innocence. It was for the management to prove the guilt of the opposite party by cogent evidence. If on consideration of evidence the Enquiring Officer formed an opinion that the opposite party was guilty of the charges, then only he could ask the opposite party to adduce evidence in order to prove his innocence. But the Enquiring Officer did the reverse, as if the onus was on the opposite party to prove his innocence. It is crystal clear that the Enquiring Officer proceeded with a bias mind in conducting the enquiry. The enquiry proceedings do not show that the statements of the witnesses examined by the management were read over and explained to the opposite party. O.P.W. 1, however, says in his evidence that the statements of the witnesses were read over to the opposite party in Hindi. Shri Animesh Ghosh is a Bengalee. So it was the duty of the Enquiring Officer to explain the statements of the witnesses to the opposite party in Bengali. But he did not do that. As a matter of fact, the evidence does not show that the statements were read over to the opposite party at all. Moreover it was the duty of the Enquiring Officer to ask the opposite party to explain away the evidence that had been adduced against him. But it is apparent that the Enquiring Officer did not give him opportunity to explain away the evidence that had been led against him. The enquiry proceedings show that after the examination of the witnesses for the management was over, the Enquiring Officer did not ask the opposite party to make any statement or to adduce any evidence. It is therefore clear that the Enquiring Officer did not give the opposite party proper opportunity of defence. I find that the enquiry held was not at all proper, and that the Enquiring Officer did not follow the rules of natural justice. That being so I cannot rely on the domestic enquiry. The order of dismissal cannot be supported on the basis of domestic enquiry. Now it is to be seen whether the Company has been able to prove before this Tribunal that the opposite party was guilty of the charges complained of.

The evidence of O.P.W. 2 Bandana should be considered first. He is the son of Dukhia in whose name money orders came to the Post Office. There is no dispute that two money orders came in the name of Dukhia in the Post Office—one was for Rs. 600 and the other for Rs. 262. His evidence is that Animesh Babu took money from the Post Master and made over Rs. 594 to his father, and that Animesh Babu took Rs. 6 for himself as his remuneration. He says that the amount of Rs. 262 in the other money order was not paid to them. According to the opposite party, he took Rs. 6 as his remuneration out of Rs. 600 in respect of the first money order. Then his case is that as there was no more money in the Post Office, and as Sukra requested him to give him some money, he borrowed Rs. 262 from Dukhia and gave the same to Sukra. First of all, it is to be seen as to whether the amount in the second money order, i.e., Rs. 262 was paid to Dukhia or not. O.P.W. 2 Bandana says in his cross-examination that he was not present in the Post Office when payment was made to his father. Then he clearly says that as he remained outside he cannot say if one money order form or two money order forms were handed over to his father. So it appears that he was not present at the time of actual payment. It was his father who received the money. His father is the only competent person to say as to whether he received Rs. 262 or not. But Dukhia has not been examined in this case before me. So it has not been proved in this case that the money in the second money order was not paid to Dukhia. On the other hand, the evidence O.P.W. 1 Shri Isai Kujur, the Branch Post Master, goes to indicate that the money order under the second money order was also paid to Dukhia. He says that he put the sum of Rs. 862 on the table; that Animesh Ghosh took up money; that he counted the money and delivered the same to Dukhia. It is, therefore, clear that the entire amount of Rs. 862 was paid to Dukhia. However, it is an admitted fact that Shri Animesh Ghosh took Rs. 6 from Dukhia as his remuneration. The question is whether this conduct of the opposite party amounts to fraud or whether it can be said that he was guilty of taking illegal gratification. In my opinion it cannot be said that for taking Rs. 6 he is guilty of the charges of fraud and misconduct. It is an admitted fact that Animesh Ghosh helped Dukhia in receiving money from the Post Office. So he wanted Rs. 6 as his remuneration. It was for Dukhia to give him Rs. 6 or not. Dukhia must have agreed to pay him Rs. 6. If he was unwilling to pay the amount he would have raised a "row". By no means it can be said that the opposite party was guilty of taking illegal gratification. The Manager says in his evidence that it was a part of the duty of Animesh Ghosh to identify the payees in the Post Office at the time of delivery of money to them. But there is no paper to show that Shri Animesh Ghosh had any such duty. On the other hand, O.P.W. 1 Shri Kujur, the Branch Post Master, disproves the evidence of the Manager. He says that any person present at the time of delivery of money may be a witness. He also says in his cross-examination that Ajit Mitra also used to identify the parties at the time of payment to the payees. In my opinion it has not been proved that Shri Animesh Ghosh was officially deputed to identify the payees at the time of payment in the Post Office. So it cannot be said that by taking Rs. 6 from Dukhia the opposite party is guilty of taking illegal gratification. Therefore, the first charge, i.e., the main charge falls to the ground.

Now let me consider the second charge. The second charge was made on the complaints of Samuel, Setma Toppo, Sukra and Majhi Bakira. Samuel and Majhi Bakira have not been examined before me. So the allegation made by them against Animesh Ghosh cannot be said to have been proved. However, the Company has examined two of the complainants, viz., Sukra and Setma Toppo. O.P.W. 3 Sukra says that he went to the Post Office, that Provident Babu (meaning Animesh Ghosh) told him that money was not available in the post office on that day, and that when he pressed for money Animesh Babu paid him Rs. 200. Then he says that Animesh Babu took back the amount and paid him Rs. 150 keeping Rs. 50 to himself. He says that Animesh Babu told him that he took the money as his remuneration. Animesh Ghosh, the opposite party, denies that he took Rs. 50 from Sukra. According to him, Sukra pressed for money, and for that he requested Dukhia to give him a loan of Rs. 262. Dukhia gave him Rs. 262 and he paid the said amount to Sukra. The evidence of Sukra has not been corroborated by any independent witness. The uncorroborated testimony of Sukra cannot be relied on. It has been admitted in this case that there are two Unions in this garden. Animesh Ghosh belonged to one Union, and the witnesses of the Company belonging to the other Union.

It is apparent that there is rivalry between the two Unions. In these circumstances the uncorroborated testimony of Sukra should not be accepted. Thus it has not been proved that Shri Animesh Ghosh paid Rs. 150 only to Sukra and that he kept Rs. 50 to himself. Even if it be assumed for the sake of argument that Animesh Ghosh took Rs. 50 from Sukra, he cannot be said to be guilty of fraud and misconduct. It is the evidence of Sukra that Animesh Ghosh took the money as his remuneration. Apparently Sukra did not make any protest. So it cannot be said that money was obtained from Sukra by fraudulent means of misrepresentation. Thus, even if it be assumed that Animesh Ghosh took Rs. 50 from Sukra, it cannot be said that he was guilty of fraud or misconduct. According to O.P.W. 4 Setma Toppo, Shri Animesh Ghosh took Rs. 10 from her. But it appears that Animesh Ghosh took the money for meeting the expenses required for contacting the Provident Fund Inspector. The evidence of Setma is that Animesh Ghosh filed up the form, and thereafter she waited for 4 months, and that during that period she did not receive money. But her further evidence is that Animesh Ghosh told her that the application had come back and that there was some difficulty in the matter of the Provident Fund. Of course, she says that she got money when she made the application for the second time. But her further evidence is that money was received after one year and six months subsequent to the filing of the second application. So it cannot be said that Animesh Ghosh obtained money from Setma Toppo by fraudulent means. The first applicatios was rejected. Setma Toppo had to wait for 4 months. The payment was made one year and six months after the second application was made. Thus it is apparent that the delay was due to Provident Fund Authorities. That being so, it cannot be said that Animesh Ghosh was at fault. Thus the second charge also fails.

It is an admitted fact that money was remitted by the Provident Fund Authorities, and that the money was meant for persons who had retired from service. Thus, even if it be assumed that Shri A. Ghosh is

guilty of fraud, it cannot be said that he committed fraud in connection with the employer's business. It is submitted on behalf of the Company that the Post Office was situated in the premises of the Company and, as such, it is to be taken that fraud was committed in connection with the employer's property. But the Post Office did not belong to the Company. The room in which the Post Office was situated belonged to Government. Government must have taken lease of the room from the Company. Thus it cannot be said that fraud was committed in connection with the employer's property. If Shri Animesh Ghosh took any money, he took it as his remuneration and that too with the consent of the parties. So it cannot be said that he asked for bribe or illegal gratification or that he took bribe or illegal gratification. The Company dismissed Shri Animesh Ghosh for committing misconduct under sections 13(c)(ii) and 13(c)(iv) of the Standing Orders. I find that he is not guilty of those charges. Consequently it must be held that the Company was not at all justified in dismissing Shri Animesh Ghosh from service. It may be true that Shri Animesh Ghosh is guilty of highhandedness. But it cannot be said that this amounts to misconduct in connection with the employer's business or property. So the order of dismissal should be set aside.

The Company is directed to reinstate Shri Animesh Ghosh, the opposite party, to his former post of employment and to pay him all his back wages within one month from the date of publication of this award in the "Calcutta Gazette".

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Window Glass Ltd., Bansberia, P. O. Adcco Nagar, district Hooghly, and their workmen represented by Window Glass Ltd. Workmen's Union, Kundu Bazar, Adcco Nagar, Hooghly. (Case No. 419 of 1968.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Appearances:

Present for the Company: Shri U. K. Araha, Advocate.

Present for the Union: Shri Sushovan Roy, Advocate.

By the Government of West Bengal, Labour Department, order No. 7608-I.R./IR/11L-477/68, dated the 22nd October 1968, this industrial dispute between Messrs. Window Glass Ltd., and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act, for adjudication upon the following issue:

Issue

Is the refusal of employment to the driver Sat Pal justified? What relief, if any, is he entitled to?

On receipt of notice from the Tribunal both the parties made appearance and filed their respective written statement.

According to the Union, Shri Sat Pal was a permanent workman under the Company, and that on 27th January 1968 the Company refused employment to him without showing any reason.

According to the Company, Shri Sat Pal left the employment of his own accord on 1st November 1966, and that there was no question of refusal of employment to him on 27th January 1968.

At the time of hearing Shri Sat Pal did not examine himself before me, nor did he make appearance. The lawyer representing the Union was present. He cross-examined the witness examined by the Company. The evidence of O.P. 1 Shri Kashiram Agarwala, the Works Manager of the Company, is that Sat Pal submitted resignation on 1st November 1966 and that it was accepted by the Company. This statement has not been challenged by the lawyer representing the Union. So his evidence should ordinarily be accepted. Moreover there is documentary evidence to show that as a matter of fact Sat Pal submitted resignation. Ext. A is the letter written by Sat Pal to the Works Manager on 1st November 1966. By this letter he resigned from service. His resignation was accepted It also appears that the Company made payment to

him soon after the resignation was accepted. It is therefore clear that Sat Pal left the employment of the Company of his own accord. He was not an employee of the Company on 27th January 1968. So there was no question of the Company's refusing employment to Sat Pal. It appears that the Works Manager granted a certificate to Sat Pal. Ext. G is the certificate. This certificate goes to indicate that on 13th July 1967 Sat Pal was in the service of the Company. O.P.W. 1, Shri Agarwala says that this certificate was granted to Sat Pal in order to help him in getting his address changed in the licence. This part of the evidence goes unchallenged. So the evidence of O.P.W. 1, Shri Agarwala should be accepted on this point also. In this case it has been proved beyond any shadow of doubt that Sat Pal left the employment of the Company so far back in November 1966. He was not an employee of the Company on 27th January 1968. So the question of refusal of employment by the Company to him on 27th January 1968 does not arise at all. As there was no relationship of employer and employee between the parties, it must be held that there was no industrial dispute between them.

The reference is, therefore, rejected.

This is my award.

AWARD

The Government of West Bengal, Labour Department, by order No. 7545-I.R./IR/10L-292(A)/68, dated 17th October 1966, referred to this Tribunal under section 10 of the Industrial Disputes Act, an industrial dispute existing between Messrs. K. C. Das, Contractor, Indian Iron & Steel Co. Ltd., Burnpur, district Burdwan, and their workmen represented by United Contractors' Workers' Union, Bari Smriti Bhabar, Subhaspalli, P.O. Burnpur, district Burdwan, for adjudication on the following issue:

Issue

Whether the dismissal of Shri Gulab Chand is justified? To what relief, if any, is he entitled to?

Both parties appeared before the Tribunal on receiving notice of the reference. On the day of hearing a joint petition of compromise has been filed by both sides in this Tribunal stating that the parties have amicably settled the dispute and praying for an award in terms of the agreement as laid down in that joint petition.

I have considered the joint petition of compromise. The terms appear to be lawful and I accept the same. It is said in the petition of compromise that the Company agrees to pay a lump sum of Rs. 100 only towards the claim of the workman and the Union agrees to accept this amount as full and final settlement of the case and it is also said that the payment will be made to the worker within a week from this day.

Accordingly I pass an award in terms of the joint petition of compromise. Let this joint petition be made a part of the award.

By Labour Department, order No. 6713-I.R./IR/11L-385/68, dated 7th September 1968, the Governor was pleased to refer the instant dispute between Messrs. Eastern Trading Co., 2 India Exchange Place,

Calcutta-1 and their workmen represented by Eastern Trading Company & Credit Corporation Employees' Union, 124/C Dharamatala Street, Calcutta-13, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

Whether the termination of services of Shri H. Das and Shri K. C. Ghosh is justified? To what relief, if any, are they entitled?

On receipt of the reference usual notices were served on both the parties. On 16th November 1968 the Company filed its written statement through its Advocate. On 14th December 1968 the Union filed a written statement under the signature of one Shri J. Das, Assistant Secretary of the Union. On 29th May 1969 Shri K. C. Ghosh, one of the two workmen concerned in this reference, filed a petition of compromise settling the dispute between him and the Company. Shri K. C. Ghosh examined himself on that day and in my presence Rs. 105.55 p. was paid to him by the Company in full settlement of his claim. By order No. 13, dated 29th May 1969, the petition of compromise was accepted by me as the terms thereof appeared to be fair and reasonable. Since then neither the Union nor the other workman Shri H. Das has appeared. On 9th June 1969 the case was fixed for hearing on 25th June 1969. Today neither the Union nor the other workman Shri H Das has appeared.

In these circumstances the Tribunal is entitled to infer that the dispute between Shri H. Das and the Company has also been settled. We, therefore, see that the dispute between Shri K. C. Ghosh and the Company has been compromised and there is no longer any dispute between the Company and Shri K C. Ghosh. Next we see that the Tribunal is entitled to infer that the dispute between the Company and Shri H. Das has also been compromised. So there is no dispute between the Company on the one hand and Shri H. Das and Shri K. C. Ghosh on the other. Hence, I pass this 'no dispute' award.

AWARD

The instant case was started on receipt of a complaint from the workman Shri Joseph Modak. The complaint of the workman was that the Company which was his employer discharged him from his services on 19th March 1964, on an ex parte decision taken in an ex parte enquiry held under the pretext that the Company did not receive any answer to the

charge-sheet. The workman complained that the alleged enquiry held against him was improper and the consequential discharge of the petitioner was wrongful, illegal and unjustified. He prayed for full compensation as relief for the period of forced unemployment and reinstatement.

When called upon by the Tribunal, the Company after taking some adjournments, filed its written statement and thereafter the parties were called upon to file their list of documents. After that due to one reason or other, the case remained pending for a long time. However, on 12th May 1969, the parties appeared before the Tribunal along with their advocates and filed a joint petition of compromise. The petition of compromise is signed by the aggrieved workman Shri Joseph on the one hand and by Shri A. C. Mazumdar, Works Manager of the Company, on the other.

I have perused the terms of compromise and it appears to me in the facts and circumstances stated in the written statement of the parties that the terms are fair and reasonable. The parties are satisfied with the terms of settlement embodied in the joint petition and there is no reason why this Tribunal should stand in the way of a compromise. Hence, accepting the petition of compromise I hereby pass a compromise award in terms of the petition filed before me and dispose of this case. The petition shall form an integral part of my award and be published as an annexure thereto.

Usual number of copies of this award be sent to the State Government for necessary action

AWARD

This is an application under section 33A of the Industrial Disputes Act arising out of an industrial dispute, between the Indian Iron & Steel Co. Ltd., Burnpur, P.O. Burnpur, district Burdwan, and their workmen, which was referred to Tribunal by Government of West Bengal, Labour Department, order No. 2763-I.R./IR/10L-73/63, dated 23rd June 1967, and subsequently transferred to this Ninth Industrial Tribunal by order No. 1626-I.R., dated 20th March 1968 and is pending before this Tribunal.

The applicant Shri Phani Roy pleads, inter alia, that he is a workman concerned in the dispute mentioned above. On 25th July 1968 he was served with a charge-sheet by the Company and he replied to the same. Thereafter he was suspended for two days, viz., 7th and 8th August 1968 and was also warned by the Company though no enquiry was held on the charge-sheet. It is alleged by the petitioner that the purported order of suspension and warning is illegal, arbitrary and in violation of the principles of natural justice. It is also contended by the petitioner that there being no express provision in the Standing Orders authorising the Opposite Party to suspend its workman as a measure of punishment, the action of the Opposite Party in suspending the applicant is wholly illegal and is in contravention of section 33 of the Industrial Disputes Act. Hence this application.

The Opposite Party Indian Iron & Steel Co. Ltd., is resisting the case by filing written statement. The case of the Company in brief is that the applicant Phani Roy in his reply to the charge-sheet, dated 25th July 1968, admitted his guilt to the charges mentioned in the charge-sheet and begged to be excused for his fault. In view of the clear admission of his guilt by the applicant, the Company did not consider it necessary to hold a formal enquiry into the charges made against the applicant. An informal enquiry was, however, made into the charges and the Enquiry Officer found the petitioner guilty of the charges and recommended that he may be suspended for two days with a strong warning. The management took this action against the petitioner on the recommendation of the Enquiry Officer. The Company further alleges that the petition under section 33A is wholly misconceived and it asserts that the Certified Standing Orders of the Works provide for suspension for misdemeanour.

Neither the petitioner did himself depose in this case nor did he examine any witness. No document was produced by the petitioner. The Company, on the other hand, examined two witnesses, viz., O.P.W. 1 Md. Gafur and O.P.W. 2 Shri Mohan Lal Mallick, who were cross-examined at length by the learned representative of the petitioner; and also got some documents exhibited at the time of hearing.

Ext. C is the charge-sheet issued against the petitioner on 25th July 1968 and it runs as follows :—

> "Explain why disciplinary action should not be taken against you for assaulting Md. Gafur, T. No. 6076/PE, with big screw driver and causing bleeding wound in his head while working in the Roll Turning Shop at about 1-45 p.m. on Wednesday, the 24th July 1968."

The reply to the charge-sheet as given by the petitioner Phani Roy appears in the right hand column of Ext. C and it is as follows :—

> "That on the said day when I was working in the Roll Shop Md. Gafur threw the instrument which was hit on me and I threw the same on return to the other direction for the safety but accidentally it was hit on the head of Md. Gafur and caused the little wound though it was not wilfully done for causing any harm to him. I also beg to add that there is not any bad terms between us.
>
> So please consider the case and excuse me for my fault."

O.P.W. 1 Md. Gafur says in evidence that he works as a fitter in the Telephone Exchange under Power Engineer's Department. On 24th July 1968 at 2-30 p.m. the head mistry Mohan Lal Mallick asked him (O.P.W. 1), Phani Roy and Khirode Chottoraj to take some implements from a bag and to go to work; O.P.W. 1 then threw the instrument towards Phani

and as it was somewhat blunt so there was a small cut in his finger when he was taking out that insrument; O.P.W. 1 then threw the instrument towards Phani and questioned him as to why he did not sharpen the instrument properly for which negligence on his part his finger was out; Phani then lifted the instrument and struck on the head of O.P.W. 1 with the handle of that chisel saying that he would show him how he had sharpened the instrument; and by that act of Phani Roy a deep wound was caused on the head of O.P.W. 1. This evidence of O.P.W. 1 Md. Gafur has been corroborated by O.P.W. 2 Shri Mohan Lal Mallick, the Electrician under whom both O.P.W. 1 Md. Gafur and the petitioner Phani Bhusan Roy were working as helper on that day. Ext. A is the written complaint made by Md. Gafur to the Power Engineer on 24th July 1968 and Ext. B is the report made by the Supervisor. Ext. D is the letter, dated 5th August 1968, intimating the petitioner Phani Roy that the General Manager has suspended him for two days, viz., 7th and 8th August 1968 and also warned him strongly.

Under section 33A of the Industrial Disputes Act where an employer contravenes the provisions of section 33 during the pendency of proceedings before a Tribunal, any employee agrieved by such contravention, may make a complaint in writing to such Tribunal and the Tribunal then shall adjudicate upon thte complaint as if it was a dispute referred to it. Under sub-section (1) of section 33, during the pendency of any proceeding before a Tribunal in respect of an industrial dispute, no employer shall (a) in regard to any matter connected with the dispute, alter, to the prejudice of the workmen concerned in such dispute, the conditions of service applicable to them immediately before the commencement of the proceeding; or (b) for any misconduct connected with the dispute, discharge or punish, whether by dismissal or otherwise, any workman concerned in such dispute excepting with the permission of the Tribunal. Under sub-section (2) of section 33 during the pendency of any such proceeding before a Tribunal, the employer may, in accordance with the Standing Orders applicable to a workman concerned in such dispute, (a) alter, in regard to any matter not connected with the dispute, the conditions of service applicable to that workman immediately before the commencement of such proceeding; or (b) for any misconduct not connected with the dispute, discharge or punish, whether by dismissal or otherwise. That workman, subject to proviso given in that sub section (2).

The main contention of the learned representative for the applicant is that in the Standing Orders of the Company there is no provision for suspension by way of punishment and as such this order of suspension was unlawful. The learned Advocate relied upon the decision of the Hon'ble Supreme Court of India in the case of Hotel Imperial, New Delhi Vs. Hotel Workers' Union (1959-II-L.L.J. 544) wherein it has been observed :—

> "It is now well settled that the power to suspend, in the sense of a right to forbid a servant to work, is not an implied term in an ordinary contract between master and servant, and that such a power can only be the creative either of a statute governing the contract, or of an express term in the contract itself. Ordinarily, therefore, the absence of such power either as an express term in the contract or in the rules framed under some statute would mean that the master would have no power to suspend a workman and even if he does so in the sense that he forbid the employee to work, he will have to pay wages during the so-called period of suspension. Where, however, there is power to suspend either in the contract of employment or in the statute or the rules framed thereunder, the suspension has the effect of temporarily suspending the relations of master and servant with the consequence that the servant is not bound to render service and the master is not bound to pay."

In fine the Hon'ble Court has decided that an employer can derive power to suspend an employee only (a) either by a statute governing the contract of service, or (b) by an express term in the contract of service. In the absence of such power (a) either in the express term in the contract or (b) in the rules framed under some statutes, the master would have no power to suspend a workman and if he does so he would pay wages during the so-called period of suspension.

In a subsequent decision in the case of Gajee (T.) Vs. Jormanik Siem (U.), reported in 1961-I-L.L.J. 652 (at page 661) the Hon'ble Supreme Court has held :—

> "Suspension is of two kinds. In the first place, suspension may be as a punishment; in the second place interim suspension may be made pending enquiry into a case where removal is the result sought. It was this type of interim suspension which was dealt with in the case of Hotel Imperial (1959-II-L.L.J. 544); and it was pointed out that without an express term in the contract or without some provision of a statute or the rules, there could not be interim suspension in the sense that the master could withhold the wages of the servant. But that case did not lay down that the master could not forbid the servant from working while he was inquiring into his conduct with a view to removing him from service. It was specifically said there that if the master does so, namely, forbids the servant to work and thus in fact suspends him as an interim measure, he will have to pay the wages during the period of interim suspension. These wages or payment for the work done or emolument of the office held could not be withheld in whole or in part unless there is power to make an order of interim suspension either in the contract of employment or in the statute or the rules framed hereunder. The effect of that decision is that in the absence of such power the master can pass an order of interim suspension but he will have to pay the servant according to the terms of contract between them".

In a more recent decision in the case of R. P. Kapur versus Union of India (A.I.R. 1964 S.C. 787 at page

792) the Hon'ble Supreme Court referred to the previous two cases of Hotel Imperial and T. Gajee and observed :—

"These two cases lay down that it is well settled that under the ordinary law of master and servant the power to suspend the servant without pay could not be implied as a term in an ordinary contract of service between the master and the servant but must arise either from an express term in the contract itself or a statutory provision governing such contract. It was further held that an order of interim suspension could be passed against an employee while enquiry was pending into his conduct even though there was no specific provision to that effect in his terms of appointment or in the rules. But in such a case he would be entitled to his remuneration for the period of his interim suspension if there is no statute or rule existing under which it could be withheld".

The learned Advocate for the Opposite Party-Company cited several cases decided by the Hon'ble Supreme Court in which the principle to be followed by the Tribunal and other authorities in the cases under section 33A has been laid down and these are :—Automobile Products of India Ltd. versus Rukmaji Bala (1955-I-L.L.J. 346 at page 351; Equitable Coal Ltd. versus Algu Singh (1958-I-L.L.J. 793 at page 795); Punjab National Bank Ltd. versus Their workmen (1959 II-L.L.J. 666 at page 681); Delhi Cloth and General Mills versus Additional Industrial Tribunal (1960 II-L.L.J. 712 at page 715) and Syndicate Bank Ltd. versus Ramanath V. Bhat (K.) (1967-II-L.L.J. 745 at page 749).

The trend of decision in the abovementioned cases is as follows :—

It is the contravention by the employer of the provision of section 33 that gives rise to a cause of action in favour of the workmen to approach and move the respective authority named in the section and this contravention is the condition precedent to the exercise by the authority concerned of the additional jurisdiction and powers conferred on it by the section. The authority to whom the complaint is made is to decide both the issues, namely, (1) the fact of contravention and (2) the merits of the act or order of the employer. These provisions quite clearly indicate that the jurisdiction of the authority is not only to decide whether there has been a failure on the part of the employer to obtain the permission of the authority before taking action but also to go into the merits of the complaint and grant appropriate reliefs. In other words, in an enquiry held under section 33A, two questions fall to be considered : Is the fact of contravention by the employer of the provisions of section 33 proved? If yes, is the order passed by the employer against the employee justified on the merits? If both these questions are answered in favour of the employee, the Tribunal would no doubt be entitled to pass an appropriate order in his favour. If the first point is answered in favour of the employee, but on the second point the finding is that, on the merits, the order passed by the employer against the employee is justified, then the breach of section 33 proved against the employer may ordinarily be regarded as a technical breach and it may not, unless there are compelling facts in favour of the employee, justify any substantial order of compensation in favour of the employee. There can be no doubt that in an enquiry under section 33A the employee would not succeed in obtaining an order in his favour merely by proving contravention of section 33 by the employer. After such contravention is proved it would still be open to the employer to justify the impugned dismissal on the merits. That is a part of the dispute which the Tribunal has to consider because the complaint is treated as an industrial dispute and all the relevant aspects of the said dispute fall to be considered under section 33A. The enquiry under section 33A cannot be confined only to the determination of the question as to whether the alleged contravention by the employer of the provisions of section 33 has been proved or not.

It is clear from the principle of law as shown above that this Tribunal has to enter into the merits of the instant case apart from the facts whether there has been a technical contravention of the provisions of section 33 as argued by the learned representative of the petitioner workman. It is admitted that there was no formal enquiry on the charge-sheet issued against the petitioner; and according to the Company, as the workman admitted his fault so no formal enquiry was held. It has been held by the Hon'ble Supreme Court in the case of Punjab National Bank Ltd. versus their workmen (1959-II-L.L.J. 666 at page 682) that if no enquiry has in fact been held by the employer, the issue about the merits of the impugned order of dismissal is at large before the Tribunal and, on the evidence adduced before it, the Tribunal has to decide for itself whether the misconduct alleged is proved, and if yes, what would be proper order to make in such a case. The same principle also follows from the case of Indian Iron & Steel Co. Ltd. versus their workmen, 1958-I-L.L.J. 260 S.C.

In the instant case before us the petitioner-workman has not adduced any evidence in this Tribunal though on his behalf the witnesses for the Opposite Party-Company were cross-examined at length. From the evidence given by the O.P.W. 1, Md. Gafur and O.P.W. 2, Mohan Lal Mallick in this Tribunal the charge against petitioner has been fully proved. The learned representative of the petitioner has pointed out that in the evidence it is said by the witnesses that the petitioner threw a "Betali" (Chisel) whereas in the charge-sheet Ext. C the allegation is that Md. Gafur was assaulted with a big "screw driver". But this makes little difference. The fact that Gafur was struck on the head with an instrument by the petitioner has been established and it also appears that a bleeding injury was caused by this assault. This act of severe assault to a co-worker in course of duty within the factory, on the part of the petitioner, was no doubt a major misdemeanour, and the management took a rather lenient view by inflicting a punishment of simple suspension for two

days only with warning. Thus from the merits of the case as appears from the evidence I find that the management was justified in the action taken against the petitioner.

I shall now come to the second point viz., whether there has been any technical contravention of the provisions of section 33 by the management in the instant case. I have already observed that the learned Advocate for the petitioner depended on the case of Hotel Imperial in this connection. He argues that "Suspension by way of punishment" has not been expressly provided in the Standing Orders Ext. E. It must be noted, however, that in the case of Hotel Imperial and in the subsequent cases of Cajee (T.) versus Hormanik Siem (U.) and the case of R. P. Kapur versus Union of India referred to above, it has been held that the employer can have right to suspend an employee only if (a) such power appears as an express term in the "contract of service" or (b) if such power appears in a statute governing the contract of service. It must be noted that word "Express" has been used with reference to contract of service only and not with reference to the statute governing the contract. In other words, if there be any contract of service, in that case the power to suspend must appear as an express term in that contract for the purpose of authorising the employer to invoke such a measure of punishment against the employee. But if there be no contract of service and the terms of service are governed by statute, in that case the power of suspension may not be expressly stated there and it would be sufficient if it appears by implication in that statute.

In the instant case before us the terms of condition of service of the petitioner are governed by the Certified Standing Orders of the Company viz., Ext. E. Clause 23 of the Standing Orders contemplates the case of suspension pending the decision on any charge-sheet. and we are not concerned with this clause in the present case. In the instant case clause 22 is applicable and it lays down :—

> "The following acts or omissions shall be treated as misdemeanour for which a worker is liable to disciplinary action. If a man is suspended for misdemeanour, the worker shall be deemed to be absent from duty for the period of suspension and shall not be entitled to any remuneration for such period."

It may be noted that what types of disciplinary action can be taken against a worker have not been enumerated in this clause or in other clauses of these Standing Orders. The learned Advocate for the Opposite Party-Company has argued that under the General Clauses Act "Disciplinary action" includes "Suspension", like "dismissal", "Fine", etc. On a plain reading of this clause 22 it is clear that the word "If a man is suspended for misdemeanour" just coming after the words "Following acts shall be treated as misdemeanour for which a worker is liable to disciplinary action", clearly indicate that "Suspension" is one of the modes of "Disciplinary action" which the management can bring against a worker for misdemeanour. Though it has not been expressly stated in any place of the Standing Orders that "Suspension" will be one of the types of disciplinary action, it is clear that this type of punishment has been provided in the Standing Orders by implication when the words "If a man is suspended for misdemeanour" have been used. It may be noted that the provisions for other penal measures also like "Fine", "Dismissal , "Demotion", etc., do not expressly appear in any place of the Standing Orders.

It has been held by the Hon'ble Supreme Court in J. K. Cotton Spinning and Weaving Mills Co. Ltd. versus State of Uttar Pradesh (1961-I-L.L.J. 540 at page 544) that we have to apply the rule of harmonious construction ; and in applying the rule, however, we have to remember that to harmonise is not to destroy ; and that in the interpretation of statutes the Court always presume that the legislature inserted every part thereof for a purpose and the legislative intention is that every part of the statute should have effect ; and that these presumption will have to be made in the case of rule-making authority also. Also the Madras High Court has held in the case of Subbaler (K.R.) versus Regional Provident Fund Commissioner (1963-I-L.L.J. 23) that there is no duty laid on the Court to yield to absurd construction of statutes.

It is clear from the above decisions that this Tribunal has to make a harmonious construction not only in respect of a statute made by legislature but also in the case of a rule framed by any authority. I have already pointed out that on a proper construction of clause 22 of the Standing Orders of the Indian Iron & Steel Co. Ltd., Burnpur, as now existing (Ext. E) "Suspension" appears to be a mode of disciplinary action for an act of misdemeanour committed by an employee. Hence the management did not contravene any condition of service and there was no technical contravention of section 33 by the management by suspending the petitioner for an act of misdemeanour by way of disciplinary action. I have also shown that the punishment was rather too lenient in consideration of the gravity of the offence committed by the petitioner.

Considering all those facts and circumstances and the evidence in the record and also upon the principles of law discussed above I find that there is no ground to interfere with the action taken by the Opposite Party-Company against the petitioner.

The petitioner Phani Roy is, therefore, entitled to no relief. This is my award.

By Labour Department, order No. 6172-I.R./IR/11L-319/68, dated 21st August 1968, the Governor was pleased to refer the instant dispute between Messrs. J. N. Singh & Company (P) Ltd., 149 Mahatma Gandhi Road, Calcutta-7, and their workman, Shri Shanti Narain Gupta, 4 Rowland Road, Calcutta-20, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

Issue

Whether the termination of service of Shri Shanti Narain Gupta is justified? To what relief, if any, is he entitled?

The facts of this case are simple and practically all of them are admitted. The workman concerned Shri Shanti Narain Gupta served efficiently under the Company, Messrs. J. N. Singh & Company (P) Ltd., for about 23 years. On 19th April 1967 Shri Gupta wrote a letter to the Board of Directors of the Company at Delhi through the Manager of the Calcutta Office stating that he would be completing 70 years in October 1967 and as such his energies, sight, memory, etc., were all becoming weaker day by day and he was feeling difficulty in carrying on his duties in the office. So he requested the Company to retire him by the end of 1967 with suitable arrangements for his future maintenance. The letter was duly sent by the then Manager of the Calcutta Office to the Central Office at Delhi with his recommendation for payment of a lump sum amount or a reasonable monthly allowance in the shape of pension to ShriGupta. As the said letter was not acknowledged by the Delhi Office, the then Manager of the Calcutta Office sent a reminder on 21st July 1967 adding that Shri Gupta was not keeping good health and he used to get very tired after 4/5 hours' work in the office. On 8th August 1969 the Delhi Office sent a draft letter which was to be signed by Shri Gupta in order to enable him to retire from service and the Board of Directors also agreed to pay Rs. 1,800 to Shri Gupta as a lump sum retirement benefit. By letter, dated 16th August 1967, the Calcutta Manager informed the Delhi Office that Shri Gupta refused to accept Rs. 1,800 as lump sum retirement benefit and claimed one month's pay for every completed year of service and also wages for 17½ months for non-payment of Provident Fund for 17½ years. On 4th September 1967 Shri Gupta offered to retire if he was paid 40 months' salary the amount of gratuity for 23 years' service in the Company and compensation for non-payment of Provident Fund for 17½ years. Alternatively, he agreed to accept a life pension of 50 per cent. of his monthly salary. On 3rd October 1967 the Delhi Office sent a letter to Shri Gupta transferring him to Delhi. Shri Gupta sent that letter to the Manager of the Calcutta Office for decision. The Manager of the Calcutta Office informed the Delhi Office that Shri Gupta was unable to join Delhi Office and strongly suggested that Shri Gupta should be paid a monthly pension of Rs. 125. The Delhi Office took exception to this conduct of Shri Gupta and instructed the Calcutta Office to advise Shri Gupta to come to Delhi immediately. On 16th October 1967 Shri Gupta wrote a letter to the Delhi Office for withdrawal of his order of transfer to Delhi and he requested that the Directors should arrange for his retirement on a suitable pension or gratuity at an early date. On 19th October 1967 the Delhi Office sent a letter to Shri Gupta stating that as Shri Gupta wished to retire from service being a sick man, a heart trouble patient and consequently physically unfit to carry on the office duties. They issued instructions to their Calcutta Office to accept Shri Gupta's one month's notice for retirement and to pay him one month's salary in lieu thereof. The said letter also stated that the question of pension or gratuity did not arise at all. On 26th October 1967 the Delhi Office of the Company sent a letter to the Calcutta Office intimating the latter that the Delhi Office had received a letter from Shri Gupta intimating his inability to move to Delhi from Calcutta. The Delhi Office advised the Calcutta Office to terminate the services of Shri Gupta from the month of November 1967. On 9th November 1967 Shri Gupta sent a letter to the Board of Directors at Delhi through the Manager of the Calcutta Office admitting that due to old age he was unable to discharge his duties efficiently and as such by his letter, dated 19th April 1967, requested the Board of Directors to arrange for his retirement from service. He also stated in the letter that in the letter, dated 19th April 1967, he also prayed for grant of a reasonable amount to him to enable him to pass the remaining days, of his life peacefully. It was added

that the Company agreed to pay him Rs. 1,800 as retrenchment benefit. But he stated that according to him Rs. 5,000 would be the reasonable amount of his retirement benefit and he requested the Board of Directors to grant him the said amount. On 19th November 1967 Shri Gupta was served with a letter terminating his services with effect from 1st December 1967. Shri Gupta accordingly made over charge on 7th December 1967 and was paid the wages for December 1967. According to Shri Gupta, his services were illegally terminated and as such he is entitled to reinstatement with back wages.

The Company opposes this reference and in doing so it states that Shri Gupta retired voluntarily and as such he was not entitled to wages for one month. It is also contended that as Shri Gupta voluntarily retired, he is not entitled to reinstatement or any back wages. Lastly, the case of the Company is that Shri Gupta retired with effect from 1st December 1967 but he attended office from 1st December 1967 to 7th December 1967 as was his practice, for gossiping with his ex collegues.

On the above facts the following points arise for consideration :— (1) Did Shri Gupta voluntarily retire from service or his services were terminated by the Company, (2) If it is a case of voluntary retirement is Shri Gupta entitled to any retirement benefits, (3) If it is a case of termination of service otherwise than by voluntary retirement, is it legal? If not, is Shri Gupta entitled to reinstatement with back wages?

Decision

Point No. 1. The relevant facts have all been stated previously. It will appear that on 19th April 1967 Shri Gupta volunteered to retire on the ground that he would be completing 70 years in October 1967 and that due to old age his energies, sight, memory, etc., were becoming weaker day by day and he was feeling difficulty in carrying on his duties in the office. This offer of retirement was made on the condition that the Company would make suitable arrangements for his future maintenance. His claim for future maintenance was strongly recommended by the Manager of the Calcutta Branch and the Delhi Branch offered to pay him Rs. 1,800 as retrenchment benefits. But this offer was unacceptable to Shri Gupta who at first claimed his the then wages for 40 months as his minimum retirement benefit though subsequently he cut down his claim to Rs. 5,000 in all. But this claim was not acceptable to the Board of Directors of the Company who transferred Shri Gupta to Delhi Office. Shri Gupta indicated his physical inability to move from Calcutta to Delhi and he prayed that the order of transfer might be withdrawn and he might be paid retirement benefits. The Company intimated that the question of payment of pension or gratuity to Shri Gupta did not arise presumably in the absence of any rules of the Company for such benefits and stated that as Shri Gupta wanted to retire due to his ill health and physical inability to carry on the office duty his services would be terminated. Thereafter Shri Gupta requested the Company to reconsider the matter and to withdraw the order transferring him to Delhi and also to pay him Rs. 5,000 in full satisfaction of his claim for retirement benefits. But ultimately on 29th November 1967 the services of Shri Gupta were terminated. In deference to his wish to retire on the ground of lack of physical capacity to carry on office duties.

As already pointed out according to Shri Gupta, his services were terminated otherwise than by way of voluntary retirement but according to the Company Shri Gupta voluntarily retired. It will appear from the letters exchanged between the parties which have been exhibited in this case that Shri Gupta volunteered to retire in October 1967. His offer was conditional on payment to him by the Company of some retirement benefits. The Company agreed to pay him Rs. 1,800 as retirement benefits but Shri Gupta refused to accept this offer on the ground that it was too low. Then Shri Gupta was transferred from Calcutta to Delhi. Shri Gupta made a representation to the Delhi Office for withdrawal of his transfer order and cut down his claim to retirement benefit to Rs. 5,000. But the Company refused to accept to Shri Gupta's demand and informed him that in deference to his wish to retire his services would be terminated. Thereafter the services of Shri Gupta were terminated with effect from 1st December 1967. This appears to be a case for voluntary retirement and not a case of discharge, dismissal or retrenchment.

The learned lawyer representating Shri Gupta argues that his client undoubtedly made an offer to retire due to old age and consequent physical incapacities. But this offer was made on condition that the Company would make provision for his pension or gratuity. This offer could have been either accepted or rejected as a whole by the Company. The Company had no liberty to accept a part of the offer and reject the rest. In other words, the learned lawyer for Shri Gupta argues that the Company, when accepting the offer of Shri Gupta to retire should have granted retirement benefit to him. It was not open to the Company to accept the offer of retirement but reject the claim for retirement benefits. In support of this contention the learned lawyer for Shri Gupta refers to the decision reported in 1960 (1) LLJ 501. In the reported case the workman who was the head clerk of the Company, after 35 years of service, offered to retire provided he was granted certain retirement benefits, such as pension and gratuity. As the employer was not willing to grant any pension he communicated his willingness to continue in service. Thereupon the employer informed him that gratuity of a particular sum was sanctioned in his case and that he would cease to be in service with effect from a particular date Inspite of the protest made by the concerned workman he was asked to hand over the charge which he did under protest. It was held that in the circumstances of the case the workman cannot be said to have retired volunarily. It was a case of termination of service and the termination must be held improper and unjustified. The learned lawyer for the Company argues that the facts of the instant are not identical with those of the reported case. In the reported case the workman offered to retire on payment of pension and gratuity. The Company sanctioned him gratuity but refused to pay him pension. Then the workman wanted to continue in service but his services were terminated. In the instant case Shri Gupta offered to retire after 23 years of service on the ground of ill health and want of capacity to work for his old age. He claimed retirement benefits but did not specify the kind of benefit he wanted. The Company offered him Rs. 1,800 as retirement benefits. This offer appeared to be too low and he refused to accept it. But he never withdrew the offer to retire but requested the Company to increase the amount of retirement benefit. Then the Company transferred him from Calcutta to Delhi. Shri Gupta

made a representation against this transfer. Thereafter he cut down his claim for 40 months' wages as retirement benefit to Rs. 5,000. But the Company refused to accept his claim and intimated him that no question of payment of retirement benefit to him did arise in the absence of rule to that effect of the Company and intimated him that his services would be terminated. Shri Gupta again appealed to the Company to consider his claim for retirement benefits but never withdrew his offer to retire. In the reported case on the Company refusing to pay pension to the workman the attitude of the latter stiffened and he wanted to continue in service. In the instant case on the refusal of the Company to pay him retirement benefits Shri Gupta did not withdraw his offer to retire but only prayed that the Company might sympathetically consider his claim for retirement benefits. I, therefore, agree with the learned lawyer for the Company that the facts of the instant case are not identical with those of the reported case. In my opinion Shri Gupta ultimately made an absolute offer to retire and only prayed for grant of certain retirement benefits by the Company as a measure of kindness in consideration of his satisfactory service to the Company for 23 years. Undoubtedly the offer to retire was originally conditional on payment of retirement benefit to Shri Gupta. But ultimately Shri Gupta did not press his claim for retirement benefit and offered to retire unconditionally with a prayer for grant of retirement benefits to him. So, though at first he took up a stiff attitude he mellowed down ultimately and withdrew the condition but offered to retire. The instant case is, therefore, a case of voluntary retirement and the case reported in 1960 (1) LLJ. 501 does not apply to this case.

Point No. 2. Admittedly there is no rule of the Company for payment of retirement benefits to employees on their retirement. The learned lawyer for Shri Gupta admits that according to the rules of the Company, his client is not entitled to any retirement benefits if it is really a case of voluntary retirement. But the learned lawyer for the Company states that the Company offered to pay Rs. 1,800 to Shri Gupta as retirement benefit. Though Shri Gupta has rushed to the Tribunal the Company will not withdraw this offer and will also sympathetically consider his case for increment of the amount if Shri Gupta approaches the Company.

Point No. 3. We have already seen that Shri Gupta voluntarily retired. So it is not a case of termination of service of Shri Gupta by discharge, dismissal or retrenchment and as such he is not entitled to wages for one month or for any period. The Company, however, offered to pay him one month's wages and as a matter of fact paid to Shri Gupta the wages for December 1967. Shri Gupta says that though the Company proposed to pay him one month's wages really it paid him wages from 8th to 31st of December 1967. He says that though by the letter, dated 29th November 1967 his services were terminated with effect from 1st December 1967 he actually made over charge on 7th December 1967 and that he worked between 1st December 1967 and 7th December 1967 on the request of the Manager of the Calcutta Branch of the Company. So he claims that he must be paid wages up to 7th of January 1968. We have already seen that according to the statute or the rules of the Company as Shri Gupta voluntarily retired he was not entitled to wages for any period. So, as a matter of fact, Shri Gupta cannot claim wages up to 7th of January 1968 even if he worked up to 7th December 1967. The Company however says that Shri Gupta worked up to last day of November 1967 and he attended office between 1st December 1967 and 7th December 1967 as a matter of practice in order to gossip with his ex-collegues. P.W. 1 who is the Manager of the Calcutta Branch of the Company supports this story of the Company, but the written statement of the Company will show that this story is not true. In paragraph 8 of the written statement it was stated by the Company that Shri Gupta made over charge on 7th December 1967. There was no allegation that between 1st December 1967 and 7th December 1967 Shri Gupta attended office only as a matter of practice and for having the pleasure of gossiping with his ex-collegues. I, therefore hold that Shri Gupta worked up to 7th December 1967 but that will not make any difference because the Company is not liable to pay any wages to Shri Gupta after his retirement. Shri Gupta was entitled to wages up to 7th December 1967 and as a matter of fact he was paid wages for the whole of December 1967. I, therefore hold that the termination of service of Shri S. N. Gupta by the Company Messrs. J. N. Singh & Co. (P) Ltd., by way of voluntarily retirement of Shri Gupta is justified. Shri Gupta is, therefore, not entitled any relief.

Ltd., 6 Old Court House Street, Calcutta-1 and their workmen represented by Carews Employees' Union, 23 Netaji Subhas Road, Calcutta-1, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication in respect of the following issue:

Issue

Whether the discrimination in service conditions of the new entrants with service for two years or less (viz., the cases of Md. Hashim and Shri Bhubaneswar Mondal) in respect of benefits of leave is justified? What relief, if any, are the concerned workmen entitled to?

Usual notices were served on the Company as well as the Union from this Tribunal, after receipt of the order of reference.

The Union appeared and filed its written statement on 14th August 1968. The Company also appeared and filed their written statement on 24th October 1968.

When the case was taken up for hearing today (3rd July 1969) both parties filed a joint petition, along with a Memorandum of Settlement contending that the parties had come to an amicable settlement of the dispute out of this Tribunal and praying for passing an award in terms of the Memorandum of Settlement.

I have heard the learned representatives of both the sides and have perused the terms of settlement arrived at between the parties, which appear to be fair, reasonable and lawful, and I accept the same.

Accordingly, I pass a compromise award in this case in terms of the settlement, which Memorandum of Settlement and also the joint petition filed by the parties today, do form part of this award

This is my award.

Asansol Subdivisional Bus Workers' Association, G. T. Road, P.O. Asansol, district Burdwan, against his employer Shri Manindra Nath Mondal, Hospital Road, P. O. Asansol, district Burdwan, in connection with the original order of reference No. 6565-I.R./IR/41-43/68 dated 3rd September 1968. (Case No. 2-33A/69.)

Appearances:

For the Workman: Shri Sukumar Bondopadhyaya, General Secretary, Asansol Subdivisional Bus Workers' Association.

For the Company: None.

AWARD

This applicaton under section 33A of the Industrial Disputes Act, arising out of a reference under section 10 of the Industrial Disputes Act of an industrial dispute by the Government of West Bengal, Labour Department, order No. 6565-I.R./IR/41-43/68, dated 3rd September 1968, was filed on 30th May 1969.

The applicant Shri Baijuram Kurmi, a workman employed under the Opposite Party Manindra Nath Mondal, has filed this case under section 33A stating

that he was employed as a conductor in the Motor Transport Business of the Opposite Party, but he was dismissed illegally without any fault on his part. The applicant prayed for an award directing his reinstatement.

Notice of the case was sent to the Opposite Party-Employer directing him to appear on 7th July 1969. This notice was duly served, but the employer did not turn up. A petition, dated 1st July 1969, has been filed on 7th July 1969 in this Tribunal by the Asansol Subdivisional Bus Workers' Association, representing the applicant, stating that the present dispute has been settled amicably through a tripartite meeting held in the office of the Assistant Labour Commissioner, Asansol, on 30th June 1969. It is also said in this application that it may be noted that there is no dispute at present in connection with Baijuram Kurmi and necessary steps may be taken accordingly. This petition of Asansol Subdivisional Bus Workers' Association, purporting to be signed by the General Secretary of the Association, also purports to bear the left thumb impression by the concerned workman Baijuram Kurmi. I may also point out that in the original application under section 33A filed by Baijuram Kurmi the name of this Union has been mentioned as his representative, though the workman alone has put his L.T.I. in the original application.

As the dispute has been settled amicably I do not like to make any order in this application under section 33A. This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 4399-I.R./IR/10L-104/67, dated the 6th September 1967, an industrial dispute existing between Messrs. Supercrafts Private Ltd., 163 Kasba Road, Calcutta-42, and their workmen represented by Supercrafts Employees' Union, 143 B B. Chatterjee Road, Calcutta-42, was deferred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal, for adjudication in respect of the following issue:

Issue

Whether retrenchment of Shri Asutosh Roy and Shri Dasarath Banerjee is justified? What relief, if any, are they entitled to?

Usual notices were served on the Union as well as the Company from this Tribunal, after receipt of the order of reference.

The Union appeared and filed its written statement on 6th November 1967. The Company also appeared and filed their written statement on 11th March 1968.

Then the case was fixed on 18th September 1968 for hearing. Then on petitions for adjournment, filed either on behalf of the Company or on behalf of the Union, the case was fixed on 21st May 1969 for hearing. That day on 21st May 1969, a petition was filed on behalf of the Union by Shri S. N. Banerji, Advocate, for adjournment. The Union's prayer was allowed, and the case was fixed on 27th June 1969 for hearing. The Company was present on 27th June 1969, and none appeared on this day on behalf of the Union. No steps were also taken on behalf of the Union in the matter of proceeding with the instant case. I adjourned the case till 4th July 1968 suo moto. That day on 4th July 1968 also, Company was present through their Advocate Shri S. Sen. None on behalf of the Union also appeared on that date and took any steps.

It also appears from the record that no list of documents was also filed on behalf of the Union. Thus, from the records, I am convinced that the Union is not at all interested in the matter of proceeding with the instant case. Accordingly, I hold that

no dispute exists between the Company and the Union, and as such I hold that a "no dispute" award should be passed in this case.

Accordingly, I pass a "no dispute" award in this case.

This is my award.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Engineering & Agencies, 100 G. T. Road (North), Salkia, Howrah and their workman Shri Bijoy Kumar Banerjee, 139 Netaji Subhas Road, Uttarpara, district Hooghly, to this Court by its order No. 5757-I.R./IR/10L-371/67, dated 7th November 1967, under section 10 read with section 2A, Industrial Disputes Act, on the following issue:

Issue

Whether the termination of service of Shri Bijoy Kumar Banerjee by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

Usual notices were served upon the parties directing them to appear on 5th February 1968 and the petitioner-workman to file his written statement on that date. Both parties appeared on that date and the petitioner-workman filed a petition for time for filing written statement which was allowed by my order No. 2, dated 5th February 1968, fixing 28th February 1968 for filinfi written statement. The O.P.-Company filed an authority authorising Shri S. B. Chakravarty and Shri S. Mazumdar, Industrial Relation Officer of the Company to represent its case.

The petitioner-workman did not file any written statement on 28th February 1968 and by my order No 3, dated 28th February 1968, the record was put up on 28th March 1968, for filing written statement by the petitioner-workman. The petitioner-workman filed his written statement on 28th March 1968 and by my order No. 4, dated 28th March 1968, the O.P.-Company was directed to file its written statement by 29th April 1968. The O.P.-Company took time to file written statement on several occasions and ultimately filed its written statement on 1st July 1968. By my order No. 11, dated 22nd November 1968, the case was fixed on 21st January 1969, for hearing. The O.P.-Company prayed for adjournment on that date, which was allowed by my order No. 12, dated 21st January 1969, fixing 7th March 1969, for hearing. The O. P.-Company was present on that date, but the case could not be taken up as the petitioner-workman was absent and by my order No. 13, dated 7th March 1969, the case was put up for hearing on 28th March 1969. The case could not be taken up on that date, as I was holding Court at Digha and by my order No. 14, dated 28th March 1969/31st March 1969, the case was put up on 17th May 1969, for hearing. The petitioner-workman was absent on that date as well on the subsequent date fixed for hearing on 14th June 1969, but the O.P.-Company was present on both the dates. By by order No. 16, dated 14th June 1969, the case was fixed for hearing on this date, for hearing. Both the parties are absent on this date.

It appears from the record that the petitioner-workman never appeared in this case on any of the dates fixed for hearing, though the case has been fixed for hearing on 6 different dates including this date. The O.P.-Company was all along present and took adjournment only once on 21st January 1969, but even the O.P.-Company is not present today. It seems that the petitioner-workman is not willing

to pursue the present industrial dispute as the dispute has been settled out of Court amicably between the parties and the O.-P.-Company also is absent on this date on such ground. Under the circumstances, I am inclined to pass a "No-dispute" award as such. A "No-dispute" award be passed accordingly.

This is my award.

MEMORANDUM OF SETTLEMENT

Name of the parties:

Messrs. Shree Gouri Shankar Jute Mills (Private) Ltd., 24-Parganas, versus Their workmen represented by Bengal Chatkal Mazdoor Union (Gouri Shankar Jute Mill Branch), Ghoshpara Road, P.O. Garulia, 24-Parganas.

Representative of the Company :

Shri B. P. Arora, Manager to the Mills, and Shri G. C. Mathur, Labour Officer.

Representative of the Union :

Shri Jamini Saha, M.L.A., Secretary.
Shri G. Yadav, Vice-President.
Shri M. Biswas, Committee Member.

Short recital of case:

Industrial disputes were raised by the Union in connection with dismissal of 15 workmen and Sunday work in the mills and Company. The cases were taken up for conciliation and several conferences were held both at bipartite and tripartite leval. Ultimately in a joint conference, dated 25th April 1969, the cases are settled under the following terms :

1. (a) It is agreed by both the parties that Sunday work in conformity with the provisions of the Factories Act, which is already in force, in the Preparatory Departments in this mill will be extended to Broad Loom Division with effect from Sunday, the 4th May 1969. This may also be extended to such other department or departments as may be considered necessary by the management with effect from any future date.

(b) Both parties agree that those workers who would be required to work on Sundays irrespective of the departments they are employed, will be paid ex gratia allowance as remuneration equivalent to 4 hours wages including D.A. of respective categories of workmen for working 8 hours on Sunday in addition to normal wages for such Sunday work. It is furthermore agreed that this ex gratia allowance will not be merged into basic wages, though for all such purposes, e.g., P.F., E.S.I this will be considered as part of Basic Wages.

(c) Both parties agree that Sunday work in all the departments or any of the department will continue to be worked as long as it is required by the management and the ex gratia allowance paid for Sunday work will continue to be paid as long as workers are required to work on Sundays.

2. It is felt by both the parties that to ensure work on Sunday in all 3 shifts in the departments mentioned below the hours of work, as at present followed in the said departments, require a change. Accordingly both the parties agree that with effect from Sunday, the 4th May 1969, the following hours of work will be effective in the undernoted departments :

(A) 1. Batching and Preparing.

2. Spinning and Winding.

3. Broad Loom Section (B.L. Weaving, Beaming, B.L. Inspection and B.L. Rolling).

4. Any other department which is considered necessary by the management.

The revised hours of work in the departments mentioned in 2(a) will be as under :

A Shrift : 6 a.m. to 11 am. and 2 p.m. to 5 p.m.

B Shift : 11 a.m. to 2 p.m. and 5 p.m. to 10 p.m.

C Shift : 10 p.m. to 6 a.m. with 1/2 hours rest pause in between.

(B) With the introduction of the above hours of work, as the "C" Shift workers would work only for 45 hours per week the management agrees to pay them 48 hours wages for 45 hours work during the week. Existing one hour ex gratia payment now being made to "C" shift workers will be discontinued with effect from the said date of such introduction. It is further agreed that in case the Sunday work is discontinued in future, the working hours as in vogue before this agreement will be followed again.

3. (a) The Union having fully assured that they will not interfere in Mill Administration and act in any way which may jeopardize the discipline of the mill, the management as a special case without creating any precedent for future, agree to reinstate the following persons (who were dismissed from the Company's services on different dates which are shown against each name) with effect from 30th April 1969. Two weeks' time will be granted to these workmen for reporting to work.

STATEMENT OF OBJECTS AND REASONS.

HARE KRISHNA KONAR,
Member-in-charge.

CALCUTTA,
The 6th August, 1969.

FINANCIAL MEMORANDUM.

Clause 5 of the Bill provides for exemption of a *raiyat* from paying revenue where the total area of the holding or holdings belonging to all the members of a family does not exceed 1.2141 hectares and for re-assessment of revenue in the other cases.

2. The amount of loss that the State Government will incur as a result of exemption from revenue of small holdings may be of the order of Rs.2.5 crores. But it is expected that the loss would be made up, at least partially, by re-assessment of revenue on a progressive scale where the total area belonging to all the members of a family exceeds 2.8328 hectares and thereby increasing the revenue by 1.25 times to 4 times the present revenue subject to a maximum rate of Rs.20.00 for every .4047 hectare and by fixation of the minimum rate of revenue at Rs.4.00 for every .4047 hectare.

STATEMENT OF OBJECTS AND REASONS.

The fast growing volume of traffic between Calcutta and Howrah has rendered it urgently necessary to provide additional bridge or bridges across the river Hooghly with a view to relieving severe congestion of such traffic over the existing Howrah Bridge (Rabindra Setu) and tackling the future growth of traffic in this area.

Accordingly, the Hooghly River Bridges Act, 1968, was enacted as President's Act in order to provide for the construction, maintenance and control of additional bridge or bridges across the river Hooghly falling within the limits of the Port of Calcutta.

The purpose of the present Bill is to re-enact, with certain modifications, the aforesaid President's Act for carrying out the above purposes. The Bill also provides for financing a bridge constructed under its provisions by levy of tolls on vehicular and animal traffic. The principal modification made in the Bill is that the State Government has been empowered to set up a new body of Bridge Commissioners instead of appointing members of any local or statutory authority as the Commissioners. It also seeks to give the State Government more effective control on the construction and maintenance of such bridge or bridges and the approaches thereof.

FINANCIAL MEMORANDUM.

It is intended that such a bridge will be wholly toll-financed and the construction and operating costs together with the establishment charges of the staff necessary therefor and also for toll collection and supervision shall be met from the toll-proceeds. Necessary reserve and other funds shall also be created out of the toll-proceeds.

CHAPTER IIIB.

Unfair practices by Trade Unions and employers.

Unfair practices by recognised Trade Unions.

28H. The following shall be deemed to be unfair practices on the part of a recognised Trade Union, namely:—

(*a*) publication by a Trade Union of any statement of facts which is false and which the Trade Union either believes to be false, or does not believe to be true, in relation to any other Trade Union contesting the election in connection with the selection of a representative Trade Union, with the calculated object to prejudice the prospects of the other Trade Union's election;

(*b*) submission by a Trade Union of any return required by or under this Act containing false statements.

The Trade Unions (West Bengal Amendment) Bill, 1969.

(Clauses 7, 8.)

Unfair practices by employers.

28I. The following shall be deemed to be unfair practices on the part of an employer, namely:—

(*a*) to interfere with, restrain or coerce his workmen in the exercise of their rights to organise, form, join or assist a Trade Union and to engage in concerted activities for the purpose of mutual aid and protection;

(*b*) to interfere with the formation, or administration of any Trade Union or to contribute financial support to it;

(*c*) to discharge, or otherwise discriminate against, any officer of a Trade Union because of his being such officer;

(*d*) to discharge or otherwise discriminate against any workman because he has made allegation or given evidence in an enquiry or proceeding relating to any matter referred to in sub-section (*1*) of section 28E.".

Amendment of section 31.

7. In section 31 of the said Act,—

(*a*) in sub-section (*1*), for the word "statement", the words "statement, return" shall be substituted;

(*b*) in sub-section (*2*), after the words "that section", the words, figures and letter "or in or from any return referred to in section 28F" shall be inserted.

Insertion of new sections 32A and 32B.

8. After section 32 of the said Act, the following sections shall be inserted, namely:—

"Penalty for failure or refusal to grant recognition.

32A. If any employer fails or refuses to grant recognition to a Trade Union as required under section 28D, he shall, on conviction, be punishable with fine which may extend to one thousand rupees or with imprisonment which may extend to six months or with both.

Penalty for unfair practices.

32B. (*1*) Any employer who commits any unfair practice specified in section 28I shall be punishable, on conviction, with a fine which may extend to one thousand rupees or with imprisonment which may extend to six months.

(*2*) Where the offence committed under this section or under section 32A involves a company, or other body corporate, or an association of persons (whether incorporated or not), every director, manager, secretary, agent or other officer or persons concerned with the management thereof shall, unless he proves that the offence was committed without his knowledge or consent, be deemed to be guilty of such offence.".

STATEMENT OF OBJECTS AND REASONS.

There is no definition of "industry" in the Trade Unions Act, 1926. This has led to some difficulties in getting the Trade Unions of employees of some establishments registered under that Act. Differences of opinion often cropped up as to whether a particular establishment is to be regarded as an industry. It is necessary to define the word so that the ambit of the Trade Unions Act, 1926, is clear to all concerned.

2. There is no provision in the Trade Unions Act, 1926, for cancellation of the registration of any Trade Union if it flouts its own rules made under the authority of the Act. Such a provision is necessary to ensure observance of their own rules by the Trade Unions.

3. There is at present no statutory provision governing the question of recognition of a Trade Union by the management as a representative bargaining agent on behalf of the workmen employed in any industrial establishment or a class of industry in a specified local area. Recognition at present is in the discretion of the employers. Taking advantage of this position, the employers sometimes recognise a minority union sponsored by them and come to agreements with them against the interests of the majority of the workmen. This course of action very often disturbs industrial peace. In the interest of industrial peace and for minimising the chances of inter-union rivalry, it is desirable to provide for a system of compulsory unit-cum-industry-wise recognition of only that union which commands the support of the largest number of the workmen concerned. The issue as to which union commands the largest support may be decided through election by secret ballot to be conducted by the Registrar of Trade Unions. It is also necessary to debar certain unfair practices both on the part of the Trade Unions as well as the employers.

4. The object of the Bill is to amend the Trade Unions Act, 1926, in its application to West Bengal, with a view to removing the aforesaid deficiencies and providing for compulsory recognition of the representative Trade Unions in industries.

AWARD

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 6135-I.R./IR/10L-458(E)/67, dated 24th November 1967, for adjudication of an industrial dispute relating to the undermentioned issues existing between Indian Iron & Steel Co. Ltd., Burnpur Works, P.O. Burnpur, district Burdwan and their workmen represented by Asansol-Burnpur-Kulti Metal & Engineering Workers' Union, Puranhat, P. O. Burnpur, district Burdwan. Originarily the dispute was referred to the Fifth Industrial Tribunal, and subsequently by order No. 1323-I.R., dated 4th March 1968, the proceedings of the case were transferred to this Ninth Industrial Tribunal.

Issues

1. Whether supersession of Shri Sitaram Mistry, 1st Class Fitter (T. No. 5768) by Shri A. K. Chatterjee (T. No. 5639) is justified ? To what relief, if any, is he entitled ?

2. Whether supersession of Shri Sisir Kumar Pal (T. No. 5851) by Shri P. K. Bajpai is justified ? To what relief, if any, is he entitled ?

Both parties appeared before the Tribunal and filed their respective written statements. On behalf of the Union P.W. 1 Shri Bamapada Mukherjee, General Secretary of the Union and P.W. 2 Shri Sisir Kumar Pal, a concerned workman gave evidence. The Company, on the other hand, examined O.P.W. 1 Shri D. C. Dore, Electrical Engineer in the Iron Section of Burnpur Works, who is also the departmental manager and O.P.W. 2 Shri N. C. Basu, the Personnel Officer of the Company in Burnpur Works. A large number of documents were marked as exhibit on either side.

At the time of argument the learned representative of the Union submits that the Union will not press the issue in respect of Sitaram Mistry. Hence it is not necessary to go into the case of the Union so far as Sitaram Mistry is concerned.

As regards Sisir Kumar Pal, the case of the Union as made out in the first written statement filed on 6th February 1968, in brief, is that he was a Khalasi and got licence as Electrician (viz. Electrical Workman's Permit granted by Government of West Bengal) before Shri P. K. Bajpai could secure such licence. The Union asserts that according to the rule of promotion Sisir Kumar Pal ought to have been promoted to the post of Electrician in consideration of his having obtained Electrician's Licence far in advance of P. K. Bajpai, but he was superseded so far as the said promotion was concerned.

By an additional written statement filed on 2nd November 1968 the Union pleads that the procedure of promotion so far as the Electricians are concerned is that the Khalasi who obtained the Electrical Licence first is entitled to promotion for the post of an Electrician, and according to that practice three other Khalasis, namely, (a) Sitaram, (b) Chunilal Das, and (c) Promode Chatterjee, were promoted. The Union further alleges that the Company has constituted a Works Board of Examiners which does not grant permission to all merited applicants for appearing before it and that the Board picks and chooses between applicant and applicant, and in consequence many merited applicants are debarred from obtaining licence from the Government. Many applicants who could not get the permission of the Company's Board, obtained their licences by getting their applications attested by quondam employers or other Gazetted Officers. Three workmen, namely, (1) S. K. Mukherjee, (2) A. R. Chakraborty, and (3) A. Das Gupta, were promoted to the posts of Electricians though they obtained licence without the approval of the Company. It is also contended that Switch Board Attendants have a separate line of promotion, and only in case of P. K. Bajpai he was promoted to the post of Electrician from his post of Switch Board Attendant. The Union further alleges that these workmen named above were promoted as they belong to so-called recognised Union.

The Company in its written statement pleads, inter alia, that promotion is a management function and so it is the discretion of the management, and the Tribunal has no jurisdiction to interfere with the bona fide exercise of the management's function. It is also said that the alleged dispute is not an industrial dispute. The next contention of the Company is that the present Union did not raise the alleged dispute when it purportedly arose and this Union was not in existence at that time, and hence it has no locus standi in the matter to continue this existing dispute. Another Registered Trade Union by the name of "United Iron and Steel Workers' Union" espoused the cause of the two concerned workmen at the beginning and raised the alleged dispute and thereafter that Union dropped out of the scene presumably knowing that the concerned workmen had no case at all.

Regarding Sitaram Mistry the case of the Company is that Sitaram Mistry was that seniormost 1st Class Fitter and he was senior to Shri A. K. Chatterjee, who was also a 1st Class Fitter. A vacancy was created in the post of Mechanical Chargeman, Electrical Engineering Department (Iron Section), due to the retirement of Janab Abdul Aziz, Chargeman, who was previously promoted to that post after he had passed the necessary test, and the department concerned announced vacancy of a Chargeman and invited applications from the senior 1st Class Fitters for appearing in the necessary trade test. Sitaram Mistry was instructed to appear in the trade test on 30th September 1966 but he failed to turn up. In order to give him another opportunity he was instructed in writing to appear at trade test on 8th October 1966 and he appeared in that test but he failed to pass in the test. The next senior man, Shri Pancras Haro, was instructed to appear in the trade test on 12th October 1966, but he declined to appear in the test. Thereafter the third senior man, namely, A. K. Chatterjee, 1st Class Fitter, was instructed to appear in the trade test on 19th October 1966, and Shri Chatterjee appeared and successfully passed the test. Accordingly the Company promoted Shri A. K. Chatterjee and appointed him in the post of "Chargeman".

As regards Sisir Kumar Pal, the Company avers that on as early as 17th October 1961 the management laid down a rule or procedure,—for workers and staff wishing to appear before the Electrical Licensing Board for Electrical Workman's Permits and Electrical Supervisors' Certificates—that before their cases were sponsored by the Company and the applicants were sent up

by the Company for examination before the Government Board, the intending candidates should in the first instance apply before the Company's Works Board of Examiners who would test the suitability of the candidates for appearing before the Government Electrical Licensing Board. Switch Board Attendants, Khalasis and Apprentices of Electrical Department were allowed to appear before the Works Board of Examiners for test for being sent up before the Government Licensing Board for Electrical Workman's Permits. This procedure had been introduced and followed with a view to stop the malpractices of the workers of the Electrical Department who would not acquire sufficient practical knowledge of working with electricity and electrical appliances, but would apply for sitting in examination before the Government Licensing Board for Electrical Workman's Permit on the strength of false certificates procured by them from outside private Electrical Contractors, with a view to show that those candidates have acquired practical knowledge by working under them, although they were in fact all along in the continuous employment of the Company and had not at all worked under the Contractors and gained any practical experience in the trade. The Company further asserts that Sisir Kumar Pal obtained the qualifying Electrical Workman's Permit in March 1961 in an unauthorised manner, by relying upon the certificate of service under his so-called quondam employer for the purpose of appearing in the examination before the Government Licensing Board, while he was in the continuous employment of the Company. On the other hand, P. K. Bajpai who was promoted, had obtained the qualifying parts of the said Permit, after making application to the Government through the Company after necessary test by the Works Board of Examiners (as required by the Company's rules or procedure) in March 1961. The case of Sisir Kumar Pal, a Khalasi of Electrical Engineering Department (Iron Section), was not considered by the Company for promotion to the post of Electrician as he had obtained his Electrical Workman's Permit by a dubious means after bypassing the Works Board of Examiners. Shri P. K. Bajpai, 2nd Class Switch Board Attendant, was promoted as Electrician on 17th January 1967 as per the usual procedure of the Company as he had got the qualifying parts of Electricals Workman's Permit obtained in an authorised manner by producing certificate about his employment under the Company and about his practical knowledge in the trade in the course of such employment. The Company also avers that Shri Bajpai was all through senior to and more experienced than Shri Pal in the electrical line. The Company contends that seniority in obtaining Government Electrical Workman's Permit is not the only criterion for promotion to the post of Electrician. According to the usual procedure of the Company, seniority in service of the holders of the qualifying parts of Workman's Permit is the deciding factor for such promotion. However, in a few cases of promotion to Muster Roll vacancies of electrician, seniority in obtaining the last qualifying part of the Government permit was taken as the determining factor for promotion in terms of the Ad hoc Agreement reached between the Management and the recognised Union, namely, Asansol Iron & Steel Workers' Union. The Company denies the allegation that promotion of an employee to higher post is influenced by his Association with any particular Trade Union. The Company was never aware of the association of Sitaram Mistry or Sisir Kumar Pal with any particular Union. It also submits that the recognised Union espoused the cause of Sitaram Mistry for promotion to the post of Chargeman and opposed vehemently against the promotion of Shri A. K. Chatterjee. Again the United Iron and Steel Workers' Union who took up the cause of Sisir Kumar Pal and opposed the promotion of P. K. Bajpai, had earlier made a strong representation on behalf of Shri Bajpai for his promotion to the post of Electrician.

Issue No. 1

I have already shown that this issue was not pressed by the learned representative of the Union at the time of the hearing of arguments. The case of the Company, that Sitaram Mistry was not promoted to the post of Chargeman as he failed to pass in the trade test and Shri A. K. Chatterjee was promoted as he passed the test, has been fully proved by the oral evidence given by O.P.W. 1 Shri D. C. Dore, the departmental manager, and also from the documents produced by the Company. Mr. Dore says that Sitaram Mistry and A. K. Chatterjee are both 1st Class Fitters ; that in 1966 there was a vacancy in the post of Chargeman in his department due to retirement of Abdul Aziz (vide letter Ext. D, dated 9th July 1966) ; that Sitaram Mistry was first asked to sit in the trade test on 30th September 1966 (vide letter Ext. G, dated 30th September 1966), but he did not turn up ; that he was given another chance to appear in the test on 8th October 1966 by letter Ext. G(1), dated 6th October 1966, but on that occasion he appeared in the test but did not pass ; that the next seniormost 1st Class Fitter, namely, Pancras Horo was directed to appear in the trade test on 12th October 1966 by letter Ext. G(2), dated 10th October 1966, but he did not appear as will be evident from the letter Ext. G(3), dated 14th October 1966 and that thereafter the next seniormost hand, namely, Shri A. K. Chatterjee was asked to appear in the trade test on 19th October 1966 by letter Ext. G(4), dated 18th October 1966 and he appeared and passed the test, vide letter Ext. G(5), dated 24th October 1966.

From the evidence I am satisfied that the promotion of Shri A. K. Chatterjee, T. No. 5639 in supersession of Sitaram Mistry, T. No. 5768, was justified and the latter is not entitled to any relief.

Issue No. 2

I may point out at the outset that the learned Advocate for the Company challenged the authority of A. B. K. Metal and Engineering Workers'

Union to represent the case of the workman concerned in the present dispute. It appears that the present dispute was sponsored by another Union, namely, United Iron and Steel Workers' Union (vide Ext. A, dated 28th March 1967). It is said that the present Union which is representing the concerned workman, had no existence at that time. The Union examined P.W. 1 Shri Bamapada Mukherjee who is the General Secretary of the Union. According to Shri Mukherjee this Union was formed on 7th July 1967. The constitution of this Union has been produced and it is Ext. 2. The Union has also filed three resolutions Exts. 1, 1(a) and 1(b) showing the formation of the present Union and the taking over by the same of the existing industrial disputes raised by the United Iron and Steel Workers' Union. The Company has itself admitted in paragraph 1(b) of its written statement that this United Iron and Steel Workers' Union did not ultimately proceed with the present dispute and "quietly dropped out of the scene". I do not think that a dispute originally raised by one Union cannot be pursued by another Union when the former Union is no longer interested in the matter.

Coming now to the merits of the case regarding Sisir Kumar Pal, it is admitted by this workman in evidence that he joined service under this Company on 1st September 1959 as a Cleaner and by promotion he became a Khalasi. He could not deny the suggestion that he was promoted as a Khalasi in May 1960 as avered by O.P.W. 1 Shri Dore. It is also the evidence of O.P.W. 1 that the post of Khalasi is higher than that of the Cleaner and that P. K. Bajpai joined the Company in 1954 as a Khalasi. This evidence has not been challenged by the Union. It appears, therefore, that at the very appointment Shri Bajpai got a higher designation than Sisir Kumar Pal. The Company has given a chart in paragraph 8 of its written statement showing the comperative position of these two workmen at different periods from which it will appear that Shri Bajpai was all along holding higher post than Shri Pal. It appears that on 10th May 1959 Shri Bajpai was promoted to the post of a 2nd Class Switch Board Attendant, while Shri Pal got promotion as Khalasi from the post of a Cleaner on 8th May 1960. It further appears that Shri Bajpai obtained four parts of Workman's Permit whereas Shri Pal obtained only three parts of the same.

It is the specific case of the Company that as early on 17th October 1951 the Company laid down the rule or procedure by which the workmen wishing to appear before the Electrical Licensing Board for Electrical Workman's Permit of the Government, must pass through a test to be held by the Company's Works Board of Examiners, who would be satisfied about the suitability of the candidates for appearing in the Government examination. Ext. J is this circular, dated 17th October 1951, issued by the General Manager and it appears that this system had been introduced eight years before Shri Sisir Kumar Pal joined the Company. In a subsequent circular, dated 11th May 1961, Ext. K (1) from the General Manager, it is emphasized that no application will be considered from those workmen who had fradaulently obtained Workman's Permit of the Government by procuring certificates from outside Contractor, which act itself is a serious misdemeanour. It is further laid down in this circular that only Khalasis, Switch Board Attendants and Apprentices are permitted to appear before the Works Board of Examiners in accordance with the previous circular, and excepting the Certificate from the Works Board of Examiners no other document will entitle the holder to appear before the Electrical Licensing Board. Ext K is the letter, dated 13th April 1961, from the Electrical Engineer, Steel Section, to the Labour and Welfare Superintendent stating that many instances of malpractices were being carried out in this department by Switch Board Attendants, Khalasis and Fitters, etc., as they were obtaining Workman's Permit from the Government from outside Contractor although they were employed in this Company. The work of an Electrician being a skilled job the Company had every right to get the employees aspiring to sit in the examination for Government Licence, tested with a view to ascertain whether they had acquired sufficient practical knowledge of working with electricity and electrical appliances before sitting in such examination for Government Licence. It is in the fitness of things that the Company could not depend on the Certificate granted by quondam employers to these workmen who are employed under the Company and wanted to be satisfied about their suitability by holding a test by the Works Board of Examiners of the Company. It is the case of the Company that in case of promotion to the post of Electrician, seniority is not the only criterion but seniority coupled with merit and suitability is the necessary criterion. It may be noted that in two Memorandums of Settlement, dated 31st August 1967 and 11th August 1967, Exts. 5 and 5(a), between the Company and this very Union, namely, A. B. K. Metal and Engineering Workers' Union, it was agreed that promotion would be given on the basis of "seniority-cum-suitability".

It is the positive case of the Company that Shri P. K. Bajpai got the Government Permit after passing though the test held by the Works Board of Examiners of the Company in March 1961 but Sisir Kumar Pal never sat in this examination of the Works Board of Examiners nor did he ever apply for sitting in this examination (vide O.P.W. 1 Shri Dore). Shri Pal admits that he did not pass through the Company's Works Board of Examiners and he got the Licence of Government on the basis of the Certificate granted by a Contractor under whom he had previously worked. In evidence Shri Pal wanted to make out a case that he had applied for sitting in this examination but was refused ; but there is no such case either in the first written statement filed on 6th February 1968 or in the subsequent written statement filed long after the first one,

i.e., on 2nd November 1968 after the evidence of the case had been partly taken on 1st November 1968. Hence this story of Shri Pal which was raised for the first time in evidence cannot be believed. Moreover, no paper has been called for from the Company and no paper has been produced by the Union to prove that Shri Pal ever applied for permission to sit in the examination to be held by the Works Board of Examiners of the Company. In his examination-in-chief Shri Pal says that he twice made such applications and it was refused on both the occasions ; but in cross-examination he says that he applied only once. It is the positive evidence of Shri Dore that Shri Pal never applied for sitting in the examination to be held by the Works Board of Examiners of the Company. Again in his applications Exts. O and O(1) for promotion Shri Pal did not say that he had applied for sitting in the examination to be held by the Works Board of Examiners of the Company and was refused. Similarly in letter Ext. A written by the Union to the Assistant Labour Commissioner no such allegation was made. So it has been established that while P. K. Bajpai obtained the Electrical Workman's Permit from the Government after passing through the test held by the Works Board of Examiners of the Company according to the rules and procedure of the Company, Shri Pal never appeared in such test and even never applied for appearing before the Company's Works Board of Examiners.

From the evidence of Mr. Dore it appears that there are several lines of promotion of a Khalasi. He may be promoted as (1) Electrician or (2) 2nd Class Switch Board Attendant, or (3) Fitter, or (4) Rigger or (5) Greaser. In the case of a Khalasi he can be promoted as an Electrician provided he has got Electrical Workman's Permit from the Government after passing through the Works Board of Examiners of the Company ; but in respect of promotion to other categories from the post of Khalasi, he has to pass the necessary trade test. So it appears that Shri Pal has other avenues of promotion still open to him. Shri Dore further says that a Switch Board Attendant or a Fitter, if he so desires can be eligible for the post of Electrician by getting Electrical Workman's Permit from the Government after passing through the Company's Works Board of Examiners, if there is a vacancy ; and in this way Shri P. K. Bajpai got his promotion to the post of Electrician.

In the second written statement the Union alleges that according to the procedure of promotion the Khalasi who obtained Electrical Licence first is entitled to promotion to the post of Electrician ; and according to this practice the following three Khalasis, namely, (1) Sitaram, (2) Chunilal Das, and (3) Promode Chatterjee were promoted. But P.W. 2 Shri Sisir Kumar Pal has himself categorically admitted in cross-examination that all these three workmen, namely, Sitaram, Chunilal Das and Promode Chatterjee got Licence from the Government by passing the examination held by Government after qualifying in the examination held by the Company's Works Board of Examiners. So admittedly the rules and procedure of the Company were followed while promoting these three persons as Electrician from the post of Khalasi.

In the second written statement the Union also cited three cases where workmen were promoted to the post of Electrician without passing through the Company's Works Board of Examiners, and they are (1) S. K. Mukherjee, (2) A. R. Chakraborty, and (3) A. Das Gupta ; but it is the positive statement of Mr. Dore that in 1959, A. Das Gupta was promoted as Electrician after going through the Works Board of Examiners and he has produced his application Ext. L; and the result of that examination is Ext. L(i). So the allegation of the Union—that Shri A. Das Gupta was promoted as Electrician without his passing through the Works Board of Examiners—appears to be incorrect. As regards S. K. Mukherjee and A. R. Chakraborty, Shri Dore says that they were promoted to the post of Electrician at a time when no suitable person, with requisite parts for Workman's Permit obtained through the Works Board of Examiners, was available in the department ; and the only alternative was to appoint men from outside who also would have obtained permit without going through the Works Board of Examiners of the Company ; and hence Shri Mukherjee and Shri Chakraborty, who had been already working in the department of Mr. Dore were promoted. So there was justification of promotion of Shri Mukherjee and Shri Chakraborty.

The Company has filed a chart Ext. M showing promotion of workmen to the post of Electrician since 11th October 1958 to 1st June 1958. From this chart it will appear that in only two cases, out of 27, i.e., in the case of S. K. Mukherjee and A. R. Chakraborty this practice, of promoting the persons who had got the Government Licence after passing through the Works Board of Examiners, was deviated and the reason of deviation has also been given.

The law is well settled that promotion is a management function and in the absence of mala fides, normally it must be left to the discretion of the management to see which of the employees should be promoted at a given time. [Brooke Bond (India) (Private) Ltd. versus Their Workmen 1963—i-L.L.J. 256.]

It has been held by the Hon'ble Supreme Court in another case of Brooke Bond (India) (Private) Ltd. versus Their Workmen reported in 1966—i-L.L.J. 402:

> "Generally speaking, promotion is a management function ; but, it may be recognised that there may occasions when a Tribunal may have to interfere with promotions made by the management where it is felt that persons superseded have been so superseded on account of mala fides or victimisation. Even so after a finding of mala fides or victimisation, it is not the function of a Tribunal to consider the merits of various employees itself and then decide whom to promote or whom not to promote."

It has also been held by the Hon'ble Supreme Court that the finding of mala fides should be reached by Industrial Tribunal only if there is sufficient and proper evidence in support of the finding. (Syndicate Bank Ltd. versus Its Workmen, 1966—i-L.L.J. 440.)

The same view was taken by the Hon'ble Supreme Court in the case of Bareilly Electricity Supply Co. Ltd. versus Sirajuddin and ors. 1960—i-L.L.J. 556 where it is laid down that the findings of mala fides can be made by Industrial Tribunals only after sufficient reliable evidence is led in support of it.

It may also be noted that the Hon'ble Supreme Court has held in the case of Vishnu Sugar Mills Ltd. versus Their Workmen, 1960—ii-L.L.J. 272 that if a higher post is created in any department of a business on account of increase in the work in the department and a new man is appointed to it, even the seniormost workman working in such department has got no right to claim promotion to it. The same case has laid down that promotion to higher post is the exclusive function of the management and it should not ordinarily be interfered with.

From the principle of law as shown above it is clear that this Tribunal has no jurisdiction to intefere with the promotion made by the management unless it is proved by satisfactory and cogent evidence that the management acted in a mala fide manner. But in the instant case the mala fide motive has not been proved. The only allegation of the Union is that because Sisir Kumar Pal belongs to a Union which is not recognised by the management and P. K. Bajpai belongs to the recognised Union, so he was promoted in supersession to S. K. Pal. It appears from the evidence of O.P.W. 2, N. C. Basu, Personnel Officer, that Asansol Iron and Steel Workers' Union is the recognised Union. He also says that the cause of P. K. Bajpai was taken up by another Union, namely, United Iron and Steel Workers' Union. This fact will be proved from the letter Ext. C written by the Joint Secretary, Asansol, on 8th April 1965. So P. K. Bajpai was being supported not by the recognised Union but by another Union which is not recognised. Hence the contention of the present Union, that because P. K. Bajpai belongs to the recognised Union so he was promoted in supersession of S. K. Pal, has no legs to stand. The Company has also produced two letters Exts. P and P(i) which show that some of the workmen who got Government Permit after passing through the examination held by the Company's Works Board of Examiners, protested against the claim of Shri S. K. Pal for the post of Electrician on the ground that he did not get Government Certificate after passing through the Works Board of Examiners.

It was submitted by the learned Advocate for the Company that regarding promotion controversy was going on for a long time since 1958 and the recognised Union was demanding that seniority in Licence would be the criterion for promotion whereas the Company was insisting on seniority in service. The Company has produced Minutes of Meeting held in the office of the Labour and Welfare Superintendent, on 19th November 1958, Ext. V, from which it appears that it was decided that the additional manning of the Electrical Engineering Department (Iron Section) should be increased by 20 Electricians and some agreement was arrived at regarding the mode of promotion. Several other minutes Ext. V(i), dated 13th July 1965, Ext. V(2), dated 13th October 1965, Ext. V(3), dated 24th November 1965, Ext. V(4), dated 6th July 1966 and Ext. V(5), dated 11th January 1967, have been produced to prove the agreements entered into at different times with the recognised Union in respect of the question of promotion. The final agreement was arrived at on 20th May 1968, wherein it was settled that the existing vacancies in post of Electricians as well as the future vacancies should be filled up from among the eligible hands on the basis of seniority in designation-cum-suitability subject to their holding requisite Government Workman's Permit obtained through the Company's Works Board of Examiners. I may also point out in this connection that in two agreements between the Company and the present Union, i.e., A. B. K. Metal and Engineering Workers' Union it was settled that promotion will be given on the basis of seniority-cum-suitability Exts. 5 and 5(a).

The oral and documentary evidence produced by the Company as discussed above will go to show that the Company long ago set down rules and procedure, for testing the suitability of the candidates aspiring for Electrical Workman's Permit of the Government, by which they were to appear and pass the test held by the Works Board of Examiners of the Company. As P. K. Bajpai got the Permit after passing through the test while S. K. Pal did not pass through the test, the Company was justified to give promotion to Shri P. K. Bajpai and not to Shri S. K. Pal. It should be remembered in this connection that the Union has hopelessly failed to prove that the Company was guided by mala fide motive in promoting Shri P. K. Bajpai.

Thus on a consideration of all the facts and circumstances, the entire evidence, oral and documentary, in the record and also the principles of law as shown above I find that the supersession of S. K. Pal, T. No. 5851 by Shri P. K. Bajpai, was justified. I should, however, add that as Shri S. K. Pal has got Electrical Workman's Permit from the Government, the Company as a special case should give him opportunity to appear before the Works Board of Examiners and promote him to the post of Electrician when there would be vacancy in future, provided he is found suitable by the Works Board of Examiners. Shri Pal should also be given opportunity to appear in other trade tests for promotion to other posts to which a Khalasi can be promoted, if he so desires.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri T. K. MUTSUDDI, Judge,

Present for the Company : Shri Anil Banerji, Advocate.

Present for the Union : Shri Nanda Dulal Srimani, Advocate.

By the Government of West Bengal, Labour Department, order No. 4749-I.R./IR/10L-189/68, dated the 6th July 1968, this industrial dispute between Messrs. India Steel Furniture Mfg. Co. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Whether discharge of Shri Niranjan Mondal is justified ? What relief, if any, is he entitled ?

On receipt of the notice from the Tribunal both the parties made their appearance and filed their respective written statement.

According to the Union, Niranjan Mondal was an employee of the Company and he was discharged by the Company without showing any reason and without any notice.

According to the Company, Niranjan Mondal was not their employee, that he was a mere contractor and, as such, no industrial dispute exists between them.

The main point for determination is whether Niranjan Mondal was an employee of the Company or whether he was a mere contractor.

P.W. 1 Niranjan Mondal says that he was an employee of the Company, and that he used to receive salary at the rate of Rs. 10 per day. His evidence has been corroborated by P.W. 3 Jadulal Biswas and P.W. 4 Tarapada Mallick. O.P.W. 1 D. N. Murarka says that Niranjan Mondal worked under the Company as a contractor. Exts. A to A(7) are the bills submitted by Niranjan Mondal to the Company. These bills show that Niranjan did not use to get salary at Rs. 10 per day, as alleged by him. These bills show that Niranjan Mondal used to get lump sum for each work. Niranjan Mondal wants to say that he wrote those bills as per dictation of the management. But this allegation seems to be not true. The enire contents of the bills were in the handwriting of Niranjan. If he was getting Rs. 10 per day as his salary he would not have submitted bills in this way. These bills prove without any shadow of doubt that Niranjan's story that he used to get salary at Rs. 10 per day from the Company is absolutely false. Ext. 5 is the weekly register maintained by the Company. The Union relies on this register. But this register does not show that Niranjan used to get Rs. 10 per day as salary from the Company. On the other hand, this register shows that Niranjan was not paid uniformly. Considering all these facts I am fully convinced that the Union's case that Niranjan used to get Rs. 10 per day from the Company is not at all true. However, it cannot be said that Niranjan was not in the employ of the Company at all. Ext. 5 is the register maintained by the Company. This register shows that Niranjan's attendance used to be noted by the Company. If he was not an employee, the Company had no reason to note his attendance. O.P.W. 1 Shri Murarka wants to say that the Company maintained the register, Ext. 5, at the instance of Employees' State Insurance Authorities. But if Niranjan was not an employee of the Company, the Company was not bound to maintain this register. The explanation of Shri Murarka cannot be accepted on this point. Ext. 1 is the E.S.I. Card issued to Niranjan Mondal. Ext. 5 shows that deductions were made from the wages of Niranjan Mondal on account of E.S.I. contribution. Considering all these facts I am convinced that Niranjan was in the employ of the Company. I have found that Niranjan did not use to get Rs. 10 per day from the Company. It is clear that Niranjan did not use to get any fixed salary. Ext. 5 shows that Ext. A series go to indicate that the Company used to make payment to Niranjan on contract basis. It seems that there was some agreement between Niranjan and the Company, and that the agreement was that Niranjan would receive lump sum for a particular work as agreed between him and the Company. It is true that neither party has made out any such case. But it is the duty of the Tribunal to ascertain the truth. The documents filed by the parties lead me to come to the conclusion as stated by me above. I have found that Niranjan Mondal was in the employment of the Company. So it cannot be said that there was no relationship of employer and employee between the parties and that no industrial dispute exists. I find that an industrial dispute exists between the parties. It is clear that Niranjan was discharged from service without showing any reason. No charge-sheet was issued against him, and there was no enquiry made. He was dismissed from service all on a sudden. So it must be held that the discharge of Niranjan Mondal by the Company is unjustified. He is therefore entitled to reinstatement. As I find that Niranjan did not get any specific salary from the Company, I am unable to direct the Company to pay him back wages. But it is certain that on account of discharge from service Niranjan suffered loss. Ordinarily, if not discharged, Niranjan would have received work from the Company and would have received payment therefor as agreed between them.

Considering all these facts I am of the opinion that the Company should pay Rs. 400 to Niranjan Mondal as compensation.

It is therefore ordered that the Company must reinstate Niranjan Mondal to his former post of employment and pay him in lump Rs. 400 as compensation within one month from the date of publication of this award in the "Calcutta Gazette".

Present :

Shri H. N. SEN, Judge,
Second Industrial Tribunal.

By order No. 978-I.R./IR/11L-144/68, dated Calcutta, the 20th February 1969, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Shalimar Chemical Works (P) Ltd. and their workmen represented by Shalimar Chemical Works Pvt. Ltd. Employees' Union to this Tribunal for adjudication on the following :

Issue

Whether the workmen are entitled to Rs. 200 (Rupees two hundred only) each as Winter Allowance per annum ?

Both parties entered appearance after service of usual notices and filed written statements on different dates. Subsequently on 17th July 1969, the parties filed a joint petition stating that the dispute in question had been settled along with other disputes by a memorandum of settlement signed by the parties on 20th June 1969, before the conciliation officer Shri N. Das. In terms of clause (viii) of the said memorandum of settlement it was agreed that both parties would file a joint petition for a 'no dispute' award in respect of this order of reference, dated 20th February 1969. In the circumstances the parties prayed for a 'no dispute' award in view of the memorandum of settlement referred to above.

I have carefully construed the relevant clause of the memorandum of settlement quoted in the joint petition of compromise and I have no hesitation to say that the clause being reasonable, should be accepted and is accepted as such. In the circumstances as desired by the parties, this Tribunal passes a 'no dispute' award in view of the memorandum of settlement referred to above and the case be disposed of accordingly.

AWARD

This case was referred to this Tribunal for adjudication on the issues (1) Grades and Scales of Pay and (2) Dearness Allowance. The Tribunal registered a case on 16th May 1969 and issued usual notices upon the parties in the usual manner fixing 16th June 1969, for their appearances. The notices issued by the Tribunal were duly received by the parties, but none of the parties appeared on 16th June 1969, before the Tribunal. However, the Tribunal fixed 26th June 1969, for further orders with the remark that the case would be disposed of according to law if no step was taken by the parties in the meantime. On 26th June 1969, inspite of repeated calls neither party appeared before the Tribunal and no step was taken. No cause was shown by any of the parties for its non-appearance. In the circumstances, the Tribunal presumed that the parties are not interested in the dispute and the dispute had ceased to exist. Taking this view of the matter, I hereby pass a 'no-dispute' award and dispose of this case.

AWARD

By the Government of West Bengal, Labour Department, order No. 2594-I.R./IR/10L-87/67, dated the 16th June 1967, an industrial dispute existing between Messrs. Republic Engineers, 59 Belgachia Road Calcutta-37, and their workmen represented by General Trading & Engineering Workers' Union, 26/8 Dum Dum Road, Calcutta-2, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following two issues:

Issues

1. Whether the dismissal of Shri Thaker Singh is justified? To what relief, if any, is he entitled?
2. Whether the discharge of Shri Panchanan Chowdhury is justified? To what relief, if any, is he entitled?

Usual notices were served on the Company as well as the Union from this Tribunal, after receipt of the order of reference.

The Union appeared and filed its written statement on 30th January 1968. The Company also appeared and filed their written statement on 11th July 1968.

The Union in its written statement contended inter alia that the service condition of the workmen of this concern, being Messrs. Republic Engineers, admittedly an engineering industry, is most deplorable. The workmen of the Company have joined the General Trading & Engineering Workers' Union for fulfilment of their long-standing grievances. The management as a retaliatory measure started victimising the office bearers and active members of the Union for the purpose of creating terror among their fellowmen so that they may leave the Union and give up their genuine and legitimate demands. Shri Thaker Singh, a permanent worker of the Company, worked for about six years with clean records. He is the Assistant Secretary of the General Trading and Engineering Workers' Union and he organised the Union in this Company, and he was duly notified to be recognised as a protected workman. Shri Thaker Singh on 21st June 1966 demanded higher increment in his wages and approached the management several times for fulfilment of the grievances of the workmen and accordingly he became an eyesore of the management. In September, 1966, Shri Thaker Singh was forced to work in open space, when it was raining and as such his work was hampered by rains. The management wrongly charge-sheeted and warned him and posted one Durwan as his helper. On 8th October 1966, Shri Thaker Singh was charge-sheeted on baseless grounds. Shri Thaker Singh replied to the charge-sheet on 10th October 1966 and one so-called enquiry was held on 18th October 1966. Shri Thaker Singh was then dismissed on 19th October 1966. The purported enquiry was itself unjust and illegal, violating the principles of natural justice. At the time of the enquiry, nothing was recorded and he was not allowed to put any question or to bring his own witnesses. Thaker Singh's own statement was not even recorded by the enquiry officer. After dismissal, an application of the Company under section 33(2)(b) of the Industrial Disputes Act, filed before the Conciliation Officer, was allowed by the Conciliation Officer, without going into the merits of the case.

As regards Shri Panchanan Chaudhury, an unskilled workman, it is the case of the Union that he worked for about three years with clean records. He could not attend his duties on and from 13th March 1967 to 15th March 1967 due to his illness, and for this period, he was granted a medical leave by E. S. I. Doctor. After his recovery when he reported for duty on 16th March 1967 with Fit Certificate from E. S. I. Doctor, he was not allowed to resume work and was told that he has been discharged. As Shri Panchanan Chaudhury joined the General Trading and Engineering Workers' Union, he was dismissed in the garb of retrenchment. The dismissal and retrenchment of Thaker Singh and Panchanan Chaudhury, according to the Union, are illegal, unwarranted, mala fide and instances of unfair labour practice and victimisation. The entire matter was referred to the Labour Commissioner for conciliation. Conciliation proceedings having failed, the instant order of reference was made. According to the Union, both the workmen Thaker Singh and Panchanan Chaudhury should be reinstated with full back wages.

The Company in their written statement denied all the material allegations of the Union and contended inter alia that the General Trading and Engineering Workers' Union does not represent the workmen of the Company and has no locus standi to espouse the cause of its workers. Accordingly it has been alleged that there is no industrial dispute existing between the Company and the Union and as such the instant order of reference is not maintainable. It has been asserted that the enquiry proceedings against Thaker Singh was held on 18th October 1966 in his presence and his representatives. On enquiry, he was found guilty and consequently he was dismissed by a letter, dated 19th October 1966 and the Company's application under section 33(2)(b) of the Industrial Disputes Act was allowed by the Conciliation Officer. The allegation that Thaker Singh was given an inefficient helper, for which Thaker Singh failed to give the requisite production, is denied. Thaker Singh was a Fitter. He deliberately slowed down the production because his unreasonable demand of higher wages was not granted by the Company. The allegation that Thaker Singh was victimised for Union activities is denied. The allegations as per the charge-sheet have been proved against Thaker Singh. He was dismissed by a letter, dated 19th October 1966 (vide Annexure "A" of the written statement). The dismissal of Thaker Singh is, according to the Company, justified and he is not entitled to get any relief whatsoever in this order of reference.

As regards the case of Shri Panchanan Chaudhury, it is the Company's case that he was appointed purely on a temporary basis on 1st September 1968 by the appointment letter, dated 31st August 1966 (vide Annexure "B" of the written statement). As there was no work for him, his services were terminated by a letter, dated 13th March 1967 as per the terms agreed upon, embodied in the appointment letter (vide Annexure "B" of the writeen statement). As Shri Panchanan Chaudhury refused to accept the letter's when tendered to him on 13th March 1967, the same was sent by registered post. According to the Company, Shri Panchanan Chaudhury who was appointed on a purely temporary basis for a specific period his services were terminated, and as such he is also not entitled to any relief whatsoever in this order of reference.

Five witnesses including the two concerned workmen—Thaker Singh (P.W. 4) and Panchanan Chaudhury (P.W. 5)—have been examined on behalf of the Union. Ram Swarup Bhagat (P.W. 1) is an employee of this Company working for the last 8 years. P.W. 2 Shri Gour Mohan Ghorai is the Secretary of the General Trading and Engineering

Workers' Union. This is an Omnibus Union, and according to P.W. 2, the employees of Republic Engineers joined his Union as members in the year 1966. P.W. 3 Maghuram Lohar has been working under this Company for the last 12 years. This witness deposed before the enquiry officer, D.W. 2 Shri Gurdwip Singh. On the other hand, two witnesses have been examined on behalf of the Company. D.W. 1 is a formal witness; he being an Upper Division Clerk in the Labour Directorate has produced the relevant records containing the application under section 33(2)(b) filed by the Company against Thaker Singh, the written statement filed by the latter in that case and also the order of the Conciliation Officer allowing such application [vide Exts. H, H(1) and H(2), respectively, which have been marked on admission]. D.W. 2 Gurdwip Singh is the Joint Manager of this Company. He held the enquiry proceedings against Thaker Singh on the allegations as per charge-sheet, dated 8th October 1966, on 18th October 1966. Ext. Q is the enquiry proceedings of D.W. 3.

I first take up issue No. 2, regarding discharge of Shri Panchanan Chaudhury, for decision. The averment of the Union in its written statement regarding this employee, admittedly an unskilled workman, to the effect that Panchanan worked under this Company for about 3 years, has been proved to be not correct on certain admissions of this workman himself in his evidence. It is admitted in this case that till 12th March 1967, Panchanan worked under this Company. On the other hand, the averments of the Company in their written statement to the effect that Panchanan was appointed purely on a temporary basis on 1st September 1968 by the appointment letter, dated 31st August 1966 [vide Ext. O(1)], have been proved to be correct. Shri Panchanan Chaudhury (P.W. 5) in his evidence admitted that Ext. O is his application for job in this Company. It is dated 20th August 1966. He further admitted that Ext. O(1), dated 31st August 1966, is his appointment letter. It is also undisputed in this case, as I have already mentioned above, that Panchanan continued to work in this Company till 12th March 1967. It is the Company's case that on the morning of 13th March 1967, when Panchanan went to join his duties he was offered the letter of termination of his services (Ext. R) and that on his refusal to accept the same, in presence of witnesses, the first copy of Ext. R was sent to him under registered post on a day after . Ext. R(1) is the Postal Receipt for the same. It is the evidence of D.W. 2 that the acknowledgement receipt of this registered cover has since been mislaid. D.W. 2 also proved that on his (Panchanan) refusal to accept the termination letter Ext. R, dated 13th March 1967 on the morning of the same date, he wrote the endorsement Ext. R(2) in presence of the witness who also signed the same. Shri Panchanan, of course, in his cross-examination denied the aforesaid suggestions made to him. On the other hand, his case is that he was on medical leave granted by E.S.I. Doctor since 13th March 1967 till 15th March 1967 and that when on 16th March 1967 he went to the factory to resume his work with the fit medical certificate [vide Exts. 22 and 22(a), dated 13th March 1967 and 15th March 1967 respectively], he was verbally told that his services were terminated. Then admittedly Panchanan sent the letter Ext. N, dated 16th March 1967, to the Company. In this letter he narrated his own case mentioned just above. The Company also replied to Ext. N. Ext. P, dated 18th March 1967 is the copy of the said reply as admitted by Panchanan himself. The Company by this reply denied the allegations of Ext. N and asserted their own case to the effect that actually his services were terminated with effect from morning of 13th March 1967 and that Panchanan had refused to accept such letter of termination when offered on the early morning of 13th March 1967. The E.S.I. Doctor has not been examined on behalf of the Union to show as to when on 13th March 1967, Panchanan was examined by him. Now when it is proved on the evidences on record that Panchanan told lies in his chief to the effect that he worked in the Company for 3 years till the middle of March 1967. His statement to the effect that he did not go to the factory on the morning of 13th March 1967 as alleged on behalf of the authorities must be taken with a grain of salt. Actually Panchanan did not even work in this Company for 7 months.

Be that as it may, whether the discharge of Panchanan in this case is justified or not, we are to consider the contents of his appointment letter. Panchanan by signing his appointment letter Ext. O(1) agreed to the terms of the same. Ext. O(1) recites as follows:

"REPUBLIC ENGINEERS
59 Belgachia Road
Calcutta-37.

To Panchanan Chaudhury,
C/o. Late Sri Dhirendra Nath Chowdhury,
112 Jessore Road, Cal.-28.

Sub.: *Temporary Employment Letter.*

With reference to your application, dated 20th August 1966, and subsequent interview on dated 31st August 1966 we offer you a temporary job of Helper for a period of about 7 (seven) months with effect from 1st September 1966 at the rate of Rs. 45 (Rupees Forty-five only) p.m. inclusive of all allowances or any piece rate which may be introduced by the management in future.

During this period your service is liable for termination without assigning any reason thereof and without any notice or compensation in lieu of the notice.

You will be governed by the existing rules and regulations applicable to the workmen of this factory.

On expiry of your above temporary period your services will stand terminated automatically unless the management extends the same in writing.

Please sign the duplicate in token of the acceptance of the terms and conditions of the original and receipt thereof.

Dated 31-8-1966.

For Republic Engineers:
Illegible,
Manager.

I have been explained the contents of the letter to which I agree. I have received the original.

Witness:
Illegible.
31-8-66.

Shri Panchanan Chaudhury,
Signature of the applicant."

As per the terms of this appointment letter to which Panchanan himself agreed by signing the same, his services are liable to be terminated witout assigning any reason thereof and without any notice or compensation in lieu of the notice within the period of 7 months for which he was appointed. There is another term in Ext. O(1) to the effect that on expiry of the said period of 7 months, his services would stand terminated automatically unless the management extends the same in writing. If we now look to Ext. R, the copy of the letter of dismissal, first copy of which was admittedly received by Panchanan through post, it shows that the services of Panchanan were actually terminated within the temporary period of 7 months for which period he was actually appointed by this Company, on a purely temporary basis. Five days after the date of the letter of discharge (13th March 1967), the management wrote the original of the letter, Ext. P, dated 18th March 1967, along with a copy of the letter of discharge, in reply to Panchanan's letter, Ext. N, dated 16th March 1967. Panchanan admittedly received Ext. P on 20th March 1967 [vide the acknowledgement receipt —Ext. P(1)]. As Panchanan is bound by the terms of his appointment letter, Ext. O(1), he cannot raise any objection regarding his termination of service as per the terms of the said appointment letter. There is thus nothing on record to show that the discharge of Shri Panchanan Chaudhury by the Company authorities on the basis of a letter of termination, dated 13th March 1967, is unjustified. The allegation to the effect that Panchanan has been discharged on the ground that he joined the Union remained as allegation, which has not been proved at all. Accordingly, I hold that the discharge of Shri Panchanan Chaudhury is justified and that he is not entitled to any relief in this case. Issue No. 2 is thus disposed of.

Now coming to issue No. 1, regarding dismissal of Thaker Singh, we find that he (Thaker Singh) joined this Company as a Fitter sometime in the middle of 1961. On the allegations of Thaker Singh's deliberate slow down tactics in the matter of production, the charge-sheet Ext. 20, dated 8th October 1966 (vide the copy Ext. C), was admittedly served on Thaker Singh. He gave the explanation Ext. D, dated 10th October 1966, denying the allegations in the charge-sheet (vide Ext. 1 the copy). The notice of enquiry, dated 14th October 1966, requiring Thaker Singh to be present at the enquiry proceedings to be held by Shri Gurdwip Singh (D.W.2) on 18th October 1966, (vide Ext. E) was also admittedly served on him. Thaker Singh admittedly attended the enquiry proceedings, though of course, his case is that no witness was examined in his presence. Shri Gurdwip Singh (D. W. 2) held the enquiry proceedings. He has proved his enquiry proceedings Ext. Q and also his report Ext. Q(1), dated 19th October 1966. Then the letter of dismissal, copy being Ext. F, dated 19th October 1966, was also admittedly sent to Thaker Singh under registered post with A/D. and admittedly he received the same (vide Ext. Q). He was dismissed with effect from the date of the said letter, i.e., with effect from 19th October 1966. On the same date, i.e., on 19th October 1966, the Company admittedly filed an application before the Conciliation Officer, where certain disputes were pending in conciliation, praying for approval of the Company's action by way of dismissal of the O. P. Ext. H is the copy of the said application. Thaker Singh admittedly filed written objections in that case. Ext. H(1) is a copy of the same. The Conciliation Officer, after hearing both parties, before whom oral evidences as well as documentary evidences were produced (Thaker Singh admittedly deposed before him), approved the action of the Company and allowed the application under section 33(2)(b) of the Industrial Disputes Act, on 18th March 1967. Ext. H(2) is the copy of the said order of the Conciliation Officer. Then the matter of dismissal of both Thaker Singh and Panchanan Chaudhury was undisputedly taken to the Labour Directorate and ultimately conciliation proceedings having failed, this instant order of reference under section 10 of the Industrial Disputes Act was made.

On behalf of the concerned workman, it has been contended that there was practically no enquiry proceedings in presence of Thaker Singh and that no witness was examined in his presence and accordingly it has been contended that no weight should be attached to the enquiry proceedings as it violated the principles of natural justice. It has further been contended on behalf of the workman that he is a protected workman under the provisions of the Industrial Disputes Act and that such fact has been notified to the Company in proper time. It has also been contended that the dismissal of Thaker Singh is an instance of unfair labour practice or victimisation on the ground of his joining the Union and taking a leading part in the matter of organising one unit of the Union in the factory in question.

Undoubtedly the management of a concern has power to direct its own internal administration and discipline: but the power is not unlimited, and when a dispute arises, Industrial Tribunals have been given the power to see whether the termination of services of workman is justified and to give appropriate relief. In cases of dismissal on misconduct, it should be remembered, that the Tribunal does not act as a

Court of Appeal and cannot substitute its own judgment for that of the management. The Tribunal will only interfere—

(1) Where there is a want of good faith;

(2) where there is victimisation or unfair labour practice;

(3) where the management has been guilty of a basic error or violation of any principle of natural justice; and

(4) when on the materials, the finding is completely baseless or perverse.

Coming to the facts of this instant case, we find that the Enquiry Officer against Thaker Singh was Shri Gurdwip Singh (D. W. 2). Ext. Q is the enquiry proceedings in the handwritings of Shri Gurdwip Singh. According to Shri Gurdwip Singh the same were correctly recorded. The fact that there were enquiry proceedings in presence of Shri Gurdwip Singh is admitted by the witnesses on behalf of the Union. According to Thaker Singh, no witness was examined in his presence, before Shri Gurdwip Singh. But the enquiry proceeding Ext. Q shows that P. W. 1 Shri Ram Swarup Bhagat and P. W. 3 Shri Maghuram Lohar were examined before the Enquiry Officer as defence witnesses. It further appears from the evidences of the said two defence witnesses that Thaker Singh gave a statement before the enquiry officer. It is true that P. W. 1 Ram Swarup Bhagat denied to have deposed before Shri Gurdwip Singh. But his evidence must be taken with a grain of salt in view of his own evidence in cross-examination that Thaker Singh and others approached him to depose in this case and they told him and instructed him what are to be deposed in this case. So, P. W. 1 must be taken to have been tutored before deposing before this Tribunal. Shri Maghuram Lohar demolished the case of Thaker Singh. He admitted that there were enquiry proceedings in presence of Thaker Singh. He further admitted that he deposed before the Enquiry Officer against Thaker Singh. He further admitted that his deposition was correctly recorded by Shri Gurdwip Singh—the Enquiry Officer. Though according to P. W. 3, his deposition was not correct, he admitted that his deposition was correctly recorded by Shri Gurdwip Singh. It is true that neither Thaker Singh nor the defence witnesses admittedly signed the proceedings. Thaker Singh denied to have refused signing the proceedings. Shri Gurdwip Singh, on the other hand, stated that he wrote the enquiry proceedings in presence of witnesses and also Thaker Singh, who also deposed before him. He further stated that Baijnath and Santok Singh deposed on behalf of the management in presence of Thaker Singh and that Thaker Singh examined himself and Ram Swarup and Maghuram as defence witnesses. According to the Enquiry Officer further, he took down their deposition in presence of Thaker Singh and the contents of the enquiry proceedings are correct. He denied the suggestion of the learned representative of Thaker Singh in his cross-examination that the witnesses were not examined before him in presence of Thaker Singh. He further denied that there were threats to Thaker Singh. In view of the aforesaid admissions of P. W. 3 Maghuram Lohar, I cannot disbelieve Shri Gurdwip Singh, the Enquiry Officer, who held the enquiry proceedings and on the evidence on record, I hold that Shri Gurdwip Singh held the enquiry proceedings in presence of Thaker Singh and that the witnesses on behalf of the Company were also examined in presence of Thaker Singh. I further hold that Thaker Singh examined himself and two other defence witnesses before the Enquiry Officer. I believe Shri Gurdwip Singh, D. W. 2, and I hold that the recording of the enquiry proceedings Ext. Q, is correct. It appears from Ext. Q that Thaker Singh actually cross-examined the Company's witnesses, examined before the Enquiry Officer.

The fact that there was some Golmal between the Head Mistry and Thaker Singh during the relevant time, is also admitted in this case. According to Thaker Singh, his production was low as per the allegations in the charge-sheet, on the ground that during the relevant time, a Durwan named Baijnath Singh was attached to him as his helper. But P. W. 1 admitted in his cross-examination that actually Baijnath Singh worked as a Durwan for about 2 months and after that he has been working as a helper. In the application of Baijnath for being a member of the Union (one of Ext. 6 series, dated 10th January 1966) the designation of Baijnath has been mentioned therein as an 'apprentice'. This document has been filed on behalf of the Union and, I am of opinion, that the Union is bound by the recitals in the same. Be that as it may, I find from the enquiry proceedings and also the production registers for the years 1965 and 1966 and also 1966 and 1967 (Exts. K and K(1)) that actually Thaker Singh adopted slow down tactics during the relevant time as mentioned in the charge-sheet, dated 8th October 1966 (vide Ext. C). I may mention here that I have carefully gone through the evidences adduced by the Enquiry Officer as recorded in Ext. Q and I agree with the Enquiry Officer when he came to his finding as per his report Ext. Q(1). That is the only natural human conclusion to be arrived at, as held by the Enquiry Officer on the evidences and materials adduced before him as per the enquiry proceedings Ext. Q.

Now coming to the allegation of the workman to the effect that the name of Thaker Singh along with others as Union officials were notified to the Company as protected workman, we find that according to P. W. 2, the Secretary of the Union, a copy of the original of Ext. 1(a) was served on the Company as per the acknowledgment receipt Ext. 2(a). But the letter alleged to be the original of Ext. 1(a) which has been admittedly received by the Company has been produced on the side of the Company and it has been marked Ext. A(1). This original letter Ext. A(1) has got the same reference number (15/66) and is of the same date (14th September 1966) as that of Ext. 1(a). In Ext. 1(a) the name of the Union has been mentioned as "General Trading and Engineering Workers' Union' and Thaker Singh's name as one of the protected workmen in Ext. 1(a). But Ext. A(1) shows that the name of the Union mentioned therein as Macfarlane Company Workers' Union". Though Thaker Singh's name has been mentioned therein as one of the protected workmen, being

the Assistant Secretary of the said Macfarlane Company Workers' Union, the Company is right to brush aside this notice Ext. A(1), dated 14th September 1966. Realising the mistake committed in this connection, P. W. 2 Shri Gour Mohan Ghorai, stated in his cross-examination that originally this letter, dated 14th September 1966 [Ex. A(1)] was sent to the Company and subsequently the name of the Union was corrected and sent to the Company in due time. But not a scrap of paper has been produced on behalf of the Union in support of this statement of P. W. 2. At the same time Shri Gour Mohan Ghorai admitted that excepting the original Ext. 1(a), dated 14th September 1966 (the said original I have mentioned above is nothing but the letter Ext. A(1), regarding Macfarlane Company Workers' Union), they did not send any other information to the Company informing them as ptroected workmen working under them. It is the Company's case that they did not receive any such intimation. On the evidences on record I hold that there was never any intimation to the Company regarding Thaker Singh as a protected workman being an official of General Trading & Engineering Workers' Union.

In this connection I may mention here that previous to the charge-sheet in question, dated 8th October 1966 (vide Ext. C), the Company also gave another notice to show cause to Thaker Singh for adopting go slow tactics. On Thaker Singh's reply, a warning was issued to Thaker Singh (vide Exts. I, 14 and 15).

As regards the application of Thaker Singh to become a member of the Union (the first application of Ext. 6 series), we find that the said application is dated 10th January 1966. In this application the basic pay of Thaker Singh on 10th January 1966 has been mentioned as Rs. 170 But it appears from the register of wages Exts. J and J(1) that in January 1966 the wages of Thaker Singh was less than Rs. 170 and that some time in May 1966, his pay became Rs. 170 as mentioned in the first application of Exts. 6 series. On these facts the learned Advocate for the Company contended before me that the application of Thaker Singh for being a member of the Union, must be held to be a back dated one. The evidences on record and the circumstances arising therefrom go to support the aforesaid contention of the learned Advocate for the Company and it raises a doubt in my mind as to the genuineness of such application by Thaker Singh. It is also admitted in this case that in the return for the year ending 31st December 1966, as per Form H under the Indian Trade Unions Act, Thaker Singh's name has not been mentioned as an Assistant Secretary of the Union (vide Ext. 24).

Upon a consideration of the entire evidences on record and the circumstances arising therefrom, and upon a consideration of the enquiry proceedings and the findings of the Enquiry Officer [Exts. Q and Q(1)], I hold that the dismissal was justified on the evidences led before the Enquiry Officer. I cannot, on the evidences, hold that the enquiry proceedings have been violated by any principle of natural justice. I further hold that a reasonable person, on the evidences recorded as per Ext. Q, could only reach such a conclusion as has been done by Shri Gurdwip Singh in his enquiry report Ext. Q(1). It further appears from Ext. Q that Thaker Singh has been informed clearly of the charges levelled against him. I have already held above that the witnesses were examined in presence of Thaker Singh in respect of the charges. I further hold in this case that Thaker Singh was given a fair opportunity to cross-examine the witnesses and actually Thaker Singh cross-examined the witnesses, examined before the Enquiry Officer. I further hold that Thaker Singh was given a fair opportunity to examine witnesses including himself in his defence and that Thaker Singh's statement was actually recorded by the Enquiry Officer and the defence witnesses were examined before the Enquiry Officer, who also recorded the same. I also hold that the Enquiry Officer recorded his findings with reasons for the same in his report Ext. Q(1).

The case of the Union is that there has been victimisation against Thaker Singh on the ground that Thaker Singh did actually take leading part in forming the unit of General Trading and Engineering Workers' Union in the factory of this Company. It has also transpired in evidence that from some time before the charge-sheet, dated 8th October 1966 (vide Ext. C) in question, the relation between the employer and the Union was not happy. But the fact that the relation between the employer and the Union was not happy and the workman concerned is an office bearer or active worker of the Union, would by itself be no evidence to prove victimisation, as contended by the learned representative for the Union, if that were so, it would mean that the office bearers and the active members of a Union of which the employer is not on good terms would have a carte blanche to commit any misconduct and get away with it on the ground that the relations between the employer and the Union were not happy. Such a finding must be characterised as one based merely on conjectures and surmises.

In the result, upon a careful consideration of the entire evidences on record and the facts and circumstances of the case as stated above, I hold that—

(1) There was no want of good faith,

(2) that there was no victimisation or unfair labour practice in this case,

(3) that the management is not guilty of a basis error or violation of a principle of natural justice; and

(4) that on the materials, the findings of the enquiry officer are not completely baseless or perverse.

Accordingly, I hold that no ground has been made out for interference in the matter of dismissal of Thaker Singh, for which the conciliation officer approved the action of the management by way of dismissing Thaker Singh [vide Exts. H, H(1) and H(2)]. I, thus hold that the dismissal of Thaker

Singh is justified and that he is not entitled to any relief in this case. Issue No. 1 is thus decided.

This is my award.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Bowreah Cotton Mills Co. Ltd., P.O. Bowreah, district Howrah, and their workmen represented by (1) Bowreah Cotton Mills Workers' Union, P.O. Bowreah, district Howrah, and (2) The Bowreah Cotton Mills Employees' Union, P.O. Bowreah, district Howrah, to this Tribunal by its order No. 2188-I.R./IR/8L-25(A)/67, dated 24th May 1967, under section 10 of the Industrial Disputes Act on the following issue :

Issue

Bonus for 1965 payable in 1966.

After due notice the Union filed its written statement on 10th July 1967 and the Company filed its written statement on 31st July 1967. There are two Unions consisting to the declaration of bonus by the Company and disputing the quantum and percentage thereof and they filed a joint written statement in support of their case. Their case is that the bonus for 1965 payable in 1966 as declared by the Company was not according to the correct financial position of the Company for the relevant year for this purpose of the bonus and the profit of the Company as earned if scrutinised properly, the bonus would be much more than the declared bonus. Their other contention is that the Company was granting a bonus, which was a sort of Puja Bonus from the year 1948 and which was according to them was the condition of service on a certain percentage of dividend declared. The Company has also wrongfully withheld payment of bonus to the workmen concerned which was being paid on the eve of every puja. In paragraph 5 of the written statement the Unions stated that the Company was in fact in a position to grant bonus at 10.4 per cent., but before the bonus was declared at the said percentage, the Judgment of Jalan Trading Co. (P) Ltd., was delivered by the Supreme Court and the Company conveniently withheld to pay such bonus at that rate because section 34(2) of Payment of Bonus Act was struck down by the said judgment and only granted a minimum bonus at 4 per cent. In paragraph 6 of the written statement the Unions have challenged the Profit and Loss Account and the Balance Sheet of the Company as not giving the true and correct picture of the profit and loss account. The Unions stated that the allocable surplus arrived at by it by such calculation was not only wrong but has been minimised under a pretended calculation purported to be done according to Payment of Bonus Act. In paragraph 8 of the written statement it has been stated that the Company has made huge profit and declared 15 per cent. dividend on ordinary shares and as such according to practice as was prevalent, the workmen were entitled to bonus at the rate of 7½ weeks' wages and in paragraph 9 of the written statement it has been stated that such a bonus was payable in addition to the bonus payable under Payment of Bonus Act and the contention of the Unions is that the Payment of Bonus Act has in no way intefered with the bonus that was prevalent as practice of the Company to declare to its workmen.

According to the Company, prior to accounting year 1964 bonus was paid in accordance with the formula contained in the Cotton Textile Mill Award of 1958 and with the advent of Payment of Bonus Act it offered to pay bonus according to the provisions of the said Act. In Paragraph 6 of the written statement the Company stated that in computing bonus as declared by the Company according to Payment of Bonus Act, the Company did not take into account the provision and/or formula provided in the sections which have been declared ultra vires by the Hon'ble Supreme Court in Jalan Trading Co. (P) Ltd. versus Mill Mazdoor Union. To the allegations of the Union the Company further stated that its balance sheet and profit and loss account for the accounting year 1965 were audited by very competent auditors. The calculations for the purpose of bonus were duly made by the auditors from the figures available from the balance sheet and profit and loss account and in the manner prescribed under the Payment of Bonus Act, 1965. The Company further disputed the claim of the Union that the break-ups were necessary or relevant or any order of such break-up was to be legally granted for clarification of any of the items. The Company asserted that the break-ups were not necessary or relevant for the purpose of appreciation of how the gross profits have been arrived at in accordance with the Payment of Bonus Act, 1965.

However, my learned predecessor Shri N. C. Mukherjee made an order on 10th April 1968, directing the Company to deliver certain interogatories as asked for by the Union and pursuant to that on behalf of the Company Shri Rameshwar Prasad Singh affirmed an affidavit showing the break-up under the heading "consumption of dyes, chemicals, tools and spareparts" for a sum of Rs. 80,79,526.29 P. by stating that out of that sum a sum of Rs. 45,67,298 was against dyes and chemicals and Rs. 35,12,227.82 P. was against stores and spareparts.

Mr. Sengupta, appearing for the Union criticised and challenged the amount which has been shown as expenditure for consumption of the spareparts. His contention is this that the consumption of spareparts and stores cannot come to such a high figure like Rs. 25,12,227.82 P. and if that was so, such spareparts could not but be additions and accretions to capital and as such they cannot be revenue expenditure and they must form part of capital expense. So, according to him half of it must go to capital expenditure and that should be added back in calculating the bonus. The other item that was challenged by Mr. Sengupta was for Rs. 4,530 shown to be expenses for debenture issue written off. His contention is that such an expenditure must be an expenditure for procuring capital and as such must be added back as a capital expenditure. Two other items although small but criticised by Mr. Sengupta are for Rs. 1,290 and Rs. 500 against the head of law charges and advertisement expenses respectively which were disallowed by Income-tax authorities.

Mr. Sengupta's argument before me is twofold—one is confined to quantum of bonus under the Payment of Bonus Act and the other is factum of payment of bonus de hors Payment of Bonus Act. He insisted that the Company was all along under the obligation of payment of bonus which was all through declared by it on the eve of the Pujas and that cannot be set at naught by the introduction of the Payment of Bonus Act because Payment of Bonus Act does not supersede the payment of such bonus but such bonus is payable notwithstanding the Payment of Bonus Act. His argument is that under section 17 of the Bonus Act such a bonus is payable has been amply made clear. He argues that section 17 provides that where in any accounting year an employer has paid any puja bonus or other customary bonus to an employee or an employer has paid a part of the bonus payable under this Act to an employee before the date on which such bonus becomes payable then, the employer shall be entitled to deduct the amount of bonus so paid from the amount of bonus payable by him to the employee under this Act in respect of that accounting year and the employee shall be entitled to receive only the balance. He urged before me that this section by implication provides that any Puja bonus or any customary bonus is always payable and is not superseded by the Payment of Bonus Act ; the only thing is that if the quantum of such bonus is less than what is found due on calculation under the Payment of Bonus Act the workman will get such balance. He maintains that the section is meaningless if this construction is not given and by incorporating the provisions of section 17 the legislature contemplated that such Puja bonus or customary bonus was in addition to but not substitution for payment of bonus that was to be made in the general provisions of Payment of Bonus Act.

His argument on facts is that the consumption for stores and spareparts cannot by any stretch of imagination be Rs. 35,12,227.82 P. because it was a Textile Mill and if any such consumption was made that must be deemed to be addition or acquisition to capital and therefore they cannot be said to be trading expenses. He further argued that Rs. 1,790 disallowed by the Income-tax authorities must be added back as it cannot be said to be properly a trading expense as sought to be urged by the Company. So far Rs. 4,530 as debenture issue written off is concerned, he argues that, that was a capital gain and cannot be said to be trading expense and that amount should be added back. He further challenged the caluculation of the Company made in Ext. A and contended that the sum of Rs. 18,180 amount deducted under the bonus for earlier years included in liabilities written back should not have been deducted.

Before I come to deal with the argument of Mr. Sengupta, I want to deal with the evidence of Shri Arjun Lal Falor deposed on behalf of the management. He is the Deputy Chief Accountant of Messrs. Kettlewell Bullen & Co. Ltd., Managing Agent of Bowreah Cotton Mills Co. Ltd., and he was holding such post for the last 10 years and he said that he had made all the calculations of bonus payable to the employees under the Payment of Bonus Act personally. Regarding consumption of dyes, chemicals, stores and spareparts his evidence is that Bowreah Cotton Mills produced yarn for sale in various types of cloth and to do this there are various processes and for that there are various types of machine, e.g., blow room, carding, combing, spinning, reeling, winding, doubling, weaving, bleaching, dyeing, printing, finishing and packing and Bowreah Cotton Mills used various consumable stores such as tops, fillets, comber needles, brushes, cleaning cloth, canes, rings, ring travellers, flutted rollers, flyers, bobbins, paper cones, paper tubes, various types of oils such as dissel, petrol, trupentine, ice, soda-ash, hydrated lime, common salt, electorates, bobbin holder, brooms, packing materials, viz., hessian, paper, packing, folders, card, alcathyne paper, hoop irons, shuttles reeds, ball bearing, pully, iron chains, etc., and his definite evidence is that this list includes both stores and spareparts.

Mr. Jinwalla appearing for the management further asked him that even assuming that Rs. 17,56,114 represented addition to plant and machinery, what would be the effect of it on bonus calculation and his answer was that he made such a calculation (Ext. F) and even then the allocable surplus on such calculation would be Rs. 2,47,881 which is much below the 4 per cent., which was the minimum bonus payable under the Payment of Bonus Act. He, however, said that he did not agree that the amount of Rs. 17,56,114 would be of capital nature. They were all consumable stores and these spareparts and stores were required for the maintenance and running of the existing machinery. He then went to the extent of saying that those spareparts formed minor parts of the machinery. To the cross-examination of Mr. D. N. Sengupta he reiterated what he said in his examination in-chief to the answeres put to him and so far deduction of Rs. 18,180 is concerned he took the stand under clause 6(f) of the Second Schedule of Payment of Bonus Act. He further stated that all the details of calculations are available from the records which have been brought before the Tribunal. To the question of Mr. Sengupta he conceded that he did not work in the factory of Bowreah Cotton Mills at any point of time and on that Mr. Sengupta suggested to him that all his knowledge regarding calculation made by the Company or regarding depreciation of machinery and spareparts and stores were hearsay, but his answer was what he deposed in his examination in-chief and his calculation were based upon the information received from the Secretary, Manager and Supervisor and as an Accountant he had to go through the records.

Shri Pasupati Ghosh was examined on behalf of the Union. He apprises the Tribunal about the Puja bonus, which was paid on the eve of every Puja. That system of payment of Puja bonus continued till October 1965, when on account of 1964 Puja bonus was paid to the workmen. He supported the Union's case as made in the written statement. All the spareparts which were necessary for the machines were of capital nature and that is why 50 per cent. was added to the amount the Company has shown under that heading. He has also inducted another subject on which I shall deal later on because Mr. Sengupta argued on that and that was this that they had the inkling that they would get 10.4 per cent. bonus which the Company had the capacity to pay, but it was not paid. According to the arising out of their customery right they are to get 7½ weeks' wages as bonus because 15 per cent. dividend was declared. He, however, conceded in the cross-examination that from 1955 to 1959 no bonus was paid. He could not assign any reason why Puja bonus was not mentioned in the written statement.

I am to consider here first the argument on the point of law raised by Mr. Sengupta that Puja bonus was payable in addition to the bonus that was payable under the general provisions of Payment of Bonus Act. Mr. Sengupta argued on the strength of section 17 but his argument is subject to some loopholes. As I read section 17, my view is that the Puja bonus or other customary bonus cannot exceed bonus that was payable by the Company to its workmen under the calculation made by Payment of Bonus Act to ascertain the allocable surplus as provided under section 4, Second Schedule of the Payment of Bonus Act coupled with sections 10 and 11 of the Payment of Bonus Act. Section 17 provides what is the right of an employer making any Puja bonus or other customary bonus to an employee. In that case the employer shall be entitled to deduct the amount of bonus so paid from the amount of bonus paid by him to the employee under this Act and the employee shall be entitled to receive only the balance. It obviously means that so far the employer is concerned he may pay such more bonus to the employee but so far employee's right is concerned, he has no right to receive any money beyond what is given under the Payment of Bonus Act. If he gets customary bonus or Puja bonus then he can only receive the balance if the computation shows that his dues were more, but if the employer gives any money more than what was due to the employee under the Payment of Bonus Act, the employer cannot receive back the money from the employee, that is the only right or benefit that may be said to be given to an employee under section 17 of the Payment of Bonus Act. Furthermore, section 34 specifically provides that "Save as otherwise provided in this section, the provisions of this Act shall have effect notwithstanding anything inconsistent therewith contained in any other law for the time being in force or in the terms of any award, agreement, settlement or contract of service made before the 29th May 1965". Besides, in the judgment reported in (Sanghvi Jeevraj Ghewar Chand and ors. and Secretary, Madras Chillies, Grains and Kirana Merchants Workers Union and anr.) 1969 (1), Supreme Court Appeals, page 375, wherein their Lordships of the Supreme Court, were pleased to hold that Payment of Bonus Act was an exhaustive Act dealing comprehensively with the subject-matter of bonus in all its aspects and it was not open to those to whom the Act did not apply by reason of its provisions either as to the exclusion or exemption to raise dispute with regard to bonus through industrial adjudication under the Industrial Disputes Act or any other corresponding law. At page 383 of the same judgment their Lordships were pleased to observe that "Under the Act liability to pay bonus has now become a statutory obligation imposed on the employers. From the history of the legislation it is clear (1) that the Government set up a Commission to consider comprehensively the entire question of bonus in all its aspects; and (2) that the Commission accordingly considered the concept of bonus, the method of computation, the machinery for enforcement and a statutory formula in place of the one envolved by industrial adjudication". At page 384 of the same judgment by construing the opening lines of section 34 their Lordships were pleased to hold that "Section 34 provides for the overriding effect of the Act notwithstanding anything inconsistent therewith contained in any other law for the time being in force or in terms of any award, agreement, settlement or contract of service made before May 29, 1965". Mr. Sengupta argued that the said bonus as was paid to the workmen was a Puja bonus but such bonus has not been pleaded in the written statement of the Union I could have accepted his argument by taking into account the fact that it was a customary bonus but in that case too that will be hit under the general provisions of Payment of Bonus Act as enunciated by the judgment referred to above laying down the provisions and extent of Payment of Bonus Act in the matter of payment of bonus. By a general conspectus and considering all the aspects a formula has been adopted for the payment of bonus and that cannot be annulled or set aside by raising plea that customary bonus was payable in addition to that. In that case the whole purpose of the Act would be frustrated inasmuch as the whole matter would again tend to give rise anomalies and uncertainties. Mr. Jinwalla drew my attention and quite rightly pointed out to me

that the issue was not Puja bonus of 1964 payable in 1965 or any other bonus customary in nature, but the simple issue was bonus for 1965 payable in 1966 and the language of the issue rules out the scope for such discussion. In any view of the matter, I think the said argument on the point of law that the said Puja bonus and/or even customary bonus pleaded in the written statement as argued by Mr. Sengupta is not maintainable.

The second point of criticism of Mr. Sengupta is on the question of Rs. 35,12,227.82 P. which he has sliced down contending that half of that amount should be added back - that argument of Mr. Sengupta is not tenable for reasons twofold—(1) The evidence as adduced by the Company through Mr. Falor shows that the establishment run by the Company by running so many machines and requiring so many types of articles as enumerated by him can undoubtedly call for consumption of stores and spareparts to the amount of Rs. 35,12,827.82 P. It cannot be said to be unnatural or absurd. I accept the evidence of Mr. Falor and break-up as given by the Company in its answer to interrogatories, dated 18th May 1968. Secondly, that amount cannot be questioned only by throwing some suggestion or casting some suspicion that such money would not be effectively employed for trading expenditure. Section 23 of Payment of Bonus Act gives rise to a presumption about the accuracy of balance sheet and profit and loss account of the Company. Such presumption is nullified only when the Tribunal is satisfied with the statements contained in the balance sheets or profit and loss account of the Company are not accurate. Here in the instant case, the Company brought all the records. Mr. Falor, P.W. 1, has made the calculations from the records and all these factors rule out or exclude any kind of mala fide on the part of the Company and as such this Tribunal is satisfied about the accuracy of the particulars given in the break-up and the veracity of it.

Then I come to the amount of Rs. 4,530 which sum covers cost of debenture issue written off and disputed by Mr. Sengupta. Mr. Jinwalla has argued referring to a judgment reported in A.I.R. 1966, Supreme Court, page 1053, that it cannot be but trading expenditure. Their Lordships of the Supreme Court were pleased to hold that the loan obtained is not an asset or an advantage of enduring nature. The expenditure was made for securing money for a certain period and consequently the expenditure was revenue expenditure with section 10(2) XV of the Income-tax Act. Their Lordships were considering the case in connection with question whether Income-tax Tribunal was right in law in holding that a particular sum expended by the assessee in obtaining loan or any part thereto is an allowable expenditure and their Lordships were pleased to hold in connection with Income-tax Act and not for the purpose of computation of allocable surplus under the Payment of Bonus Act. Furthermore, it is not an expense for the issue of debenture, but it was an amount which went under the heading of debenture issue expenses written off during a particular year. The facts under which their Lordships laid down the principle are different from the facts in the instant case. In this case expense for issue of debenture was shown to be written off in a particular year and as such the amount for the purpose of determination of allocable surplus be added back. The second item which was criticised by Mr. Sengupta is Rs. 1,790 and Rs. 500 disallowed by the Income-tax authorities. These sums very obviously should be added back and I accept the contention of Mr. Sengupta in those respects.

Apropos of the sum of Rs. 18,180 which was deducted by the Company in computation of allocable surplus as in Ext. A, Mr. Falor has said that the deduction was done in accordance with the provision of clause 6(f) of the Second Schedule of Payment of Bonus Act. As I read clause 6(f), I do not think that the said item "bonus for earlier years included in liabilities written back" can be computed under the provision of clause 6(f) of the Second Schedule of Payment of Bonus Act and as such in computing the allocable surplus that sum should not have been deducted.

Mr. Jinwalla argued that even if the computation of the Unions was accepted the calculation shows that minimum bonus was only to be payable under section 4 of the Payment of Bonus Act. On principle I have to state the payment which should have been added back and the amount which should not have been deducted. The Company's calculation as made in Ext. A should be revised in the way as indicated hereinbefore. To conclude, I do not accept the argument of Mr. Sengupta that if any bonus was payable that must continue to be paid under section 17 of the Payment of Bonus Act. I also do not accept his argument that the sum of Rs. 17,56,114 should have been added back because that amount cannot be said to be trading expenditure. But I accept his argument regarding the following items Rs. 4,530 as the cost of debenture issue written off as also the sum of Rs. 1,790 which were disallowed by the Income-tax authorities. I also accept his argument that bonus for earlier years included in liabilities written back should not be deducted in computing the allocable surplus. I come to the said conclusion after considering all the circumstances and also the evidence and exhibits as and when they are relevant for the said purpose. The computation of allocable surplus should be made as according to the annexure which would form part of the award. The bonus as declared by the Company cannot be revised.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Lynx Machinery Ltd., 104 Ultadanga Main Road, Calcutta-4 and their workmen represented by Lynx Machinery Workers' Union, 30/1 Haramohan Ghose Lane, Calcutta-10. (G. O. No. 5807-I.R., dated 9th November 1967). (Case No. 850/67.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. BANERJEE, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 5807 I.R./IR/10L-147(A)/67, dated the 9th November 1967, referred this industrial dispute between Messrs. Lynx Machinery Ltd., 104 Ultadanga Main Road, Calcutta-4 (hereinafter referred to as the Company) and their workmen represented by Lynx Machinery Workers' Union, 30/1 Haramohan Ghose Lane, Calcutta-10 (hereinafter referred to as the Union), to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issues:

Issues

1. Whether lay-off of a section of workmen during the period beginning from the last quarter of 1966 to the first quarter of 1967, is justified? To what additional relief than the statutory compensation are they entitled?

2. Is the retirement of Sarbasri Samburu Bera, Jangi Goala, Shyamapada Burman and Aklu Mian is justified? To what relief, if any, are they entitled?

After service of notice from the Tribunal both the parties appeared and filed their written statements, and after several adjournments on the prayer of the parties the case was finally fixed for hearing on 11th July 1969. Today both the parties have appeared and filed a joint petition stating that they have amicably settled their disputes out of Court and praying for a 'no-dispute' award. In the circumstances, I find that the disputes between the parties have now ceased to exist. Accordingly I pass a 'no-dispute' award in this case.

This is my award.

Amendment of the Second Schedule.

5. In the Second Schedule to the said Act, under the heading "*Act of the West Bengal Legislature*", for the existing entries, the following entries shall be substituted, namely:—

"1956.	XII	The West Bengal Premises Tenancy Act, 1956.	In the Schedule, in clause (*1*), for sub-clauses (*i*) and (ii) and the provisos, the following shall be substituted, namely:— '(*i*) where the value of the suit does not exceed fifty thousand rupees—to the City Civil Court as defined in the City Civil Court Act, 1953. (*ii*) where the value of the suit exceeds fifty thousand rupees—to the High Court at Calcutta.'.".

West Ben. Act XXI of 1953.

Savings.

6. Nothing in this Act shall apply to or affect any suit, appeal or proceeding pending in the Calcutta High Court or the Court of Small Causes, Calcutta at the date of commencement of this Act and such suit, appeal or proceeding shall be continued in such Court as if this Act had not been passed.

STATEMENT OF OBJECTS AND REASONS.

The City Civil Court, Calcutta, which was established under the City Civil Court Act, 1953, can at present dispose of non-commercial suits up to the value of Rs.10,000 and commercial suits up to the value of Rs.5,000 only. Prices of all commodities, particularly, of lands and building properties, having gone up abnormally in recent years, the aforesaid pecuniary jurisdictions of the City Civil Court, Calcutta, have become extremely inadequate. Besides, the City Civil Court has now no jurisdiction at all over some suits and proceedings of civil nature. The Judges of the City Civil Court, being experienced and senior members of the Higher Judicial Service, and having previously exercised unlimited pecuniary jurisdiction are quite capable of dealing with such suits and proceedings.

It is accordingly proposed that the pecuniary jurisdiction of the Calcutta City Civil Court be raised to Rs.50,000 both in respect of non-commercial and commercial suits, and to vest the Judges of the said Court with powers to try some of the suits and proceedings of civil nature referred to above.

The proposed legislation will not only enable the litigants to get justice at lower costs but also relieve congestion of cases on the Original Side of the High Court.

The proposed Bill seeks to achieve the above objectives.

GOVERNMENT OF WEST BENGAL

DEPARTMENT OF HEALTH

Medical

RESOLUTION

No. Medl/4659/3C-37/69.—14th August 1969.—The management of the Calcutta National Medical College and Hospital was taken over by the State Government on the 9th June 1967, with a view to ensuring better management of the institution, better treatment of patients and better teaching of students. Steps were taken by the Government from time to time to improve the standards of this institution and to raise it to the level of the other State Medical Colleges and Hospitals. Improvements were made in the diet rates for patients, in the provisions for medicines and surgical equipment and other requisites for the hospitals. Other steps for the improvement of this institution were being considered, when political changes intervened in November 1967, and other difficulties followed. The tasks were resumed in 1969, but the general atmosphere in this institution was marred by unhappy incidents and conflicts among different sections of the students and the staff and by other factors. Later, a strike was resorted to by certain sections of the staff, which interfered with the normal working of the college and the hospital.

2. The overall position indicated above calls for an enquiry into the affairs of the Calcutta National Medical College and Hospital. This enquiry has become all the more necessary to follow up the recommendations made by a former Enquiry Committee which had looked into the affairs of this institution. The new enquiry is intended to ascertain facts about the present position in this institution and to provide for the Government certain guide-lines for determining measures to be taken for the smooth and efficient administration of this institution.

3. In the circumstances stated above, the Governor is now pleased to appoint Shri Renupada Mukherjee, a retired Judge of the Calcutta High Court, to constitute a Committee of Enquiry for enquiring into the affairs of the Calcutta National Medical College and Hospital, beginning from a period at least one year prior to the taking over of the institution by the Government and coming up to the present date.

4. The terms of reference of the Committee shall be as follows:—

(*a*) Whether the administration of the institution (including the college and the hospitals attached to it) was run by the ex-management according to proper rules and procedure.

(*b*) Whether appointments of staff of all categories, including Medical Officers, teachers and others, were made by the ex-management on recognizable grounds of merit, according to standard qualifications and experience and accepted methods of recruitment in such cases.

(*c*) Whether under the ex-management there were any regular rules and procedure for the admission of students into the college and of patients into the hospitals, and, if so, the merits and demerits of such rules and procedure.

(*d*) Whether under the ex-management the appointment and the ranking of teachers for the college and the gradation of Medical Officers for the hospitals were made according to the requirements of teaching in the college and of treatment of patients in the hospitals. If not, the reasons for the ad-hoc measures adopted by the ex-management may be looked into.

(*e*) Whether proper accounts of income and expenditure in respect of the college and the hospitals were maintained under the ex-management. The enquiry under this clause may look into the manner and method of collection of students' fees and hospital charges, expenditure on contingencies, supply of diet to patients, maintenance and verification of stores, inventory of properties, payment to contractors, the handling of cash including security deposits, the maintenance of Provident Fund Accounts of the employees, etc.

(*f*) Whether accounts in respect of the items mentioned in clause (*e*) above have been properly maintained after the taking over of the institution by the Government. If not, the reasons for the present irregularities, if any, may be looked into.

(*g*) Whether there has been any irregularity or impropriety in the matter of admission of patients and their treatment in the hospitals in respect of supply of prescribed medicines, diet, etc., after the institution was taken over by the Government.

(*h*) Whether the service conditions of all categories of staff prior to the taking over of the institution by the Government in regard to security of service, emoluments, promotion, etc., were governed by regular rules, and whether after the taking over of the institution by Government any improvement has been made in this regard and, if so, to what extent. The factors that may be impeding progress in the matter may also be looked into in this connection.

(*i*) Whether the measures taken by the Government for the smooth management and all-round improvement of the institution (including the college and the hospitals attached to it) have been adequate, and what factors are responsible for such inadequacies or irregularities as may be, and what are the steps that should be taken by the Government to make up the deficiencies and effect improvements. The responsibility of individuals may also be looked into in this connection.

(*j*) Whether the strike staged by the Co-ordination Committee of the Calcutta National Medical College and Hospital on and from the 10th July 1969, on the issue of the appointment of a Medical Officer to officiate in the post of Principal-Superintendent of the institution was justified.

(*k*) Any other matter that the Committee may deem necessary to investigate.

5. The Committee may call for such information and records and take such evidence from individuals, associations, etc., as it may consider necessary for the purposes of the enquiry, and all connected offices and officers shall produce, or cause to be produced, before the Committee all relevant papers, documents and

records which may be either at their disposal or at the disposal of any office or officer subordinate to any of them. The Committee will decide its own procedure, select the venue or venues of its sittings, and will give such notice, as may be deemed necessary and proper, of the enquiry and of the procedure determined by it to every one concerned. The Committee may call for the assistance of any person or persons in the process of its enquiry and may request the Government to make the services of such persons available to the Committee for the purposes of this enquiry.

The State Government may also associate with the Committee persons as assessors who will assist the Committee in evaluating, examining and analysing the evidence that may be adduced before the Committee with regard to matters of a technical nature requiring special knowledge in any particular subject.

6. The Committee will be assisted by such officers and staff as it may require in connection with the enquiry.

7. The Committee shall submit its report embodying its findings and recommendations to the Government within two months from the date of publication of this Resolution.

7. Nothing contained in this Act shall affect any suit or proceeding pending in the High Court or in the City Civil Court, Calcutta on the date on which this Act comes into force, and every such suit or proceeding shall be continued as if this Act had not been passed.

STATEMENT OF OBJECTS AND REASONS.

Under the existing provisions of the Presidency Small Cause Courts Act, 1882, the Court of Small Causes of Calcutta, can try suits valued up to Rs. 2,000 only. Owing to depreciation of money and prevailing high prices of commodities, the aforesaid pecuniary jurisdiction of the Small Cause Court, Calcutta, has proved inadequate and as a result, the litigants are being forced to go to the City Civil Court, Calcutta, over some disputes which may be conveniently disposed of by the Small Cause Court, Calcutta, if the pecuniary jurisdiction of the latter be increased to a reasonable extent. Accordingly, Government proposes to raise the pecuniary jurisdiction of the Court of Small Causes of Calcutta, from Rs. 2,000 to Rs. 5,000 by suitably amending the Presidency Small Cause Courts Act, 1882. Such an amendment will not only benefit the litigants but will also relieve congestion of cases in the City Civil Court, Calcutta.

The amending Bill aims at achieving the desired objectives.

No. 1718L.—18th August, 1969.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

BILL No. 37 OF 1969

THE BENGAL MUNICIPAL (SECOND AMENDMENT) BILL, 1969.

A BILL

to amend the Bengal Municipal Act, 1932.

WHEREAS it is expedient to amend the Bengal Municipal Act, 1932, for the purposes and in the manner hereinafter appearing; Ben. Act XV of 1932.

It is hereby enacted in the Twentieth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the Bengal Municipal (Second Amendment) Act, 1969.

Insertion of new section 50A in Ben. Act XV of 1932.

2. After section 50 of the Bengal Municipal Act, 1932 (hereinafter referred to as the said Act), the following section shall be inserted, namely:—

"Majority of Commissioners elected at a general election to function when election of some Commissioners cannot be held.

50A. (*1*) Notwithstanding anything to the contrary contained elsewhere in this Act, if at a general election of Commissioners in a municipality,—

(*a*) the election of any Commissioner from any ward of the municipality cannot be held, or

The Bengal Municipal (Second Amendment) Bill, 1969.

(*Clause 3.*)

(*b*) if held, the result of such election cannot be published in the *Official Gazette*,

by reason of the order of a Court or for any other reason, within such time as the State Government considers reasonable, the State Government may, if it thinks fit so to do in the interest of municipal administration, by order, direct that such of the Commissioners of the municipality as have been elected and are able to assume office as Commissioners shall forthwith assume such office:

Provided that no order shall be made under this sub-section unless at least two-thirds of the total number of Commissioners specified for the municipality under section 15 have been elected and are able to assume office.

(*2*) Upon an order under sub-section (*1*) being made, the names of the Commissioners who have been elected and as regards the publication of the result of whose election there is no impediment shall be published in the *Official Gazette* and such Commissioners shall assume office as the newly-formed body of Commissioners after a general election of Commissioners in the municipality and shall be deemed to constitute for the time being the total number of Commissioners for the municipality.

(*3*) Any Commissioner of the municipality who is subsequently elected or whose name is subsequently published in the *Official Gazette* as a Commissioner shall be entitled to assume office as Commissioner, but his term of office shall be deemed to have commenced from the date of the first meeting, at which a quorum is present, of the Commissioners referred to in sub-section (*2*).".

Insertion of new section 56A.

3. After section 56 of the said Act, the following section shall be inserted, namely:—

"Appointment of Committee in case of failure of, or delay in holding, general election.

56A. (*1*) Where after the expiry of the term of office of the Commissioners of a municipality under sub-section (*1*) or sub-section (*5*) of section 56, the State Government is of opinion that by reason of the order of a Court preventing the holding of a general election of Commissioners in the municipality or setting aside such election or for any other reason, there is no likelihood of a new body of Commissioners being formed within a reasonable time to take over municipal administration, the State Government may, if it thinks fit so to do in the public interest, by order, appoint a Committee consisting of the same number of members as the Commissioners of the municipality to take charge of the administration of the affairs of the municipality in accordance with the provisions of this Act and the rules and the by-laws made thereunder.

(*2*) No person shall be appointed as a member of the Committee if he is subject to any of the disqualifications mentioned in section 22.

The Bengal Municipal (Second Amendment) Bill, 1969.

(Clause 3.)

(*3*) The State Government shall appoint one of the members of the Committee to be the President and another member to be the Vice-President, of the Committee.

(*4*) Upon the appointment of the Committee under sub-section (*1*), all the Commissioners of the municipality continuing in office by virtue of sub-section (*2*) of section 56 shall be deemed to have vacated their offices as such Commissioners.

(*5*) The members of the Committee shall for all purposes be deemed to be the Commissioners of the municipality and the President and the Vice-President of the Committee shall be deemed to be the Chairman and the Vice-Chairman, and references in this Act or any other Act or any rule, by-law, order or notification made under this Act or any other Act to the Commissioners of the municipality, the Chairman and the Vice-Chairman shall be construed as references respectively to the members of the Committee, the President and the Vice-President of the Committee.

(*6*) The members of the Committee shall hold office till the date of the first meeting, at which a quorum is present, of the newly-formed body of Commissioners after a general election of Commissioners held under the provisions of this Act or any other Act applicable to the area comprised within the municipality.

(*7*) If the office of a member of the Committee falls vacant by resignation, death or otherwise, the State Government shall appoint another person as member to fill the vacancy; and if the office of the President or the Vice-President falls vacant for similar reasons the State Government shall appoint one of the members of the Committee to be the President or the Vice-President, as the case may be.".

STATEMENT OF OBJECTS AND REASONS.

If, at a general election of Commissioners of a municipality, election of a Commissioner from any ward cannot be held, or if held, the result thereof cannot be published, on account of an order of a Court or for any other reason, the practical effect is withholding of publication of the entire result, as difficulty arises in deciding how thirty days are to be counted for the purpose of election of Chairman under section 45 of the Bengal Municipal Act, 1932. It is necessary, therefore, to amend the Act by insertion of a new section, so that in such cases the State Government may direct that such of the Commissioners as have been elected and are able to assume office shall forthwith assume such office, provided at least two thirds of the total number of Commissioners specified for the municipality have been elected and are able to assume office.

Again there may be cases, where after the expiry of the term of office of the Commissioners of a municipality, the order of a Court may prevent the holding of a general election of Commissioners or may set aside such

election, or any other reason may exist for which there may be no likelihood of a new body of Commissioners being formed within a reasonable time to take over the municipal administration. In such circumstances the State Government should have the power to appoint a Committee consisting of the same number of members as the Commissioners of the municipality to take charge of the municipal administration.

The present Bill has been drafted to amend the Bengal Municipal Act, 1932, by inserting two new sections, viz., sections 50A and 56A, for the above purposes.

Transitory provision.

8. Nothing in this Act shall affect any case, appeal or other proceeding pending in the High Court on the date on which this Act comes into force, and every such case, appeal or proceeding shall be continued as if this Act had not been passed.

STATEMENT OF OBJECTS AND REASONS

The City Sessions Court, Calcutta, was established under the City Sessions Court Act, 1953, to try certain Sessions cases arising within the Presidency Town of Calcutta. But Sessions cases involving graver offences under sections 302, 303, 396, 468, 477A, I.P.C., etc., as mentioned in the First Schedule of the said Act continued to be tried by the High Court.

The City Sessions Court Judges are senior Members of the Higher Judicial Service with experience of trial of such Sessions cases involving graver offences. It is accordingly proposed that they should be invested with jurisdiction to try such cases also like Sessions Judges in the districts. This will relieve congestion of cases in the High Court and the Judges of the High Court will have more time to devote in disposal of other cases.

The proposed Bill aims at achieving the above objectives.

"(*d*) matters which, under any provision of this Act, are required to be prescribed or to be provided for by regulations.".

STATEMENT OF OBJECTS AND REASONS

The Durgapur (Development and Control of Building Operations) Act, 1958, was enacted with the object of securing planned development of, and the control of building operations in, Durgapur. The Durgapur Development Authority constituted under the Act was, however, empowered merely to enforce certain directions issued by the State Government under section 4 of the said Act. The procedure whereby such directions may issue requires to be specified in the Act itself. It is also now evident that besides mere enforcement of regulatory measures, the Authority must also undertake preparation and execution of development schemes necessary for securing planned development of Durgapur. Besides, it must have power to own a fund, to open bank accounts, to appoint officers and employees, to maintain accounts, to prepare annual budget, etc.

The present Bill seeks to remove these lacunae under the Act. Under the Act as proposed to be amended the Authority will have a corporate status, it will acquire, hold and dispose of properties, undertake preparation and execution of development schemes, open bank accounts, have its own fund, realise fees for permission to erect buildings, appoint its own officers and other employees and will have the necessary ancillary powers in connection with them. The Authority will also have power to adopt its own budget. The administrative relationship between the State Government and the Authority has also been fully defined under the Act as proposed to be amended.

S. LAHIRI,
Member-in-charge.

Calcutta,
The 14th August, 1969.

FINANCIAL MEMORANDUM.

Clause 10 of the amending Bill provides for creation of a Fund for the Durgapur Development Authority and lays down that all moneys received by the Authority by way of fees, charges, fines, grants, loans, etc., will be credited to that Fund.

Clause 4B of the amending Bill seeks to empower the Durgapur Development Authority to execute Development Schemes in Durgapur Area relating to development of land, township, housing, water-supply, sanitation, communications, etc., with the approval of the State Government, and at the initial stage funds for these purposes will have to be provided by the Government.

It is not possible to give any indication of the exact financial implication for the State Government at this stage. When, however, the Government will decide to entrust any scheme to the Authority for execution and to make any grant or advance any loan to the Authority for the purpose, necessary provisions will have to be made in the budget in due course.

S. LAHIRI,
Member-in-charge.

AWARD

On the assumption that there existed an industrial dispute between Messrs. Albert David Ltd., 5/11 D. Gupta Lane, Calcutta-50 (hereinafter called the Company), and their workmen represented by Federation of Medical Representatives' Association of India, 38 Middle Road, Calcutta-12 (hereinafter called the Association), the Governor was pleased, by Government of West Bengal, Labour Department, order No. 2726-I.R./IR/11L-258/67, dated Calcutta, the 21st June 1967, to refer the said dispute for adjudication to this Tribunal in exercise of the powers conferred on him by section 10 of the Industrial Disputes Act, 1947. The issue involved is—"Is the termination of service of Shri Raj Kishan Kapoor justified? To what relief, if any, is he entitled?"

Being called upon by the Tribunal, the parties filed their written statements and the case became a contested one. On 9th December 1968 the Company filed a petition praying for hearing of the preliminary objection raised by it before goisg into the merits of the case. The Tribunal after hearing the parties ordered

that the case would be heard on preliminary point of objection raised by the Company before going into the merits of the case. In view of the harassment caused to the Association, because of late filing of the aforesaid petition by the Company, the Tribunal awarded a cost of Rs. 50 to the Association. Thereafter, the case was heard on the point of preliminary objection raised by the Company.

On the point of preliminary objection, two witnesses were examined. The Company examined Shri Sudhir Chandra Bhattacharjee who is O.P.W. 1, and the Association examined Shri Suresh Chandra Ganguly who is described as P.W. 1. Some documents were marked exhibits in the course of hearing.

The case in brief so far as preliminary point is concerned may be given as follows:

The written statement filed by the Association states that Messrs. Albert David Ltd., is one of the top ranking organisations in drugs, medicines and chemicals, having its factory and office at 5/11 D. Gupta Lane, Calcutta-50. For the purpose of its business the Company employs large number of men known as Medical Representatives. The Federation of Medical Representatives' Association of India is a Union of such Medical Representatives employed by Albert David Ltd., and similar other organisations all over India. The said Association is duly registered under the Trade Union's Act. Majority of Representatives of the Albert David Ltd., are members of the said Association. Shri Raj Kishan Kapoor (hereinafter caller Shri Kapoor) whose name appears in the Order of Reference, was an employee of the Company and was a member of the Association. At the relevant time, Shri Kapoor was under the control of Company's office at 5/11 D. Gupta Lane, Calcutta-50. By letter, dated 21st/22nd April 1966, the services of Shri Kapoor were terminated by the Company. The allegations contained in the letter of termination of his services are incorrect, vague and misconceived. The services of Shri Kapoor were terminated without any charge-sheet and without holding an enquiry. Thereafter, the statement speaks about the laudable services rendered by Shri Kapoor to the Company. For the purpose of arriving at a decision on the preliminary objection raised by the Company it is not necessary to mention further in details given in the written statement filed by the Association.

In its written statement, the Company, inter alia, stated that the reference was bad in law. The Union (I mean the Association aforementioned) which represents the alleged workmen is a stranger Union and in equity and in law the Association had no authority to take up an industrial dispute on behalf of Shri Kapoor. It further stated that Shri Kapoor was posted and was working at Amritsar within the State of Punjab and the reference by the Government of West Bengal is bad in law. It is not necessary for me to mention other contentions raised in that statement for my present purpose.

The point which calls for my decision now is whether the present dispute can be termed an industrial dispute.

Admittedly, Shri Kapoor was dismissed from the service of the Company in April 1966. At the time of dismissal of Shri Kapoor, section 2A of the Industrial Disputes Act had already come into effect. This section came into effect from 1st December 1965. The section states—"Where any employer discharges, dismisses, retrenches or otherwise terminates the services of an individual workman, any dispute and difference between that workman and his employer connected with, or arising out of, such discharge, dismissal retrenchment or termination shall be deemed to be an industrial dispute notwithstanding that no other workman nor any Union of workmen is a party to the dispute". But the present dispute has not been referred under section 2A for adjudication. In the order of reference excepting the portion where the issue is given, there is no mention of the fact that Shri Kapoor is a party to that industrial dispute. The reference makes it abundantly clear that the alleged industrial dispute existed between Messrs. Albert David Ltd., on one hand and their workmen represented by Federation of Medical Representatives' Association of India on the other. The learned lawyer for the Company points out that since the dispute is not a dispute referred for adjudication under section 2A of the Industrial Disputes Act, the present dispute cannot be called an industrial dispute. The learned lawyer submits that the Association which has espoused the cause of Shri Kapoor is a stranger Union and it does not represent the workers of the Company—Messrs. Albert David Ltd. He refers to the evidence of O.P.W. 1 and submits that there are two Unions functioning among the workmen of the Company—one is Albert David Employees' Union and the other is Albert David Workers' Union. The learned lawyer basing himself on this evidence submits that the present Union is a stranger Union and an individual dispute simply because of its espousal cannot turn into an industrial dispute. This witness in his cross-examination admitted that there are 125 sales representatives working under the Company. P.W. 1 Shri Suresh Chandra Ganguly who filed the written statement on behalf of the Association in the capacity of its General Secretary stated that medical representatives and salesmen of medical concerns all over India are members of the aforesaid Association. He further stated that the Association sponsored the dispute of Shri Kapoor before the Labour Commissioner and thereafter the dispute was referred to this Tribunal. Shri Ganguly further stated that the persons named in Ext. 1 were employees of the Company and members of his Association. The names of 17 persons appear in Ext. 1 including the name of Shri Kapoor under the head "Punjab". O.P.W. 1 stated that there are 125 sales representatives working in the Company.

The learned lawyer for the Company contends that out of 125 sales representatives employed by the Company, it appears from Ext. 1, only 17 are members of the Association which has espoused the cause of Shri Kapoor. He further states that he has no knowledge whether the other sixteen persons named in Ext.1 had espoused the cause of Shri Kapoor or not. The learned lawyer, therefore, refers me to a case reported in 1965 (I) L.L.J., page 95. It is a case in which a General Union took up an industrial dispute as some fellow workers of the aggrieved workers were members of that General Union. The dispute of the individual worker was taken up and referred for adjudication at the instance of the General Union of which some of the fellow workers in the establishment were members. In that case, the Labour Court did not consider whether the fellow workmen actually espoused the cause of the concerned workmen by participating in passing a resolution or not. The Court observed—". . .it should not merely be sponsored by a Union which has got a

substantial number of the employees of the particular concern on its roll, but it is also necessary that a substantial number of the employees of the concern, should have supported the decision of the Union to take up the cause of the individual worker. In the absence of these circumstances, the dispute sponsored by the Union cannot be considered to be a collective dispute". The learned lawyer submits that in the instant case there is no evidence available that the 16 workmen other than Shri Kapoor mentioned in Ext. 1 espoused the cause of Shri Kapoor or not. He submits that the espousal of the cause of Shri Kapoor by a General Union cannot constitute an industrial dispute between the Company and its workmen as the two Unions functioning among the employees of the Company have not at all espoused the cause of Shri Kapoor. The learned lawyer thereafter draws the attention of the Tribunal to a case reported in 1964 (I) L.L.J., p. 622. In this case, it was held that the support of 104 out of 2,170 employees in the establishment was not sufficient to convert the cause and dispute of an individual workman into an industrial dispute. The Court held that the number of workmen in the establishment supporting the individual cause could not in the facts and circumstances of the case, be called appreciable or substantial. The Court held that the support of 104 out of 2,170 employees could not convert an individual dispute into an industrial dispute. The learned lawyer submits that in this Company a large number of employees are employed. The number of employees is so large that there are 125 sales representatives. Out of 125 sales representatives alone, only 17 are members of the Association which espoused the cause of Shri Kapoor. The learned lawyer submits that even if all the seventeen sales representatives who were employees of the Company and at the same time members of the Association which espoused the cause of Shri Kapoor, their espousal could not convert the individual dispute into an industrial dispute, because the number of employees of the Company espousing the cause of Shri Kapoor cannot be called substantial.

Thereafter, the learned lawyer for the Company refers me to a case decided by Justice B. N. Banerjee (as his Lordship then was) which is reported is 1963(I) L.L.J., p. 163. In that case, Justice Banerjee observed—"When an individual dispute is taken up by a class of workmen, it becomes an industrial and loses its individual character. When a Union unconnected with the employer-industry concerned takes up the cause of a dissatisfied workman, the dispute does not automatically transform itself from an individual dispute to an industrial dispute. The real test is whether the stranger Union has the backing, sympathy or collaboration of the majority or a large section of the workmen employed in the particular industry and such workmen feel themselves concerned in the dispute. When an individual dispute is taken up by the workmen, employed in that particular industry, it may be presumed that the workmen of that industry have sympathy for the cause of the dissatisfied workmen and that presumption clothes the dispute, even though originally an individual dispute, with the character of an industrial dispute. But if a stranger Union takes up the cause of the individual workman, the onus is on the Union to prove that it has the backing, sympathy or collaboration of a substantial number of workmen employed in the industry. On the evidence on record, it does not appear that the respondent 2, a stranger Union had the required sympathy, collaboration or encouragement of a substantial section of the workers in the petitioner firm". Thereafter, his Lordship went on to say—"But the above judgment need not be used as an authority for the proposition that if there are several departments in an office, take for example, an accounts department, a sales department . . . must be treated as different 'sections' of the establishment and when an industrial dispute is raised by a department only, it has only to be seen whether a substantial number of workmen employed in that particular department were concerned in the dispute". The learned lawyer for the Company pointing to these observations submits that in the present case even if it be said that only a particular department was concerned in this dispute, it would be clear from the evidence that only 17 persons out of 125 would have espoused the cause of the aggrieved workman. The learned lawyer submits that in the facts and circumstances of the case, the Tribunal should held that this is a case of individual dispute and not a case of an industrial dispute. The learned lawyer submitted that the reference was not maintainable.

The authorised representative of the Association who appeared for the Association pointed out to the evidence and submitted that this Union is a Union of Medical Representatives and only Meidcal Representatives can become members of this Association. He submitted that the espousal of the present dispute by this Association would make a so-called individual dispute into a industrial dispute. He pointed out to the fact that as many as 17 medical representatives employed by the Company are members of the Association. Therefore, by espousing the cause of its member, the Association could make a dispute in industrial dispute in law. The representative of the Association, further argued that when a case is referred to the Tribunal for adjudication under section 10 of the Industrial Disputes Act, it did not make any difference whether a minority group of workers made a demand or a majority of them. In this connection, he referred me to a case reported in 1969(I) L.L.J., page 491. This is a Supreme Court case, in which the judgment of the Court was delivered by Justice Gajendragadhkar (as his Lordship then was). The learned representative read out the following passage from the headlines of the report. There it has been stated—further, the majority rule is inapplicable in the matter of reference of an industrial dispute under section 10 of the Act. Even a minority group of workmen can make a demand and thereby raise an industrial dispute which in a proper case would be referred for adjudication under section 10. Relying upon this summary, given in the report, the learned representatives submits that in the present case, the group of 17 workmen which is a minority group belonging to a General Union espoused the cause of a fellow worker through a General Union. The case was referred for adjudication under section 10 of the Industrial Disputes Act. Therefore, the support given by even a minority group of workmen converted the dispute into an industrial dispute. The learned representative submits that the cases cited by the learned lawyer for the Company are of no help to

him because the case cited by him now is a Supreme Court case and it holds the field against all the cases cited by the learned lawyer for the Company.

Now, it is for this Tribunal to consider the submissions made by the rival sides and pronounce its decision.

Generally speaking, a dispute between the employers and an individual workman, though connected with the employment or non-employment or the terms of employment or with the conditions of labour of any workman, is an individual dispute, as it fails to fall under the definition of "industrial dispute" given in section 2(k) of the Industrial Disputes Act. For a dispute to be an industrial dispute, the dispute must satisfy the ingrediants given in section 2(k). Section 2(k) speaks of workmen in plural and not in singular term. But when a dispute between an individual workman and his employer receives the backing, support, sympathy or espousal of his fellow workmen, the dispute then becomes a dispute between the employer on the one hand and his workmen on the other, and, in such a case, an individual dispute acquires the status of an industrial dispute. For a dispute to be an industrial dispute notwithstanding the rigour of section 2(k), it must fall under section 2A, provided the dispute is referred to as a dispute between an employer and a workman arising out of discharge, dismissal, retrenchment or termination of his services. In the instant case, the learned lawyer for the Company argues that the dispute is not an industrial dispute. I have already stated the reasons given by him for his contention. The present dispute has not been referred to this Tribunal as a dispute between Shri Kapoor and his employer. The dispute has been referred as a dispute between the Company (Messrs. Albert David Ltd.) and their workmen represented by Federation of Medical Representatives' Association of India. From the evidence, it appears that this Association does not by and large represent the workmen of the Company. It represents at best only 17 workers of the Company out of a large number of workmen. This Association may be termed as a specialised Association because its membership embraces only medical representatives of different Companies. Admittedly, this Company employs about 125 medical representatives as salesmen. Of them, this Association represents only 17. Therefore, it appears that only an insignificant number of workmen of the Company are members of this Association. It is said that there are 800 workmen working in the Company of whom 125 are salesmen. This Association does not represent any other workmen of the Company outside the list of 17 submitted by it. It further appears that there are two Unions of the employees of the Company but none of these two Unions have lent sympathy to the cause espoused by the Association in question. Therefore, applying the tests laid down in the decisions quoted by the learned lawyer for the Company, I must hold that the espousal of the cause of Shri Kapoor by the Association has not converted the individual dispute into an industrial dispute. The learned representative for the Association relies upon a decision given in a Supreme Court case, but in my opinion the portion relied upon has been torn out of context and the same has been made to do a job which it was not meant to do. In the particular facts and circumstances of the case, a decision was given by the Hon'ble Supreme Court which has now been applied by the learned representative of the Association to a case where the facts and circumstances are quite different. In that case, their Lordships of the Supreme Court were concerned with the fact whether a minority of workmen could terminate an award and thereby raise an industrail dispute or not. The observation made by their Lordships in that case was in the background of section 19(6) of the Industrial Disputes Act. Their Lordships held that even a minority of workmen could terminate an award by giving notice. In my opinion that case does not help the Association at all. In the facts and circumstances of the case, I take guidance from the cases cited by the learned lawyer for the Company and relying upon those cases, hold that the present dispute is not an industrial dispute. The Association which represents only a small fraction of the workmen of the Company cannot convert an individual dispute into an industrial dispute by espousing the cause of the individual specially when two other Unions working among the workmen of the Company have not sided with the cause espoused by the Association. Therefore, the preliminary point of objection raised by the Company succeeds. The Tribunal has no jurisdiction to adjudicate the individual dispute referred to it under the orders of the Government of West Bengal. As the order of reference is not maintainable, the Association is not entitled to any relief from the Tribunal.

This is my award. Usual number of copies of this award be sent to the State Government for necessary action.

By the Government of West Bengal, Labour Department, order No. 1306-I.R./IR/10L-2(A)/63, dated the 26th March 1963, an industrial dispute existing between Shri S. Paikrary, Sleeper Contractor and Labour Supplier to Tatanagar Foundry Co. Issue

Bonus (including Puja/Customary/Profit sharing) payable in 1962.

Usual notices were served on the Company as well as the three Unions from this Tribunal, after receipt of the order of reference.

Nisco and Associated Factories Mazdoor Union appeared and filed its written statement on 19th November 1963. Belur Iron & Steel Workers' Union appeared and filed its written statement on 17th December 1963. Nisco Karmachari Sangha also appeared and filed its written statement on 2nd January 1964. The Company also appeared and filed their written statement on 7th August 1964.

Then after several stages, the case was first fixed for hearing on 15th November 1965. Then on petitions filed either on behalf of the Unions or on behalf of the Company, the case was adjourned on several occasions. The case was first put up before me on 22nd April 1968, the date fixed for hearing of the case. On that date and also on the next adjourned date (24th June 1968), the Company filed petitions for adjournment. On the next date of hearing (21st August 1968), neither party took any steps in the matter of prosecution of this case. I suo moto adjourned that case for hearing till 24th October 1968. On this date (24th October 1968) the Company again filed a petition for adjournment. That day, none on behalf of the three Unions, was present. I allowed the prayer of the Company and the case was then fixed on 26th December 1968 for hearing. Neither party also took any steps on 26th December 1968 and on the next day, on the prayer of the Unions as well as the Company, the case was adjourned till 28th March 1969 for hearing. On this date again, the Company filed a petition for adjournment but none on behalf of the Unions was present. I allowed the prayer of the Company and fixed 30th May 1969, for hearing. This day again (30th May 1969), none on behalf of the Unions was present before me. On Company's further prayer, I adjourned the case till today (8th July 1969) for hearing. Today (8th July 1969) Shri J. D. Mukherji, Advocate, is present on behalf of the Company, but none on behalf of any of the three Unions is present.

From the aforesaid facts and also from the records of the case, it appears that none of the Unions who are made parties to this order of reference, is interested in the matter of proceeding with this case. I am thus convinced that no dispute at present exists between the Company and their workmen represented by the aforesaid three Unions and I hold as such. Accordingly, I pass a "no dispute" award in this case.

This is my award.

Issue

Whether the dismissal of Md. Hussain is justified? To what relief, if any, is he entitled?

On receipt of the order of reference usual notices were issued on the Company and the Union for appearance. Both the parties appeared on 26th September 1968. On 20th January 1969 the Union filed its written statement. The Company also filed its written statement on 6th February 1969.

Admittedly the concerned workman Md. Hussain was a driver of Messrs. Rallis India Limited. He was charge-sheeted on 20th July 1965 on the grounds that on the night of 4th July 1965 he took away the jeep of the Company without the permission of one Shri A. N. Chatterjee, a medical representative of the Company and that on 16th July 1965 he deliberately absented himself from work from 9-30 a.m. to 10-30 a.m. As the explanation of Md. Hussain for the two alleged instances of misconduct was found unsatisfactory a domestic enquiry was held against him. Md. Hussain attended the enquiry and cross-examined the witnesses of the Company and examined his own witness. As a result of the enquiry Md. Hussain was found guilty of the said two misconducts by the Enquiring Officer who recommended that Md. Hussain should be discharged from service. The above recommendation was accepted by the management and Md. Hussain was discharged. The case of the Union is that the enquiry is mala fide; that the punishment was disproportionately severe, so much so, that it amounts to victimisation and that the enquiry was perverse. The Union therefore prays that the order of termination of service of Md. Hussain should be held to be unjustified and he should be reinstated with all back wages and other dues.

The Company opposes the prayer of the Union. Its first objection is that the reference is not maintainable. Next it contends that the enquiry is not mala fide; that the punishment awarded is not too severe and as such it has not amounted to victimisation and that the enquiry is not perverse.

On the above averments the following points arise for consideration :—

(1) Is the reference maintainable?

(2) Is the enquiry mala fide?

(3) Has the punishment awarded amounted to victimisation?

(4) Is the enquiry perverse? and

(5) To what relief, if any, is Md. Hussain entitled?

We shall discuss these points one by one.

Point No. 1. The first objection urged by the Company is a preliminary one. The contention of the Company is that the instant reference is not maintainable. It refers to the first part of the issue referred to this Tribunal. It is as follows :

Whether the dismissal of Md. Hussain is justified ? The Company contends that as a matter of fact, Md. Hussain was not dismissed, he was discharged. With reference to section 10(4) of the Industrial Disputes Act it is argued that the Tribunal cannot travel beyond the issue specified and add nothing beyond the claim stated in the order of reference. It is contended that as the Government has referred to this Tribunal the question of justifiability of the dismissal of Md. Hussain the Tribunal cannot decide if the discharge of Md. Hussain is justified or not. That being so the reference is incompetent. The Union admits that the Tribunal cannot travel beyond the issue referred to it but argues that as Md. Hussain was discharged on a finding that he was guilty of misconduct on two occasions, the discharge amounted to dismissal. In support of its contention the Union has referred the case of Assam Oil Company Ltd., and its workmen reported in 1960 (I) LLJ. 527 wherein it has been held that if it appears that the purported exercise of the power to terminate the services of the employee

was in fact the result of the misconduct alleged against him, then the Tribunal will be justified in dealing with the dispute on the basis that despite its appearance to the contrary the order of discharge is in effect an order of dismissal. It is argued that viewed in the light of the above decision and the fact that in an enquiry Md. Hussain was held to be guilty of misconduct and as a result his services were terminated the termination must amount to dismissal and not discharge though it was described to be so in the order of termination. As against this, the Company reiterates that inspite of the fact, that the services of Md. Hussain were terminated as a result of a domestic enquiry wherein he was held guilty of misconduct the termination has not amounted to dismissal, but it is really the case of discharge as it is described in the order of termination. In support of this case the Company refers to the decision of Swaran Singh and Bombay Garage reported in 1961 (II) LLJ. 40. In this decision the case reported in 1960 (I) LLJ. 587 was considered and it was held that in order to determine whether an order which purports to be an order of discharge is in reality an order other than that of discharge, surrounding circumstances have to be considered. The mere fact that the order of discharge has been passed after the employee has been found guilty of misconduct does not by itself suffice for the purpose of holding that the order is not what its language says or implies but is something different from what the language used in the order implies. An order of discharge may be passed after an employee has been held guilty of misconduct. The authority may take a lenient view of the matter, the authority may take a charitable or generous view and instead of imposing the extreme punishment of dismissal may be content with passing an order of discharge. The Company's case is that in the instant case Md. Hussain was no doubt found guilty of misconduct on two occasions. But instead of imposing the extreme punishment of dismissal the Company took a charitable view and decided to discharge Md. Hussain so that he might be able to claim some benefits in the form of gratuity, etc.

Annexure "C" to the written statement of the Union is the alleged letter of discharge. It has been admitted by both the parties to be a true copy of the letter terminating the services of Md. Hussain. This annexure "C" shows that though Md. Hussain was discharged he was offered one month's pay in lieu of notice and his wages from 1st to 5th September 1965. It also held out a promise to pay gratuity and other dues to Md. Hussain. In a case of dismissal the employee so dismissed forfeits his claim of gratuity. The Company says that in the instant case Md. Hussain was promised payment of gratuity and other dues. So the Company took a charitable view of the misconduct and instead of dismissing Md. Hussain wanted to discharge him. I, therefore, hold that though the services of Md. Hussain were terminated after he was found guilty of misconduct on two occasions the termination really amounted to discharge as described in annexure "C", dated 4th September 1965 and not to dismissal.

Assuming that the termination of the services of Md. Hussain has really amounted to dismissal though it has been described as a case of discharge, this reference is competent. Though in the order of reference this Tribunal has been asked to consider if the "dismissal" of Md. Hussain is justified the real point for consideration of this Tribunal is if the termination of the service of Md. Hussain is justified. In interpreting a reference the Tribunal should not be too technical and should find out what is the real dispute that has been referred to. I think that the real dispute between the parties is if the termination of the service of Md. Hussain is justified and that being so the reference is competent even if the discharge of Md. Hussain has amounted to dismissal. I, therefore, hold that the reference in competent.

Point No. 2. The Union argues that the inordinate delay in charge-sheeting Md. Hussain shows lack of good faith on the part of the Company. It has been decided in 1958 (1) LL.J. 216 that on a reference under section 10 of the Industrial Disputes Act, 1947, the Tribunal can interfere with the result of the domestic enquiry only (1) when there is want of good faith on the part of the Company in charge-sheeting the employee and holding the enquiry against him, (2) when there is victimisation or unfair labour practice, (3) when the management has been guilty of a basic error or violation of the principle of natural justice or (4) when on the materials on record the finding is completely baseless or perverse. The Union argues that according to the Company the first instance of alleged misconduct by Md. Hussain took place on 4th July 1965 and the second instance took place on 16th July 1965, but Md. Hussain was charge-sheeted on 20th July 1965. This inordinate delay in charge-sheeting Md. Hussain shows that there was a lack of good faith on the part of the Company. The Company on the other hand says that undoubtedly there was some delay in charge-sheeting Md. Hussain so far as the first insance of 4th July 1965, is concerned. But this delay does not prove mala fide on the part of the Company. The first instance was reported to the Company by Shri A. N. Chatterjee on his return to the headquarters from Chandannagore where the first instance of indiscipline by Md. Hussain took place on 4th July 1965. The Company did not like to take a serious view of the matter initially but when on 16th July 1965, Md. Hussain committed another act of indiscipline the Company decided to take a serious view of the matter and charge-sheeted him on both the counts of indiscipline on 20th July 1965. It may be pointed out that nowhere in the course of the domestic enquiry Md. Hussain complained of a lack of good faith on the part of the Company on the grounds of delay in charge-sheeting him on the first count of indiscipline. It cannot be gainsaid that there was some delay in charge-sheeting Md. Hussain on the first count of misconduct which he committed on 4th July 1965. But the delay cannot be said to be inordinate and as such this delay is not due to any lack of good faith on the part of the Company.

Point No. 3. The learned lawyer of the Union argues that the punishment awarded to Md. Hussain, in view of the circumstances, amounted to victimisation because the punishment is disproportionately severe. He points out that admittedly the concerned Company has no standing order and no service rules making the misconduct with which he was charged punishable with discharge or dismissal. So the proper punishment will be what a reasonable man with ordinary prudence would have inflicted in similar circumstances. The Company also accept the view. Shri Sen Gupta, representative of the Union, next argues that Md. Hussain was charged with having taken away a jeep of the Company without the permission of Shri A. N. Chatterjee on 4th July 1965 and on 16th July 1965, he deliberately absented

himself from the office for one hour without any reasonable excuse. If these charges were brought home to Md. Hussain a mere suspension for a few days would have been the adequate punishment in the case. Instead of that the service of Md. Hussain was terminated either by discharge or by dismissal. According to Shri Sen Gupta this punishment is disproportionately severe, nay monstrous, and as such, it should be held to have amounted to victimisation and unfair labour practices. In support of his contention that disproportionately severe punishment amounts to victimisation Shri Sen Gupa has referred to the decision of Hind Construction and their workmen reported in 1965 (1) LL.J. 462. It has been held there that where the punishment is shockingly disproportionate regard being had to the particular conduct and the past record or is such, as no reasonable employer would ever impose in like circumstances, the Tribunal may treat the imposition of such punishment as itself showing victimisation or unfair labour practice. The Company accept the view that disproportionately severe punishment amounts to victimisation but argues that the circumstances will show that the punishment imposed on Md. Hussain is not shockingly disproportionate to the misconduct he was found guilty of and in view of his past record. Ext. 1, dated 19th November 1964, is a letter issued by the Company to Md. Hussain which shows that Md. Hussain was warned by it. Next, from the report of the Enquiry Officer it appears that on 4th July 1965, Md. Hussain took away the jeep of the Company and used it for his personal purpose for several hours with full knowledge that such user of the Company's jeep for personal purpose was improper. It also appears from the same source that on 16th July 1965, Md. Hussain deliberately absented himself from office for one hour on a false plea. Not only that, he interpolated the log-book maintained for the vehicles of the Company in the garage. The two instances of misconduct are no doubt gross misconduct. There is no doubt that Md. Hussain was not charged with commission of acts amounting to gross misconduct. But from the facts which were proved Md. Hussain was found to have committed gross misconduct. I admit that individually none of these two instances of gross misconduct would have justified discharge or dismissal; but taken together they justify the termination of service of Md. Hussain in view of the fact that his past record is also not satisfactory. By his gross misconduct Md. Hussain forfeited the trust of the Company. Md. Hussain is a driver and the Company has to leave its vehicles in charge of drivers. But by his conduct Md. Hussain has completely alienated the confidence of the Company and as such, the Company cannot be expected to place any vehicles under Md. Hussain lest he should drive it away to a place of no return and the Company cannot be expected to retain a driver without placing any vehicle in his charge. In the circumstances the punishment awarded to Md. Hussain cannot be said to be shockingly disproportionate to the charge brought home to him. That being so, the punishment awarded to Md. Hussain has not amounted to victimisation or unfair labour practice.

Point No. 4. Lastly, Shri Sen Gupta argues that the finding of the Enquiring Officer in the domestic enquiry is perverse. He points out that the two instances of misconduct with which Md. Hussain was charged were not described in the charge-sheet as gross misconduct. But the Enquiry Officer in his finding held that Md. Hussain was guilty of gross misconduct. In his cross-examination the Enquiring Officer Shri Santanu Mukherjee admits that all misconducts are not gross misconducts and it is very difficult to define what is gross misconduct and what is not. He, however, says that he does not think that by not garaging the car in proper time Md. Hussain committed gross misconduct but adds that by driving away the jeep for several hours for his personal purpose without earning to obtain the permission of Shri Chatterjee he committed gross misconduct. No doubt Shri Chatterjee was estrusted with finding whether or not Md. Hussain was guilty of the misconduct described in the charge-sheet. He, however, did not exceed his limit when he remarked that Md. Hussain was not only guilty of the misconduct with which he was charged but the instances of misconduct of which Md. Hussain was found guilty amounted to gross misconduct. In any case, Shri Mukherjee, as Enquiring Officer, might have given an exaggerated view of the misconduct. Nevertheless he found that Md. Hussain was guilty of misconduct. It connot be said and it is not said that the finding was not based on any legal evidence whatsoever and as such, the finding of the Enquiring Officer cannot be said to be perverse.

Point No. 5. In view of the above findings the termination of the service of Md. Hussain appears to be justified and as such, he is not entitled to any relief.

I, therefore, hold that the dismissal or termination of service of Md. Hussain is justified and as such, he is not entitled to any relief.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 7228-I.R./IR/10L-21(C)/68, dated 25th September 1968, for adjudication of an industrial dispute in respect of the following issue existing between Messrs. Alloy Steel Project under the management of Hindusthan Steel Ltd., Durgapur-8, Burdwan and their workmen represented by Hindusthan Steel Employees' Union, Nachan Road, Durgapur-4, Burdwan :

Issue

Whether the workmen of Alloy Steel Project, Durgapur, are entitled to bonus for the year 1965-66 ? If so, what should be the quantum ?

On receipt of the reference this Tribunal ssued notice to both parties and they appeared d filed their respective statements. The Union d written statement on 12th November 1968 the Company filed its written statement 27th January 1969. Thereafter the Union a rejoinder against the written statement the Company on 24th February 1969. Both arties also filed their list of documents. The se was taken up for hearing on 16th May 1969 nd on behalf of the Company one witness was amined and he was cross-examined by the nion. Several documents were marked exhibit on either side. At that stage both the Company and the Union filed a joint petition praying for the next sitting of the Tribunal at Calcutta for taking further evidence and for hearing of the arguments. This prayer was allowed and the Tribunal sat at Calcutta in the New Secretariat Buildings where the Union examined one witness and also the learned Counsels of both sides argued their respective cases at length.

The Union pleads, inter alia, in the first written statement filed on 12th November 1968 that the Alloy Steel Project is a part of Messrs. Hindusthan Steel Ltd. employing about 4,000 workmen. The services of employees of different units of Hindusthan Steel Ltd., are transferable from one unit to the other. For the year 1965-66 the workmen claimed adequate bonus in terms of Bonus Act, but this prayer was turned down by the Company on the grounds that Alloy Steel Project is a new project and the Bonus Act does not apply and that the Company has not made profit justifying claim of bonus. The Union alleges that both these contentions are incorrect and baseless. The plea of "New Company" is misconceived. Alloy Steel Project is a unit which is a part of Hindusthan Steel Ltd., and is not a Company by itself. The Union asserts that in any event the Company cannot avoid payment of minimum bonus.

The case of the Company in its written statement filed on 27th January 1969 in brief is that Alloy Steel Project (now a Plant) is one of the many units of the Hindusthan Steel Ltd., and it is a separate establishment at Durgapur. The said establishment prepares and maintains separate books of accounts about the affairs of the said establishment ; and its separate Profit and Loss Account and Balance Sheet are andited by qualified Auditors and that at present it employs a little over 4,000 employees. The Company denies that the services of the employees of the four units of Hindusthan Steel Ltd. are normally transferable from one unit to the other, and such transfer, if any, is an exception to the rule, and usually takes place on the seeking of the individual employees in their own interest and/or when suitable candidates are not available within the said establishment. It is contended that the Alloy Steel Plant is a separate establishment for the purpose of the Payment of Bonus Act. It has been preparing and maintaining separate Profit and Loss Accounts and Balance Sheet for this establishment from its inception ; and as the conditions required by the relevant provisions of the Payment of Bonus Act for entitlement to bonus were not fulfilled, no bonus is legally payable by the establishment. It is also submitted that this establishment is a newly set-up establishment within the meaning of section 16 of the Payment of Bonus Act and as such is not liable to pay any bonus or minimum bonus to the employees for the year under dispute. This establishment is entitled to a "Bonus holiday" under section 16 of the Payment of Bonus Act for the year under dispute. The employer submits that this establishment came into existance only in the year 1961 and that the first year production in the units of the said establishment came out only in the year 1964-65, and it suffered consistent loss from the year 1964-65 till the year 1967-68.

In the rejoinder against the written statement of the employer, filed by the Union on 24th February 1969, it is stated that Alloy Steel Project is a part of the Hindusthan Steel Ltd., and the balance-sheet of Hindusthan Steel Ltd. is the

relevant balance-sheet for the purpose. It has been further reiterated that the services of employees are transferable.

Under section 16 of the Payment of Bonus Act, 1965 (Act No. XXI of 1965), where an establishment is newly set up, whether before or after the commencement of this Act, the employees of such establishment shall be entitled to be paid bonus under this Act only—

(a) from the accounting year in which the employer derives profit from such establishment ; or

(b) from the sixth accounting year following the accounting year in which the employer sells the goods produced or manufactured by him or renders services, as the case may be, from such establishment whichever is earlier.

In the instant case before us the Company, i.e., Alloy Steel Project, under the management of Hindusthan Steel Ltd. intends to invoke the provisions of section 16 on the ground that it is a new establishment which has not completed six years of existence and as it is not deriving profit, no bonus is payable by this establishment. The learned Advocate for the Company in this connection referred to paragraph 12.9 of the report of Bonus Commission, 1964, published by the Government of India, Ministry of Labour and Employment (at page 57). It appears that section 16 of the Payment of Bonus Act was enacted in accordance with this report of the Bonus Commission.

The learned Advocate for the Company also referred to sections 3, 4, 8, 9, 14, 16 and 36 of the Payment of Bonus Act and has argued that in all these sections the term "Establishment" and not the term "Company" has been used. But this clearly goes to indicate that the word establishment has been used in this Act to indicate a "Company" as called in common parlance. But whatever may be the term used in the Act, the moot question for consideration in this case would be as to whether this Alloy Steel Project is an establishment separate from the Hindusthan Steel Ltd. or it is a part of that parent establishment, namely, Hindusthan Steel Ltd.

In this connection I may refer to the evidence of the Company's own witness O.P.W. 1 Shri Umapada Chakraborty, the Accounts Officer of Alloy Steel Projects Ltd., who categorically states in cross-examination that by letter, dated 30th November 1960, the Government of India gave sanction for formation of Alloy Steel Plant as a part of Hindusthan Steel Ltd. at Durgapur. It is also the evidence of this witness that there are several steel plants under Hindusthan Steel Ltd. such as Durgapur Steel Plant at Durgapur, Rourkela Steel Plant at Rourkela, Bhilai Steel Plant at Bhilai and Alloy Steel Plant at Durgapur and there is also the Central Coal Washery Organisation at Dhanbad under Hindusthan Steel Ltd. Moreover, this Company, namely, Hindusthan Steel Ltd. has got Head Office at Ranchi, and Sales Office and Transport and Shipping Office at Calcutta. So admittedly all these undertakings come within the management of Hindusthan Steel Ltd.

The Union examined P.W. 1 Shri Suprakash Kanjilal who works in the Finance and Accounts Department of Alloy Steel Plant and this witness avers that this Steel Plant is a part of Hindusthan Steel Ltd. He also says that during the construction period this unit was designated as "Alloy Steel Project", and after the commissioning it is declared as "Alloy Steel Plant" like other units of Hindusthan Steel Ltd. This witness says that he was appointed as U. D. Assistant in Durgapur Steel Plant of Hindusthan Steel Ltd. in September 1960. At that time he came to know that a project in the name of "Alloy Steel Project" would be constructed at Durgapur and the General Manager and the Financial Adviser and Chief Accounts Officer (F. A. and C. A. O.) of the Durgapur Steel Plant would also be the same for Alloy Steel Plant. On that understanding a unit known as "Alloy Cell" was formed in Durgapur Steel Plant, and this witness and other 10 or 12 employees of Durgapur Steel Plant were attached to Alloy Cell for doing work there. After sometime the Alloy Cell was transferred to Durgapur Steel Township Office and then Dr. D. P. Chatterjee joined as General Manager of Alloy Steel Project. P.W. 1 further says that in September or October 1963 he and other employees of the Durgapur Steel Plant, who had been working at Alloy Cell, were asked to join the Alloy Steel Plant where they were absorbed under the same terms and conditions of service ; but he alleges that this was done without their consent.

P.W. 1 Shri Kanjilal testifies that amongst the present employees of the Alloy Steel Plant most of them have come there from other different units of Hindusthan Steel Ltd. Thereafter there was an office order from Durgapur Steel Plant placing their services under the disposal of the General Manager of Alloy Steel Plant and the witness and other employees got their seniority in Alloy Steel Plant in the same manner as they were entitled to while working in Durgapur Steel Plant.

P.W. 1 Shri Kanjilal also avers that the employees are occasionally transferred from Alloy Steel Plant to Hindusthan Steel Plant, and also to other units of Hindusthan Steel Ltd. and vice versa. The evidence is corroborated by the Company's own witness O.P.W. 1 Shri Umapada Chakraborty, who himself was transferred to Alloy Steel Plant at Durgapur in February 1963 from Rourkela Steel Plant where he had been previously attached.

All these facts and circumstances go to show that these different establishments are actually treated as different units of the same establishment namely, Hindusthan Steel Ltd.

Regarding the preparation of balance-sheet and profit and loss account, O.P.W. 1 Shri Umapada Chakraborty says that all the different Steel Plants at Rourkela, Durgapur, Bhilai, etc. and the Fertiliser Plant at Rourkela maintain separate balance-sheet and profit and loss account. But this witness also admits that Hindusthan Steel Ltd. prepares a consolidated balance-sheet by taking all these separate balance-sheet and profit and loss account of different plants. From the Annual Report containing the balance-sheet and profit and loss account of Hindusthan Steel Ltd. for the year as early as 1961 62, Ext. A(1) the figures in respect of Alloy Steel Project appear at page 132, and under the head of "Liabilities" we get separate figures in respect of other units, namely, Durgapur Steel Plant, Rourkela Steel Plant, Bhilai Steel Plant and Head Office. Similarly in the Annual Report of Hindusthan Steel Ltd. for 1963-64, Ext. A(2), the figures for Alloy Steel Project showing the liabilities in respect of other units will appear at page 120. These will go to show that even long before the year in question, namely, 1965-66 separate accounts were being maintained for Alloy Steel Project. It may also be noted that in the Annual Report of Hindusthan Steel Ltd. for the year 1965-66, Ext. A(4) at pages 40, 41, 42 and 43 the assets and the liabilities of all the different units have been separately shown, but the consolidated figures have been taken for the calculation of the accounts. I may also refer to page 147 Ext. A(4) where the assets of Alloy Steel Project along with the liabilities in respect of other units have been shown. At page 149 the total loss for the year has been shown as Rs 11,148,034.

From all these figures appearing in the balance-sheet and profit and loss accounts of Hindusthan Steel Ltd. and also from the statement of O.P.W. 1, it is clear that though separate accounts are being maintained for separate unit, for the purpose of calculation of profit and loss account consolidated figures are taken into consideration. It may be noted that in the office order (annexure to Ext. 1 from the Accounts Officer (Central Accounts) of Hindusthan Steel Ltd., Sales Office, in respect of allocation of revenue expenses of Alloy Steel Project as on 31st March 1968, Rs 2,417.86 has been debited towards bonus paid to other units. But the Company is not paying bonus for the employees attached to this particular unit, namely, Alloy Steel Plant. In other words, profits to other units have been shown by setting off loss of Alloy Steel Plant. The Company's own witness O.P.W. 1 admits that the profits of Rs 16,658,911 shown in the balance-sheet of 1960-61 have been arrived at after setting off the loss incurred by Alloy Steel Plant in that year.

The learned Counsel for the Union referred to a ruling of Madras High Court in the case of K. C. P. Ltd., Central Workshop, Madras Vs. K. C. P. Employees' Association, reported in 1968-ii-L.L.J.-416, where a public limited Company had three units, and the question arose for decision as to whether for the purpose of computation of bonus, one of its units should be considered as a separate entity or the consolidated balance-sheet of the Company should be taken into account for calculating the bonus ; and it was held that the balance-sheet can only be of the Company and not of separate unit. The learned Advocate for the Company submitted that an appeal against the decision is pending before the Hon'ble Supreme Court, but so long this ruling of the High Court has not been overruled, this Tribunal may refer to the same.

On a careful consideration of all the facts and circumstances and the principles of law as shown above, I find that the present case will come under section 3 of the Payment of Bonus Act, 1965. Section 3 lays down :—

> "Where an establishment consists of different departments or undertakings or has branches, whether situated in the same place or in different places, all such departments or undertakings or branches shall be treated as parts of the same establishment for the purpose of computation of bonus under this Act".

The Company wants to take shelter under the proviso of this section which runs as follows :—

> "Provided that where for any accounting year a separate balance-sheet and profit and loss account are prepared and maintained in respect of any such department or undertaking or branch, then, such department or undertaking or branch shall be treated as a separate establishment for the purpose of computation of bonus under this Act for that year, unless such department or undertaking or branch was, immediately before the commencement of the accounting year treated as part of the establishment for the purpose of computation of bonus."

I have already shown from the Annual Reports produced by the Company that this particular undertaking or unit, namely, Alloy Steel Plant had all along been treated as a part of the parent establishment for the purpose of computation of bonus. So the proviso would not be applicable.

O.P.W. 1 Shri Umapada Chakraborty admits that bonus has been given in Bhilai Steel Plant, Rourkela Steel Plant, Durgapur Steel Plant, Head Office of the Company at Ranchi and Sales Office and Transport and Shipping Office for the year 1965 66. But the Company has not paid any bonus to the employees of Alloy Steel Project. This witness could not deny the suggestion that in a dispute in respect of bonus for Rourkela Steel Plant referred to a Tribunal, the Company took the plea that the bonus should be calculated on consolidated balance-sheet, and not an individual balance-sheet.

It is clear that the Company cannot invoke the provisions of section 16 of the Payment of Bonus

Act as it has been established from the evidence, oral and documentary, adduced in this case that Alloy Steel Plant is not a newly set-up establishment, but it is a part of the parent organisation, namely, Hindusthan Steel Ltd. As the unit is suffering loss I find that the employees are entitled to statutory minimum bonus at the rate of 4 per cent. of the salary or wage earned by them according to section 10 of the Payment of Bonus Act.

Accordingly my award is that the workmen of the Alloy Steel Project, Durgapur, are entitled to bonus at the rate of 4 per cent. of the salary or wage earned by them during the year 1965-66.

AWARD

By Labour Department order No. 8917-I.R./IR/11L-31/68, dated 16th December 1968, the Governor was pleased to refer the instant dispute between Messrs. Bihar Restaurant, B/31 Hogg Street, Calcutta-1 and their workmen represented by Calcutta City Eating and Refreshment Establishments Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1967, for adjudication, on the following issue:

Issue

Whether the refusal of employment to the following five workmen is justified: (1) Shri Mainuddin, (2) Shri Younis, (3) Md. Aslam, (4) Shri Ziauddin and (5) Shri Rafique? To what relief, if any, are they entitled?

On receipt of the reference usual notices were issued on both the parties asking them to appear before the Tribunal on 14th January 1969. On that day both the parties returned the duplicate copies of notices and filed letters of authority. The Union was asked to file its written statement by 6th February 1969. The Tribunal lay vacant for sometime and the case was taken up on 23rd April 1969. As no written statement was filed by the Union up to that date, 7th May 1969 was fixed for filing the same. On 7th May 1969 the Union did not take any step and a notice was issued on the Union directing it to file written statement by 24th May 1969. On 24th May 1969 the learned Advocate for the Union prayed for time to file written statement on the ground that the talk of compromise was going on between the parties and 31st May 1969 was fixed for filing the written statement if compromise failed. On 31st May 1969 also the Union did not file any written statement and prayed for time to file written statement on the ground that the talk of compromise was till going on. So 14th June 1969 was fixed for filing written statement by the Union. On 14th June 1969 also no written statement was filed and 30th June 1969 was fixed for passing further orders. On 16th June 1969 the learned Advocate for the Union filed a petition praying for time to file written statement and time was extended up to 30th June 1969 for filing written statement. On 30th June 1969, the learned Advocate for the Union filed a third petition for time for filing written statement on the ground that the talk of compromise was till continuing and 15th July

1969 was fixed for filing written statement. On 15th July 1969 neither party took any steps. It can, therefore, be legitimately concluded that the parties have compromised the dispute between them outside the Tribunal and there is no longer any dispute between them. I, therefore, pass this 'no dispute' award.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Ancillary Industry Products, 16 Ganesh Chandra Avenue. Calcutta and their workman Shri Swadesh Ranjan Bose, 60/30 S. N. Roy Road, Calcutta-38, to this Court by its order No. 5499-I.R./IR/10L-357/67, dated 24th October 1967, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), on the following issue :

Issue

Whether the dismissal of Shri Swadesh Ranjan Bose is justified? To what relief, if any, is he entitled?

Usual notices were served upon the parties directing them to appear on 29th January 1968 and the petitioner-workman to file his written statement by that date. Both the parties appeared on that date and the petitioner-workman filed his written statement. The O.P.-Company was directed by my order No. 2, dated 29th January 1968, to file its written statement by 2nd March 1968. The O.P.-Company did not file its written statement on that date and took time even thereafter and ultimately filed its written statement on 25th May 1968.

The Petitioner-workman's case is that he was a permanent workman serving under the O.P.-Company as an Office Assistant since 1964. He fell sick on 4th February 1967 and was under treatment of a medical practitioner. The fact was intimated to the O.P.-Company and he sent letters, dated 8th February 1967 and 24th February 1967, posted on 9th February 1967 and 24th February 1967 respectively to the Managing Partner for 15 days' leave each time for his illness. These letters were not replied to by the O.P.-Company. After recovery from his illness the petitioner workman went to resume his duty on 6th March 1967 with a fit medical certificate, but he was dismissed from his service without any charge-sheet and domestic enquiry. The O.P.-Company even refused to accept the medical certificate and offered only one month's wages to the petitioner-workman. As he was badly in need of money, he signed the receipt and accepted the money without prejudice to his claim for reinstatement at the dictation of the O.P.-Company. Thereafter he made a representation to the Labour Department for reinstatement and back wages. The Labour Officer convened several conciliation meetings, but to no effect. The petitioner-workman prays for reinstatement and back wages.

The O.P.-Company's case is that the order of reference is not legally maintainable. It has been alleged that on 1st February 1967 the petitioner-workman misbehaved with the Managing Partner and openly refused to carry out his work. This fact has been admitted in writing, vide his letter, dated 12th March 1967, addressed to the Managing Partner. Thereafter, he absented from his duty without any leave or permission, which gave rise to the presumption that he was repentant for the incident and as such he was not willing to work under the O.P.-Company. On 6th March 1967 he came to the office and intimated that he was not willing to work under the O.P.-Company and also collected his dues in full and final settlement of his account and salary for the period and granted receipts accordingly. Even in his appeal to the management, dated 12th March 1967, the petitioner-workman did not allege wrongful termination of his service. At the time of accepting the final payment the petitioner-workman made no reservation of accepting it without

prejudice to his claim for reinstatement, as alleged in his written statement. He was granted a service certificate on 25th March 1967 for the period of his service as he was looking for a prospective job under Messrs. Alliance Engineers (P) Ltd., 67/B Netaji Subhas Road, Calcutta-1, which he secured and is continuing as such. The petitioner-workman voluntarily settled his account and relinquished his job.

The petitioner-workman has examined himself as the lone witness in support of his case. He has stated that he had been dismissed from his service on 4th December 1967. He was attacked with typhoid and was under the treatment of one doctor. He intimated the O.P.-Company of his illness by his letters, dated 8th February 1967 and 24th February 1967. He went to join to his duty after recovery from his illness with a fit medical certificate, when the Managing Partner intimated him that he had been already dismissed from his service. He wanted to know the reasons for his dismissal, which were not disclosed to him. He was offered one month's wages on his agreeing to sign a declaration drafted by the Managing Partner and the petitioner-workman had to accept the proposal, as he was badly in want of money. He signed the draft as such and took one month's wages. He did not relinquish his right to reinstatement. No charge-sheet was served upon him and there was no domestic enquiry. He sent his leave applications under certificates of posting which have been marked Exts. 1 series. He has also proved the medical certificate which has been marked as Ext. 3. He specifically denies that he was absent from his duty on 2nd February and 3rd February 1967 and also that he ever stated that he did not want to continue his service under the O.P.-Company on 6th February 1967. He also denies to have taken certificate from the O.P.-Company to join Messrs. Alliance Engineers (P) Ltd. or of getting any employment after his dismissal. In his cross-examination he has admitted a letter, dated 12th March 1967, sent by him and this has been marked as Ext. A. He also admits that he does not know whether the O.P.-Company received his letters for leave sent on 8th February 1967 and 24th February 1967. He did not intimate the O.P.-Company in his letter, dated 12th March 1967, that he applied for leave before. No forwarding letter was sent along with the medical certificate. He also does not allege of going to join to his duty along with medical certificate in his subsequent letter, dated 12th March 1967. He admits his signatures in 2 receipts, which have been marked as Ext. B series. He also admits that he did not make any written petition at the time of receipt of the money under the receipts Ext. B series. He states that Ext. B series were written as per dictation of the Managing Partner. He has also not intimated by his letter, dated 12th March 1967, that the money he received from the O.P.-Company was irrespective of his claim for reinstatement. He referred to a fault on his part in his letter, dated 12th March 1967. He was to send a book by post on that date and he was given that book 15 minutes before tiffin hours. He went to his tiffin without compleing the task. The task was given to him by the Managing Partner.

The O.P.-Company has examined its Accounts Assistant as the lone witness O.P.W. 1 in support of its case. He stated in his examination-in-chief that on 1st February 1967 the Managing Partner asked the workman to go to a party but the petitioner-workman refused to carry out the job. He came to office after one month on 6th March 1967, but in the next sentence he has admitted that he does not remember the date on which the petitioner-workman next came. He also states that the petitioner-workman claimed his dues on 6th March 1967 and also intimated that he did not want to continue his duty. The entire dues were paid to him in full and final settlement along with one month's wages. The petitioner-workman raised no objection at the time of receiving money on by way of putting his signature. Sometime after he again went to the office of the O.P.-Company and prayed for granting a certificate to him for securing a job under Messrs. Alliance Engineers (P) Ltd. where he used to serve previously. The copy of the certificate was granted to the petitioner-workman has been marked as Ext. C. It is also denied that any application for leave was received from the petitioner-workman by the O.P.-Company or that the petitioner-workman came to join to his duty on 6th March 1967 along with a medical certificate. In his cross-examination O.P.W. 1 states that the petitioner-workman came to the office of the O.P.-Company and met the Managing Partner Shri S. C. Bose. He next admits that the petitioner-workman never intimated in writing that he refused to carry out the order of the Managing Partner. He also does not know whether this allegation has been made in the written statement of the O.P.-Company. He admits that the O.P.-Company keeps attendance register, but he cannot say whether the petitioner-workman would appear to be present on 2nd February 1967 and 3rd February 1967. He next admits that there is no endorsement by the petitioner-workman that he relinquished his service. Exhibit B relates to leave salary. Exhibit B(1) relates to his claim on salary account. He next admits that the letters sent to the O.P.-Company are received by the Secretary or the Director.

The learned lawyer for the O.P.-Company has raised a preliminary point on the ground of maintainability of the order of reference at the time of hearing on merits. This point was taken in the written statement of the O.P.-Company, but was never raised specifically at any time before the date of hearing. He urges that there is no case for dismissal of the petitioner-workman by the O.P.-Company on the case of the petitioner-workman and so the present reference relating to the dismissal of petitioner-workman is incompetent. I have already narrated the facts of the case relied upon by both the parties and it is clear that the petitioner-workman's case is one of refusal of employment by way of refusing him to join to his duties when he went to the O.P.-Company for the purpose on 6th March 1967, as such. The learned lawyer for the petitioner-workman urges that the word dismissal has been loosely used meaning termination of service. He has relied upon the decision reported in 1962 (1) LLJ. 94, to urge that a preliminary point cannot be raised at this stage. I am unable to accept this view and hold that preliminary point relating to a question of law can always be raised even at the time of hearing the case on merits and I do not find the decision reported in 1962 (1)LLJ. 94, to be in any way an authority in support of the contention of learned lawyer for the petitioner-workman. As to the merits on the point of maintainability, however, I am inclined to rely upon the decision reported in 1963 (1) LLJ. 174, to hold that if the existance of an industrial dispute be admitted, as in this case, the order of reference itself would not become incompetent for describing the nature of dispute to be arising from dismissal instead of wrongful termination of service.

The learned lawyer for the O.P.-Company raised another point of maintainability at this stage.

Section 15 of West Bengal Shops and Establishment Act provides for one month's notice in writing or payment of one month's wages in lieu of such notice and also for certain relief in favour of the employees in Shops and Establishment. On the termination of his service in contravention thereof, West Bengal Shops and Establishment Act does not take away the right of a workman to raise an indusrtial dispute under section 10 read with section 2A, Industrial Disputes Act. So I find the present order of reference to be maintainable irrespective of the provisions of Shops and Establishment Act as this is in accordance with the Industrial Disputes Act.

Now to the facts of the case. It is the specific case of the petitioner-workman that he was not allowed to join to his duty on 6th Mrach 1967, when he went to the factory of the O.P.-Company for the purpose by the Managing Partner Shri S. C. Bose and he had to accept one month's wages by signing a receipt and declaration at his dictation as he was in want of money. The case of the O.P.-Company on the other hand is that the petitioner-workman never joined to his duties since his refusal to carry out the order of reference of the Managing Partner on 1st February 1967 and went to the office of the O.P.-Company on 6th March 1967, demanded his dues and collected the sum and also intimated that he did not want to continue his service under the O.P.-Company.

The petitioner-workman has categorically denied that he relinquinshed his job or he intimated that he would not continue his service. His specific statement is that he was not allowed to join his duties, when he went there for the purpose. Admittedly the petitioner-workman was dealt by Shri S. C. Bose, the Managing Partner of the O.P.-Company. For the reasons best known to the O.P.-Company itself, the Managing Partner does not come before the Court to deny the allegations of the petitioner-workman as stated on oath before me. The only support to the O.P.-Company's case comes from the Account Assistant O.P.W. 1, who says that he never had to deal with the case of the petitioner-workman, but he was simply sitting in the same room with the Managing Partner, Shri S. C. Bose. Be it noted that the O.P.-Company has not disclosed any reason for non-examination of the Managing Partner, who was certainly the best witness in support of the O.P.-Company's case. The learned lawyer for the petitioner-workman has urged that it must be presumed that the Managing Partner of the O.P.-Company, Shri S. C. Bose, was not ready to depose falsely on oath and so he has been examined as a witness. This contention of the learned lawyer for the petitioner-workman cannot be lightly brushed aside. As to the petitioner-workman's absence since 2nd February 1967, the O.P.-Company has no case, as the O.P.W. 1 admits even in his examination-in-chief that he does not remember the date on which the petitioner-workman came after 1st February 1967 and in his cross-examination admits that he cannot say whether the attendance register would show the petitioner-workman to be present on 2nd February 1967 and 3rd February 1967. Be it noted that the O P.-Company has not produced the attendance register and on the above admission, I am entitled to presume that attendance register, if produced, would have shown the case of the petitioner-workman to be true. The petitioner-workman has also produced the certificates of posting showing the sending of letters to the Managing Partner on 9th February 1967 and 24h February 1967. This would raise a presumption of letters sent under certificate of posting not only to have been posted but to have reached the addressee. It is true that the petitioner-workman has not produced the copies of the letters sent, but he has stated on oath that he sent applications for leave under these certificates of posting Exts. 1 series O P.W. 1 is certainly not the competent witness to deny that the letters sent by the petitioner workman did not reach the O.P.-Company, as he admits in his cross-examination that the letters sent to the O.P.-Company are received by the Secretary of the O.P.-Company or its Director. The O.P.-Company again for reasons best known to itself has not examined its Secretary or its Director, to deny that the applications for leave sent by the petitioner-workman reached the O.P.-Company. On the above discussions, I am entitled to presume again that the petitioner-workman sent the applications for leave on 9th February 1967 and 24th February 1967, which reached the O.P.-Company but were not replied to. The petitioner-workman has also proved the medical certificate Ext. 3 and I have no reason to disbelieve the medical certificate proved in accordance with the law. This would prove his illness for the period since 4th February 1967 till 5th March 1967. In absence of denial by the Managing Partner, I must also accept the evidence of the petitioner-workman himself that he was not allowed to join his duties on 6th March 1967, when he went to the factory of the O P.-Company for the purpose along with the fit medical certificate Ext. 3.

The O.P.-Company relies much upon the letter Ext. A sent by the petitioner-workman on 12th March 1967 and the receipt Exts. B series. Ext. A clearly shows that there was not relinquishment of job by the petitioner-workman, but his service was terminated. It is rather an approach to the Managing Partner because of the intimate personal relation for reconsiderations. Certainly it is not expected that this letter Ext. A would contain the statement of demands by the petitioner-workman asserting his rights as to be found in written statement filed before this Court or in the representation filed before the Labour Commissioner. This explains clearly the reasons for which the petitioner-workman did not state in his letter Ext. A. dated 12th March 1967, that he applied for leave before or that he went to join to his duties along with a fit medical certificate or that his receipt of money from the O.P.-Company was irrespective of his claim for reinstatement. Exhibit B relates to the payment of leave salary to the petitioner-workman and Ext. B(1) shows payment due to the petitioner-workman after adjustment of advance and contribution to Provident Fund The learned lawyer for the O.P. Company relies upon the decision reported in 1968 (1) LLJ. 356, to urge that by granting receipts there has been an act of waiver on the part of the petitioner workman. This case relates to the payment of retrenchment compensation and closure compensation and it was merely held that acceptance of specific amount in full and final settlement of their claims would show that the workmen granting receipts are estopped from putting forth a further claim for the statutory benefits. In this particular case the petitioner-workman was not claiming any statutory benefit at its money value, but his

right to join to his duties and/or his right of reinstatement because of wrongful termination of his service. It is not a case of accepting certain amount of money in full and final settlement of a bigger sum, which is to be paid under the statute and to accept the contention of the learned lawyer for the O.P.-Company would be to accept that the petitioner-workman relinquished his right to join to his duties or of reinstatement in his service on consideration of the leave pay and notice pay paid to him. In the case of any termination of service certainly the notice pay is payable and the leave pay is always payable to the workman by the industry. Under such circumstances, when the O.P.-Company's case is relinquishment of job, there was no ground for payment of one month's notice pay to the petitioner-workman. The petitioner-workman also had no reason of conceding his right of reinstatement for acceptance of the leave salary, which he could have claimed under any circumstances. It is well settled law that the party which relies upon the contract for adjustment of mutual rights must show that the contracting party, which gave up his rights under certain consideration available to him, agreed to concede to his loss of rights. There is no specific case in the O.P.-Company's written statement of any such contract between the O.P.-Company and the petitioner-workman. There is no evidence whatsoever, that all these considerations were gone into at the time of offer and acceptance of the leave pay and notice pay along with other amount paid to the petitioner-workman under the receipts Ext. B series. The best witness on behalf of the O.P.-Company—its Managing Partner—has been withheld from this Court. The petitioner-workman has categorically stated the circumstance under which he accepted the amount under the receipts Ext. B series. O.P.W. 1 does not say that there was any contract between the petitioner-workman and the O.P.-Company because of which the petitioner-workman wanted to give up his right of joining to his service or of his reinstatement. Be it noted that the O.P.W. 1 has stated even in his examination-in-chief that when the petitioner-workman came to his office on 6th March 1967 he claimed his dues and also intimated that he did not want to continue his service under the O.P.-Company. If that be the fact of the case, the O.P.-Company had no reason to pay the notice pay to the petitioner-workman as well as there was no contract between the parties of giving up any rights or reinstatement by the petitioner-workman. The learned lawyer for the O.P.-workman has rightly relied upon the decision reported in 1956 (1) LLJ. 49, wherein it has been held that "Considering the unequal position between an employer and a needy employee, acceptance by a workman of notice wages and wages due up to the date of termination of service could not be a bar to get any relief by way of reinstatement, unless it is proved that the acceptance was voluntary and made with full knowledge on its consequences". On the above discussion of evidence I found that there was no contract of relinquishment of service on the acceptance of the payment because of the petitioner-workman's want of money at the dictation of the Managing Partner of the O.P.-Company, when he refused the right of employment to the petitioner-workman as such.

The O.P.-Company has not made out any case of abandonment of his service by the petitioner-workman though it has been specifically alleged. The learned lawyer for the petitioner-workman relies upon the decision reported in 1963 (II) LLJ. 638, wherein it has been held "Abandonment or relinquishment of service is always a question of intention, and, normally, such an intention cannot be attributed to an employee without adequate evidence in that behalf." I have already accepted the petitioner-workman's case as to the ground of his absence from his duy and surrounding circumstances and on such finding I accept that he never had any intention of abandoning or relinquishment of his service.

The first part of issue No. 1 is so answered in the negative. The petitioner-workman is so entitled to reinstatement as well as back wages, as if his service was never terminated. The second part of issue No. 1 is so disposed of.

An award be passed accordingly holding that the dismissal of the petitioner-workman is not justified and also that he is entitled to reinstatement as well as back wages as if his service was never terminated and the O.P.-Company be directed to cause reinstatement of the petitioner-workman within one month from the date of publication of this award in the "Calcutta Gazette" and also to pay back wages since the date of termination of his service till the date of reinstatement as such as if his service was never terminated.

This is my award.

In the matter of an industrial dispute between Messrs. Birkmyre Bros. (Pvt.) Ltd., 87 Stephen House, 4 Dalhousie Square East, Calcutta-1, and their workmen represented by Birkmyres' Staff Union, 103 Sitanath Bose Lane, Salkia, Howrah. (Case No. VIII-205 of 1968.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, CALCUTTA.

Present:

Shri H. N. SEN, Judge,
Second Industrial Tribunal.

By order No. 3460-I.R./IR/11L-195/68, dated the 11th June 1968 and subsequent corrigendum No. 2004-I.R./IR/11L-195/68, dated tht 27th March 1969, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Birkmyre Bros. (Pvt.) Ltd., and their workmen represented by Birkmyes' Staff Union, for adjudication on the following issues :

Issues

1. Revision of grade and scales of pay.
2. Dearness Allowance.
3. Retirement Age.
4. Tiffin Allowance.

Both parties filed written statement after service of notice. The Union's case, in brief, is that the opposite party-Company is a highly prosperous and stable concern in the manufacture of textile belting and tarpauline and sale of these products. The head office of the Company is situated in Dalhousie Square where the Company employs six clerks and typist, four peons and one driver besides three officers. The workmen of the head office are very low paid and there is no scale of pay for the driver and the sub-staff. Their annual increment depended entirely on the whims of the management. It is stated that the Company used to pay dearness allowance according to the Bengal Chamber of Commerce Scheme for the clerical staff till 1961. In 1961 the Company ceased to give D.A. according to Bengal Chamber of Commerce Scheme for the rising price index number. Thereafter an agreement was reached between the parties in May 1965, over the issue on dearness allowance effective for two years and the same is still continuing inspite of subsequent rise in the price index number although different mercantile offices in the same region are paying D.A. according to the Bengal Chamber of Commerce Scheme. The position of the sub-staff is still worse because they are paid D.A. at the rate of Rs. 42 and this is continuing since 1965. Prior to that it was only Rs. 30 per month. The Union then states that in the Company there is no system of tiffin allowance but the Company gives two cups of tea and two biscuits in a day free of charge by way of tiffin. The retiring age of 55 years was brought into force under the Mercantile Award of 1949 in which the Company was a party. The Union terminated the agreement of 1965 by letter, dated 10th May 1967, to the Company and placed its charter of demands by letter, dated 8th July 1967. These are annexures A and B respectively to the written statement filed by the Union. As the Company did not concede to the demands the matter had to be referred to conciliation which however proved abortive. Thereupon the present reference was made on the above issues. The Union states further that the demands made in annexure 'B' are too modest and demands on pay scale, D.A. and tiffin allowance find support from annexure 'C' being the ruling rates in the region. As to the retiring age, the Union states that prior to 1949 there was none in the Company and the employees could continue in service till they were physically fit as a matter of right and by way of an implied condition of service. The Union therefore prayed that the retiring age should be 65 for the employees of the Company. The Union further prayed for reliefs on the other issues from the date of the respective demands.

The Company raised some preliminary objections but it did not press it after the necessary correction was obtained by the corrigendum mentioned above. The Company's case on issue No. 1 is a denial of the Union's allegation about the workmen of the head office being low paid. The Company stated that on the industry-cum-region basis the head office employees are paid generously and the emoluments paid to the employees of the other belting industry are not higher than that of this Company so far as the clerical staff was concerned. The Company further stated that in view of the unsound and weak financial position of the Company any further revision of grades and scales of pay would be impossible for the Company to bear and if there is any by-way of revision, the Company would have no other alternative but to close down. On issue No. 2 the Company similarly prayed for rejecting the claim made by the Union in this regard because of the unsound and bad financial position of the Company and it alleged that the D.A. had to be reduced with the consent of the workmen as per Memorandum of Settlement made in 1965. The Company states that there has been no change of circumstances for the increase of D.A. because the financial position of the Company further worsened and any increase of D.A. at this stage would be a severe blow which may strike at the very existence of the Company. As regards sub-staff the Company stated that at present the Durwan is drawing a basic salary of Rs. 100 and D.A. of Rs. 42. The peons are drawing Rs. 71.50 P. and Rs. 78.50 P. with D.A. of Rs. 42 per month. The driver is drawing Rs. 66 and D.A. Rs. 42. The Company further stated that D.A. for the clerical staff and sub-staff being higher than those admitted to similar categories in other belting industries, the concerned workmen cannot justify any higher pay and/or D.A. With regard to issue No. 3, the Company states that it observes the widely accepted principles of the age of retirement at 55 years and there is no reason why the age should be increased when the physical capacity of the workmen definitely deteriorated after the age of 55 years. With regard to issue No. 4 tiffin allowance, the Company stated that it has no capacity to bear any increased expense in this regard on the same ground of bad and unsound financial position. As a matter of fact Government of India had withdrawn Excise Duty imposed on its products

in view of the financial difficulties of the belting industry. In the circumstances and on the ground of financial unsoundness and as also on the industry-cum-region basis, the claim for revision of pay scale and the D.A. and the other reliefs claimed will not be justified.

Appearances of the parties are as follows:

For the Company: Shri C. L. Ganguly, Advocate.

For the Union: Shri D. L. Sengupta, Advocate.

I propose to take up the issues in their reverse order. Accordingly I take up issue No. 4 first. This issue concerns granting of tiffin allowance

Issue No. 4

Union's case is that there is no prevalent system in the Company of granting any tiffin allowance but the Company nonetheless gives two cups of tea and two biscuits on one occasion in the shape of tiffin. Some witnesses were examined to bring on record the system prevalent in some other mercantile offices in the same region. They no doubt show that such other mercantile offices in the same region had the system of granting cash tiffin allowance to their employees and that is also under agreement. We have it in the evidence of the Secretary of the Union. P.W. 3 Nirmal Kumar Ghosh told that two cups of tea and two biscuits on one occasion are being given to the employees at the head office and this was introduced by the Company about two years ago and for sometime it was again discontinued and tea was then supplied to the employees. The Mercantile Award of 1949 concerning Messrs. Birkmyre Brothers (P) Ltd., is Ext. D, issue No. 5 therein concerned question as to the canteen and tiffin. The award on that issue was that those were in the nature of ex gratia payments and as such these were discretionary with the Company. Being so, it cannot in any event be construed as an implied condition of service. Shri Sengupta for the Union cited before me the case of Mcleod & Co. Ltd. versus its workmen, reported in 1964 (I) L.L.J. at page 386. He cited the above case to contend that it could not be construed as an ex gratia payment but as indicated already Ext. D proved that this was held by the Mercantile Tribunal as ex gratia payment. The facts of the case of Mcleod & Co. Ltd., were entirely different. There the Company had been making provision for free tiffin for its employees for a long time before the dispute arose and on that footing it was held that it was an implied condition of service. In addition to wages and D.A., provision for tiffin was construed as an amenity to which the employees were entitled. But here in the present case it was introduced only two years ago and was discontinued for sometime. Conceivably, therefore, it should be construed as an ex gratia payment involving no legal obligation on the employer to make any provision for tiffin to its employees or to give cash allowance for tiffin in lieu thereof. I would accordingly hold that it is discretionary with the management and the workmen cannot insist for any cash or tiffin allowance. Union's claim is accordingly negatived in this regard and the issue is disposed of.

Issue No. 3

True, the retiring age for the first time was introduced on the basis of the Mercantile Tribunal Award Ext. D and the retiring age was 55 years. The Union's case is that there had bees no retiring age fixed before 1949. The employees could continue in service as long as they were physically fit and that as a matter of right and as an implied condition of service. By limiting the age of retirement to 55 years, the employees were put into hardship when there was no other retiring benefit excepting provident fund. Union, therefore, prayed for fixing the retiring age at 65. At the time of argument Shri Sengupta for the Union submitted that it should be at least up to 60 years and in support cited the decision of Supreme Court in the case of British Paints (India) Ltd., reported in 1966 (I) L. L. J. at page 403. In that case the Supreme Court held the age of retirement should be fixed at 60 years because there has been a general improvement in the standard of health in this country and longevity had increased and there will be added advantage that more experienced workmen will be available to the management and that would be a cause for great efficiency. Supreme Court fixed the age of retirement at 60 years as fair and proper but at the same time held that it was subject to special circumstances justifying a lower age of retirement. Having regard to the fact that there is no system of pension in the Company, the age of retirement should be increased but the increase must not be to an extent as would block the way for new entrants to get employment. Considering the present day employment potential, I think the retirement age should be fixed at 58 years and it is awarded accordingly. In this connexion I may further state that in exceptional cases where the employer and employee agree, extension of two years more service may be granted to specially meritorious employees.

Issue Nos. 1 and 2

These two issues being linked together, I have taken up both of them together for consideration.

In the written statement filed by the Union it was only stated that the workmen of the head office are very low paid and annexure 'C' showing the pay scale and dearness allowance of the clerical and subordinate staff of some Mercantile Firms in the same region was held out to justify the Union's claim for revision of grades and scales of pay and dearness allowance. The Company pleaded its inability to bear any further burden on such account because of its weak and unsound financial position and it further averred that on the industry-cum-region basis the head office employees were generously paid and in fact the emoluments paid to the employees of the Companies mentioned in paragraph 7 of the Company's written statement were not higher than those of the opposite party-Company so far as the clerical staff is concerned. Regarding the claim for revision of D.A., the Company pleaded that the D.A. was once before reduced with the consent of the workmen in view of the financial stringency of the Company and since the Company's financial position worsened gradually, any increase in the D.A. at this stage would be a severe blow which may strike at the very existence of the Company.

The Union relied upon Ext. 2 series and 3 to contend that the cost of living index had substantially increased and this was held in support of its claim

for a revision of the grades and scales of pay and dearness allowance. In dealing with the problem of revision of a wage structure, the Tribunal has to keep in mind conflicting considerations which have to be reconciled such as, the need to do social justice, fair distribution, effect of rise in prices, capacity of the employer to bear the burden, wages paid in comparable concerns, etc. It is now well-settled that in matters involving questions such as revision of the wage structure, D.A. and similar conditions of service, the principle of industry-cum-region has to be adopted. For this purpose the Tribunal is required to compare the scales and rates prevailing in similar concerns in the same region with those prevailing in the concern with respect to which the dispute is under consideration. Speaking generally, similar concerns would be those in the same line of business as the instant concern in question. But it should be remembered that even in the same line of business it would not be proper to compare any smaller struggling concern with a large flourishing concern. Then, even in respect of other concerns in the same line of business, the Tribunal has to take note of several relevant factors, namely, the extent of business carried on, the capital invested, the extent of the profits made, their standing, the strength of their labour force, the extent of their reserves, the dividend declared by them in the immediate past, their future prospect and such other relevant factors. If it is found that there is a large disparity between the two concerns in the same line of business it would not be proper to consider it to be a comparable concern and it would be erroneous to fix the wage structure on comparision of the two concerns merely on the ground that both of them were in the same line of business. Only in the event of there being no concern in the same line of business in the same region, the Tribunal will be justified in taking for comparison concerns in the same region any other line of business which are similar. In the case of Greaves Cotton & Co., after referring to Hindusthan Motors Ltd. case and French Motor Car Co.'s case the Supreme Court also laid down that the basis of fixation of wages and D.A. is industry-cum-region and it observed that stress should be laid on the industry part of the formula when there are a large number of concerns in the same region carrying on the same industry. But where the number of the industry of the same kind in a particular region is small, the region part of the industry-cum-region formula would assume importance, particularly, in the case of clerical and subordinate staff, for, as pointed out in the French Motor Car Co.'s case there is not much difference in the work of this class of employees in different industries. In the recent case of Bengal Chemical, reported in A.I.R. May 1969, at page 360 after referring to the case of Ahamedabad Mill Owners' Association versus The Textile Labour Association, reported in A.I.R. 1966 S.C., page 497, the Supreme Court further reiterated and emphasized that industrial adjudication must always take into account the problem of the additional burden which such wage structure would impose upon the employer and ask itself whether the employer can reasonable be called upon to bear such burden.

In the context of the law indicated above, the question involved in these two issues should be determind. Besides stating that the Company is a highly prosperous and stable concern the Union nowhere stated a word in its written statement about the standing and progress of the Company. On the other hand, we have it from Ext. A, Memorandum of Settlement, dated 4th December 1961, that due to adverse financial condition the Company wanted to effect economy and discharged some workmen and took other steps whereupon the Union raised a dispute and it was settled that further retrenchment in future would not be made by the Company without giving notice to the Union in advance and holding discussion with the Union to avoid dispute. One other term of the agreement of 1961 was that the question of restoration of the cut in D.A. or any other cuts in emoluments would be considered by the Company, if and when, its financial condition sufficiently improved. It thus appears from Ext. A that the Union in December 1961 in effect admitted that the financial condition of the Company was not at all sound and the agreement was that the question of restoration of the cut in D.A. or any other cuts in emoluments would be considered by the Company if and when Company's financial conditions sufficiently improved. The word "sufficiently" is relevant in this connexion. Then in 1965 May, there was another Momorandum of Settlement Ext. 'B' in which the Union agreed to accept the difference of D.A. for certain period of 1964 at rates below the rate agreed upon under the Memorandum of Settlement, Ext. B, obviously this was done on the assurance that the question of grades and scales of pay would be reviewed on the expiry of the agreement if the Company was in a position to do so. It will thus appear that the agreement providing for revision of the pay scale and D.A. particularly dependend upon the improvement of the financial position of the Company and the satisfactory trading result of the Company was one factor to be considered along with any abnormal rise of the prices of commodities in the meantime. Ext. 'E' shows that the Central Excise duty of cotton yarn, a basic raw material of the belting industry, was withdrawn because of the difficulties of the member factories and because such belting factories were facing crisis due to high rise of production and keen competition from the international rubber manufacturing units, resulting in gradual loss of both internal and external markets. Then we have it from Ext. G that the opposite party-Company was transferred to the category of a small-scale industrial unit sometime in 1968. This was done in pursuance of a decision taken by the Director-General or Technical Development, Government of India, about which the Company placed the relevant letter of the Government of India on the question at the time of argument. Conceivably therefore at the present moment, the opposite party-Company is borne on the list of small-scale industrial units of the Directorate of Industry and presumably it is so because of its unsatisfactory trading results for the last few years. The Company submitted the letter, Ext. F to the Deputy Labour Commissioner, presumably during conciliation stage detailing therein the pay structure of different belting industries and reiterated therein that its head office staff was getting more wages, etc., than the other belting industries mentioned in page 2 of Ext. F.

That was similarly reiterated also in the written statement filed by the Company, and the Secretary of the Union P.W. 3 Nirmal Kumar Ghosh had to confess that the pay packet of Birkmyre Brothers employees inclusive of D.A. was higher than those of employees in the other belting industries. True, P.W. 3, stated at the same time in his cross-examination that Birkmyre Brothers Pvt. Ltd. was a larger concern and it was because of that fact that the pay packets were higher than those of the employees of the other belting industries. Besides saying so no attempt was made by the Union to show the disparity in the standing between Birkmyre Brothers (P) Ltd., and the other concerns named by P.W. 3, in his evidence. The burden of proof as to the wages in his concern being higher than those prevailing in similar concerns in the region is no dubt on the employer, but in the present case we have an admission about this assertion made by the Company in the evidence of the Secretary of the Union, P.W. 3. The Tribunal has thus reason to hold that the Company has discharged the burden of proof that is upon it in this regard. The Union brought into evidence certain agreements through witnesses examined without however bringing proper materials to show that these were really comparable concerns. In the case of Balmer Lawrie, reported in 1964, (1) L.L.J. at page 380 the Supreme Court held that the question as to which concerns are comparable concerns should not be determined on the oral interested testimony of the parties. It should be determined on material facts and circumstances which are generally proved by documentary evidence. What is the capital invested by the concerns, what is the extent of its business, what is the amount of profits made by the concerns, what is the dividends paid, how many employees are employed by the concerns, what is its standing in the industry to which it belongs, these and other allied matters have to be examined by industrial adjudication in determining the question as to whether one concern is comparable with another in the matter of fixing wages. Viewing the matter in the context of the relevant factors indicated above the Tribunal has no hesitation to hold that there is no material, worth the name to take the Companies as comparable concerns. May be they are in the same region but they are in altogether different industries and as observed already, belting industries in the same region admittedly pay lesser wages in pay and D.A. so far as the clerical staff and subordinate staff are concerned. When there are some such other concerns in the same industry in the same region, the industry part of the industry-cum-region formula cannot be ignored. Therefore, on the materials placed by the Union, no case for revision of wages or D.A., can be said to have been made out on the analogy of Ext. 4 series, merely on the ground of a rise in the cost of living index against the tenor of the two prior agreements of 1961 and 1965.

The only question therefore left for consideration is as regards the financial capacity of the Company. As to that I have already observed that by necessary implication the Union admitted in the agreements of 1961 and 1965 that the Company's financial position was not sound. The balance-sheets and profit and loss accounts Ext. H series also show how the trading results gradually dwindled and the financial position of the Company worsened further. My attention was however drawn to the payment of dividend at 9 per cent. from the reserves, but that is done under the direction of the Directors elected from the entire body of share-holders and being in accordance with the provisions of the Companies Act, it cannot be questioned. In any event, the Union has not been able to prove that the financial conditions of the Company improved, far less sufficiently improved to call for an upward revision of the wage structure and D.A. Being so, however much the demand for revision of wages structure and D.A. might have been said to be justified, on grounds of rise in prices of commodities it should be negatived on grounds of the other relevant factor, namely, the financial capacity of the Company to bear the additional burden sought to be imposed upon it. On such considerations the Tribunal holds that at this stage the Union representing the workmen is not entitled to have any upward revision of the wage structure and also D.A. and it is awarded accordingly.

I have given my anxious consideration to all the issues referred to this Tribunal for adjudication and I have given my decisions thereon. They form my award on the said issues. The award will come into force on the expiry of one month from the date of publication of the award in the "Calcutta Gazette".

(2) (a) **For persons already in permanent service under the Government of West Bengal:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, his/her initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If however, such a recruit is prepared to resign his/her appointment under Government, before applying, he/she will be eligible for the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his/her pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale, provided that he/she has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not, however, be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. STATEMENT OF OBJECTS AND REASONS.

The Calcutta Metropolitan Planning Area (Use and Development of Land) Control Act, 1965, is the only legal tool available for enforcing, in a limited way, the planned development of the fastly developing Metropolitan Planning Area including Haldia. This Act provides for adversely affecting private property-rights without giving a prior opportunity of being heard to the affected property-owners and is thus likely to be challenged as *ultra vires* the Constitution. Also, there has arisen a doubt as to whether there can be various controlled areas within the Metropolitan Planning Area.

The present Bill seeks to remove the aforesaid lacunae and is urgently necessary for smooth working of the Act.

S. LAHIRI,
Member-in-charge.

CALCUTTA,
The 18th August, 1969.

FINANCIAL MEMORANDUM.

The Bill has no financial implication except some likely expenditure on account of issue of notices to and hearing of objections of affected property-owners and compulsory acquisition. The same will be taken care of along with individual control proposals.

S. LAHIRI,
Member-in-charge.

(*a*) tumblers, dishes and plates, wholly or principally made of stainless steel; and

(*b*) electric fans and spare parts, accessories and component parts thereof.

STATEMENT OF OBJECTS AND REASONS.

With a view to raising much needed additional resources for financing the development schemes of the State of West Bengal and also to meet the vastly increased commitments in the non-Plan budget of the State, the Bengal Finance (Sales Tax) Act, 1941, the Bengal Agricultural Income-tax Act, 1944, the Bengal Electricity Duty Act, 1935, the Bengal Amusements Tax Act, 1922, the West Bengal Sales Tax Act, 1954, and the West Bengal Taxes on Entry of Goods in Local Areas Act, 1962, were amended by the West Bengal Taxation Laws (Amendment) Ordinance, 1967, promulgated by the Governor of West Bengal on the 16th November, 1967.

2. The Ordinance provided for the following important amendments in the various Acts:—

(*i*) the Bengal Finance (Sales Tax) Act, 1941, was amended so as to enhance the rate of sales tax on "special goods" enumerated in Schedule II to the Act from ten per cent. to twelve per cent. Also twelve new items of goods were included in the list of special goods. Sales to a registered dealer of raw materials and consumable stores including packing materials and containers required for manufacture of goods including raw materials and stores for raising coal and for generation or distribution of electrical energy which did not attract tax under the Act were made liable to sales tax at two per cent. Certain other minor changes were also made in the Act to plug the loopholes of the Act and to tone up the administrative procedure;

(*ii*) the rates of tax under the Bengal Agricultural Income-tax Act, 1944, in the case of every individual, Hindu undivided family (other than Hindu undivided family consisting of brothers only) and in the case of every company, firm or other association of persons were enhanced;

(*iii*) the rates of duty on electrical energy consumed for lights and fans and also for domestic consumption for purposes other than lights and fans under the Bengal Electricity Duty Act, 1935, were revised. The exemption limit was raised from the then existing fifteen units (per month) to twenty-five units (per month) and the spread of the lowest taxable slab was widened in the interest of comparatively small consumers but the rate of duty was increased in the highest slab where consumption exceeded sixty units;

(*iv*) the rates of entertainment tax under the Bengal Amusements Tax Act, 1922, in all the slabs excepting the lowest one were revised. The rates of betting tax and totalisator tax were also increased from fifteen per cent. to seventeen and a half per cent. Further a new tax, namely, "show tax" was proposed to be imposed on all cinematographic exhibitions to which the Bengal Amusements Tax Act, 1922, applies. This tax was proposed to be levied on the basis of the number of persons admitted to such exhibitions and is recoverable from the proprietor;

(*v*) the West Bengal Sales Tax Act, 1954, and the West Bengal Taxes on Entry of Goods in Local Areas Act, 1962, were amended in order to enlarge the scope of disclosure of information furnished by a dealer.

3. The Legislature of West Bengal having had a session on the 29th November, 1967, the Ordinance referred to above was about to expire on the 9th January, 1968. In order to continue the provisions of the Ordinance, the Governor of West Bengal promulgated the West Bengal Taxation Laws (Amendment) Second Ordinance, 1968, on the 9th January, 1968, with a few minor changes.

4. This Second Ordinance was also due to expire on the 27th March, 1968, as the State Assembly had met on 14th February, 1968, before it was dissolved by the Proclamation issued on 20th February, 1968, by the President under article 356 of the Constitution of India, imposing President's Rule in West Bengal. In order, therefore, to continue the provisions of the Second Ordinance (West Bengal Ordinance No. V of 1968), the President of India enacted, in exercise of the powers conferred by section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1968, the West Bengal Taxation Laws (Amendment) Act, 1968 (President's Act No. 6 of 1968), on the 26th March, 1968, replacing the West Bengal Taxation Laws (Amendment) Second Ordinance, 1968, with slight changes in the rates of electricity duty under a 3-slab structure instead of a 5-slab structure as had been introduced by the two earlier Ordinances.

5. According to the provision of the Constitution, the said President's Act shall cease to have effect on the expiration of a period of one year after the proclamation issued under article 356 of the Constitution has ceased to operate (i.e., from 25th February, 1969) unless the said Act is sooner repealed or re-enacted with or without modification by an Act of the State Legislature. The object of the West Bengal Taxation Laws (Amendment) Bill, 1969, is to re-enact the provisions of the West Bengal Taxation Laws (Amendment) Act, 1968 (President's Act No. 6 of 1968), with the following important modifications:—

(1) Sales to a registered dealer of containers and packing materials which are intended for use by him in the packing in West Bengal of goods manufactured by him in West Bengal for sale have been proposed to be made taxable at the rate of 2 per cent.

(2) Prosperous non-municipal areas are proposed to be included in the 'notified' areas along with municipal areas for the purpose of realising show tax at the highest rate.

No additional expenditure is envisaged for giving effect to the provisions of the amending Bill.

Bolpur, district Birbhum, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Krishna Rice Mill (Partner Shri Gyasiram Khandelwal), P. O. Bolpur, district Birbhum, and their workmen represented by Bolpur Dhankal Mazdoor Union, P. O. Bolpur, district Birbhum. (Case No. VIII-C-53/69.)

AWARD

By the Government of West Bengal, Labour Department, order No. 3838-I.R./IR/11L-316/69, dated the 3rd June 1969, an industrial dispute existing between Messrs. Krishna Rice Mill (Partner Shri Gyasiram Khandelwal), P.O. Bolpur, district Birbhum and their workmen represented by Bolpur Dhankal Mazdoor Union, P.O. Bolpur, district Birbhum, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether the termination of service of Shri Sankar Tewari with effect from 21st March 1968 is justified? To what relief, if any, is he entitled?

Usual notices were issued and the parties were directed to appear before this Court on 11th July 1969. The notices appear to have been served on the parties duly but neither of them did appear in Court or the date fixed, i.e., on 11th July 1969. Instead, an envelope containing a joint application of the parties appears to have been received in this Court on 9th July 1969. The joint application states that the

dispute between the parties has been amicably settled. The joint application appears to have been signed by Shri Santi Ranjan Sen, Secretary, Bolpur Dhankal Mazdoor Union and a partner of Krishna Rice Mills. The signature of the said partner is illegible. In the circumstances of the case I am inclined to think that the parties are no longer interested in the reference and that the dispute between them is no longer in existence. I accordingly pass a 'no-dispute' award.

This disposes of the instant reference.

Issue

Whether termination of employment of Shri Narayan Chandra Saha is justified? To what relief, if any, is he entitled?

Usual notices were served on the Company as well as the Union from this Tribunal after receipt of the order of reference.

The Union appeared and filed its written statement on 16th November 1968. The Company also appeared and filed their written statement on 7th December 1968.

Then after several stages, the case was fixed on 19th June 1969 for hearing. On the prayer of the Union for adjournment that day, the case was actually adjourned to 24th July 1969 for hearing.

In the meantime, today (21st July 1969), both parties have filed a joint petition embodying the terms of settlement and praying for passing an award in terms of the same. The petition has been signed by the workman concerned Shri Narayan Chandra Saha and also the General Secretary of the Union and the Proprietor of the Company.

I have heard the representatives of both the sides and have perused the terms of settlement, which appear to be fair, reasonable and lawful.

AWARD

Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Hindusthan National Glass Manufacturing Co. Ltd., P.O. Rishra, district Hooghly and their workmen represented by the Glass Employees' Union of Goalapara, P.O. Rishra, district Hooghly, to this Court by its order No. 3719-I.R./IR/11L-230/67, dated 4th August 1967, under section 10, Industrial Disputes Act, on the following issue :

Issue

Is the dismissal of Shri Janardan Shaw, Lorry Driver, justified? To what relief, if any, is he entitled?

Usual notices were served upon the parties directing them to appear on 16th September 1967 and the Union to file its written statement by that date. The Union did not appear on that date, but the

O. P.-Company appeared and filed an authority authorising Shri K. P. Mukherjee and Shri J. D. Mukherjee, President and General Secretary of Bharat Employers Association, of which the O. P.-Company is a member, to represent their case. By my order No. 2, dated 16th September 1967, the record was put up on 30th September 1967 for filing written statement by the Union. The Union was absent on that date and by my order No. 3, dated 30th September 1967, the record was put up on 25th October 1967 for filing written statement by the Union. The Union filed a petition for time for filing written statement on that date, which was allowed by my order No. 4, dated 25th October 1967, fixing 7th November 1967 for filing written statement by the Union. The Union filed its written statement on that date. The O.P.-Company was directed to file its written statement by 23rd November 1967 by my order No. 5, dated 7th November 1967. I could not come to Court on that date due to complete dislocation of traffic and by my order No. 6, dated 23rd November 1967/24th November 1967 the record was put up on 7th December 1967 for filing written statement by the O. P.-Company. The O. P.-Company took time for filing written statement on several occasions and ultimately filed its written statement on 16th March 1968, though the date fixed for filing written statement was 12th March 1968, but I was holding Court at Santipur on that date. The case was fixed for hearing on 19th August 1968 by my order No. 13, dated 22nd June 1968. After the case was opened, Shri K. P. Mukherjee, Counsel for the O. P.-Company, urged certain preliminary points, which were taken up for hearing. Witnesses were examined on that date and arguments were heard on 29th August 1968 as to the preliminary points. By my order No. 19, dated 11th November 1968, I found that the preliminary points are answered in favour of the Union, the Union having locus standi to raise the industrial dispute on behalf of the petitioner-workman and the dispute referred being an industrial dispute within the meaning of the Industrial Disputes Act and also this Court having jurisdiction to hear the industrial dispute under the present order of reference. 19th December 1968 was fixed for hearing on merits by my abovesaid order No. 19, dated 11th November 1968. The case was adjourned on a number of occasions thereafter and by my order No. 24, dated 23rd May 1969/7th June 1969, the case was put up on this date for hearing.

Parties have filed a joint petition of compromise on this date under the signatures of Shri J. D. Mukherjee, Advocate for the O. P.-Company and Shri S. Roy, Advocate for the Union, both dated 8th July 1969, intimating that the industrial dispute has been settled out of Court amicably and stating the terms of compromise as such and also pray for passing a 'No-dispute' award recording settlement of the issue referred to as such. There is also an endorsement by Shri S. Roy, Advocate for the Union, that he has received Rs. 1,200 on behalf of the petitioner-workman, in accordance with the terms of settlement as such. On a perusal of the joint petition of compromise, I find the terms to be lawful, reasonable and fair and also that the parties have compromised the entire dispute pending between them as such. I am inclined to pass a 'No-dispute' award on the basis of the joint petition of compromise. A 'No-dispute' award be passed accordingly on the basis of the joint petition of compromise, which he made a part of this award.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 3136-I.R./IR/11L-355/69, dated the 10th May 1969, an industrial dispute existing between Messrs. Tripty Biscuts & Lozenges Co., 156/157 Ahiritolla Street, Calcutta-5 and their workmen represented by Tripty Biscuits & Lozenges Co. Workers' Union, 164 Ahiritolla Street, Calcutta-5, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication in respect of the following issue:

Issue

Whether the termination of employment of Shri Sudhir Das is justified? To what relief, if any, is he entitled?

Usual notices were issued to the parties under Registered Post with A.D. fixing 23rd June 1969 for their appearances. On 23rd June 1969 the parties were present and after hearing that the Union was directed to file its written statement by 9th July 1969. This day however, i.e., on 7th July 1969 the parties have placed on records a joint petition of compromise. The said petition says that the parties have amicably settled their dispute in terms of the said application and that a no-dispute award should be passed in terms thereof. I have heard the parties in the matter. The worker concerned also pledged his oath to say that the dispute between him and the Company had been amicably settled in terms of the joint petition of compromise. The contents whereof were correct. He also said that he had signed the said applicatios voluntarily understanding fully the contents thereof. He also informed us that the Company had paid him Rs. 900 this day in terms of the said joint application and that he had granted a receipt for the same to the Company. In such circumstances, I have no manner of doubt that the parties have amicably settled their dispute as stated in the joint petition of compromise. I have looked into the petition of compromise and I consider the terms thereof as lawful, fair and reasonable. I accordingly accept the said joint petition of compromise and pass a no-dispute award in terms thereof. The joint petition of compromise do form the part of the award. This disposes of the instant reference.

AWARD

The Government of West Bengal, in its Labour Department, order No. 1679-I.R./IR/10L-4/67, dated the 22nd March 1968, referred under the section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Hooghly Docking and Engineering Co. (P) Ltd., 6 Howrah Road, Salkia, Howrah (hereinafter be referred to as the Company), and their workmen represented by Hooghly Dock Employees' Union, 22 Nandalal Mitra Lane, Salkia, Howrah (hereinafter referred to as the Union), to this Tribunal for adjudication on the following issues :

Issues

1. Whether the factory staff and sub-staff are entitled to the Grade and Scale and Leave facilities of Head Office Staff and sub-staff?
2. Whether the termination of service of Shri Bhowani Upadhayaya is justified? To what relief, if any, is he entitled?

A written statement has been filed by the Union, which has alleged that the Company has its Head Office in Calcutta where only a few clerks are employed. About 1,170 workmen have been employed in the Company's factory at Salkia, Howrah, and of them 320 belong to the categories of junior staff, i.e., they are clerks, supervisors, stenographers, typists, computists, draughtsmen and subordinate staff. There is no difference in the nature of the jobs to be performed by the clerks and subordinate staff in the factory and in the Head Office in Calcutta. Nevertheless the Company maintains differences in the wages and leave facilities amongst the staff and subordinate staff in the Head Office and in the Factory Office of Salkia, Howrah. The amount involved in making the revision of pay scales and leave facilities will be Rs. 500 to Rs. 1,000 per month, and so practically there will be no financial burden on the Company. In some respectable concerns no distinction in wages and amenities exists in the cases of clerks and subordinate staff in the Head Office and the Factory Office. The Company is a prosperous and stable one. So there is no reason for discrimination in the existing terms of employment. So the prayer is that the Tribunal should remove such discrimination and allow the Factory staff and subordinate staff the same grade and scale of pay and leave facilities as are enjoyed by the staff and subordinate staff of the Company's Head Office in Calcutta.

The Company has filed a written statement and alleged, inter alia, that in 1901 it was incorporated for doing the business of ship building and ship repairing. Since its incorporation it had been running at a loss. But between 1939 and 1963 it had a fair amount of profits. Again from 1964 the Company has been sustaining heavy loss. In December 1967, the loss incurred by the Company amounted to Rs. 25.32 lacs. The Company has not only lost its entire reserve of Rs. 8,50,000 but has in addition, an unabsorbed loss of Rs. 17.09 lacs carried forward in its accounts. The Company's paid up capital is Rs. 17.5 lacs at present. At present the business is being carried on solely due to the accommodation provided for by the bank and the amounts advanced by its Managing Agents. The total of such amounts is Rs. 74.88 lacs. So the Company is not in a position to bear any additional burden in the shape of revision of pay scales and amenities of the clerks and the subordinate staff of the Factory Office at Salkia, Howrah. The Company and its workmen were parties to the First and Third Omnibus Industrial Tribunals, West Bengal, which adjudicated upon the wages, scales of pay of the workmen of the Engineering Industries. There has not been any change in the circumstances to ask for a revision of the scales of pay and the leave facilities enjoyed by the clerks and the subordinate staff of the Factory Office. The jobs done by the clerks and subordinate staff of the Head Office are entirely different from those performed by the staff and the subordinate staff of the Company's Factory Office.

It has been argued by the learned advocate on behalf of the Union that the oral and documentary evidence submitted by it will show that there is no difference in the scales of pay and leave facilities in the Head Office and the Factory Office of Messrs. Smith Stainstreet Company Ltd. and Messrs. British Paints, which are all comparable concern. The P.W. 4, Birendra Kumar Mitra, Assistant Secretary of the Union, has said that in the Head Office there are only 4 clerks and a bearer, whereas in the Factory Office there are about 200 clerks, supervisors including technical staff, and there are 34 Darwans in their subordinate staff and there is also no difference between the jobs to be performed by the clerical staff and the subordinate staff of the Factory and the Head Office. The balance-sheets Exts. A series filed by the Company will indicate that the ship building and ship repairing work is being carried on by the Company and on 31st December 1967 the "work in progress" involved a sum of Rs. 1,04,98,303. The O.P.W. 1, Jitendra Naht Nandy, Accountant of the Company, has admitted in his evidence that an agreement Ext. 7 was arrived at with the Company with another Union and before such agreement was arrived at, the scales of pay regarding certain employees of the Company were being drawn at a lower rate, as embodied in the document Ext. 8. A comparison of those 2 documents will show that even in 1967 the Company allowed some of their employees to get increment in their wages. So this is a fit case in which the Tribunal should allow the claim and grant the Factory staff and the subordinate staff permission to draw pay and enjoy leave facilities which are shown and enjoyed by the staff and the subordinate staff of the Company's Head Office, as incorporated in the chart Ext. 7.

The learned Counsel appearing on behalf of the Company has submitted that the nature of work done by the factory staff and the subordinate staff is different from that done by the staff and the subordinate staff of the Company's Head Office, vide the evidence of the O.P.W. 1, Jitendra Nath Nandy. There is no evidence that the scales of pay and the leave facilities

enjoyed by the Factory staff and the subordinate staff is unjust or inadequate. It is common ground that there was an award by the Third Omnibus Industrial Tribunal, West Bengal, and thereby the scales of pay and the leave facilities were revistd. It has not been alleged on behalf of the Union that any of the factory staff and subordinate staff gets wages below the rate laid down by that award. So there is no point in allowing the factory staff to get the scales of pay and leave facilities which are enjoyed by the staff and the subordinate staff of the Head Office. Moreover the evidence of the aforesaid witness clearly shows that the Company's financial position is very critical because it has been running at a heavy loss. This witness has stated that in 1965, 1966 and 1967 there was a loss of Rs. 14,39,000, Rs. 55,265 and Rs. 3,65,000 respectively and in December 1967, there was an overdraft of Rs. 63,68,122.37 P. The Company is not in a position to bear the additional burden in the shape of payment of scales of pay at higher rate in respect of the staff and the subordinate staff of the Company's Factory Office. The cases of Airlines Ltd., in A.I.R. 1962 S.C. page 676 and the workmen of Jessop and Company in 1964 (I) L.L.J. 451, have been cited. Moreover there was a resolution by the Board of Directors and it was settled that the benefits enjoyed by the staff of Messrs. Martin Burn and Company were extended to the Company's employees who worked in the same building. In fact, the Company's Head Office is housed in the same building as occupied by Messrs. Martin Burn and Company, which are the Managing Agents of Messrs. Hooghly Docking and Engineering Company (P) Ltd. Here the Company's factory office is not situated in the same building, but is located at Salkia, Howrah. Since the nature of the work of the two offices is different, and the Company is not in a financial position to bear any further burden, this Tribunal should not allow the claim put forward by the Union.

Issue No. 2

It has been argued by both the sides that Bhowani Upadhayaya died after the present reference was made. In that view of that matter, the Union did not press the issue No. 2. Hence this issue is disposed of as not pressed.

Issue No. 1

It will be partinent to give here the scales of pay and leave facilities enjoyed by the Company's Factory staff and the subordinate staff and the Company's Head Office staff and subordinate staff, as incorporated in the chart Ext. 7.

The P.W. 2 Asoke Kumar Das Biswas is an employee of Messrs. Smith Stainstreet Company Ltd., and Joint Secretary of the Union of that Company. He says that his Company's Head Office is at 18 Convent Road, Calcutta, and the Company has branch offices at different places. He further says that the scales of pay and the leave facilities are the same regarding the staff and the subordinate staff of the branch office and the Head Office of that Company. He has also filed a copy of the agreement Ext. 5 to support his statement. Of course, he has stated in his cross-examination that their Company manufacture chemicals, cosmetics and toilets. Nonetheless the clerks have to do almost the same type of work as is done by the clerks of the Company in question because they are not supposed to do any technical work.

Similar observation will apply to the evidence given by P.W. 3 Nirmal Ghosh, who is the Joint Secretary of the Union of Messrs. British Paints Ltd. He has stated that their Head Office is at 32 Chowringhee Road, and their Factory Office at Sibpore Botanical Gardens, Howrah, and the leave facilities and the scales of pay are the same regarding the clerks and the subordinate staff of their Factory Office and Head Office. He has also filed the copy of the agreement Ext. 6 in support of his contention. There is no doubt that he has stated in his evidence that their Company manufacture paints. But as stated before, the nature of the work done by the clerks of their Office will not be different because they have to do clerical job only.

The evidence adduced by the Union in this respect is accepted and it is held that in two concerns, viz., Messrs. British Paints Ltd., and Messrs. Smith Stanistreet Company Ltd., the scales of pay and the leave facilities are the same in respect of the staff and the subordinate staff of the Company's Head Office and the Factory Office.

So the question will arise, whether the same scales of pay and the leave facilities will not be enjoyed by the staff and the subordinate staff of the disputed company's Head Office and the Facory Office. Here there is no question of fixation or revision of scales of pay of all the staff and the subordinate staff of the Company's Head Office because the Tribunal has not been empowered to do so. So this Tribunal will have to consider whether the scales of pay and the leave facilities enjoyed by the Company's Head Office staff and the subordinate staff should also be extended to the clerks and the subordinate staff of the Company's Factory Office.

It will be worthwhile to mention that the P.W. 4 Biren Mitra, Assistant Secretary of the Union, has admitted in his evidence that their Union represents

only the darwans and not the peons. Hence this Tribunal will have to consider the claims of the darwans and not of the peons of the Company's Factory Office.

Regarding the financial position of the Company then the balance-sheets Exts. A series will no doubt show that "work in progress" of the Company involves several lacs of rupees from 1965 to 1968. Nevertheless all those balance-sheets Exts. 3 to A(3) will show that there was a net loss of Rs. 14,39,489, Rs. 55,265, Rs. 3,65,373 and Rs. 7,27,714 from 1965 to 1968 respectively and the Managing Agents had agreed for the 5th year in succession to waive their minimum remuneration of Rs. 36,000, vide the balance-sheet Ext. A(3). The evidence of the O.P.W. 1 Jitendra Nath Nandy, that in December 1967 there was an overdraft of Rs. 63,68,122.37 P. has not been challenged. There is no pleading by the Union that in 1967 there was any revision of pay regarding the Company's oarsman and similar other staff. It is true that if the scales of pay be revised, as asked for by the Union, the Company will have to bear an additional burden of Rs. 1,000 per month, vide the written statement filed by the Union. But the financial position of the Company is very critical and so such additional burden will really be the last stray that breaks the camel's back. So this Tribunal finds that in view of the actual critical financial position of the Company, which has really been struggling for its existence and running at a loss for years on end and depending entirely on bank credit, such additional financial burden cannot be imposed on it.

Now, about the nature of work that is done by the clerks of the Company's Head Office and the Factory's Head Office. The P.W. 4 Biren Mitra says there is no difference between the work to be performed by the clerical staff and the subordinate saff in the factory and in the Head Office and he is aware of the same since he had been to the Head Office on many occasions. True, the O.P.W. 1 Jiten Nandy says that the nature of work done by the clerks of the Head Office and the Factory Office is different because the clerks working in their Head Office have to arrange for money, deal with bank transaction, comply with the provision of the Income Tax and Sales Tax Act, prepare the balance-sheets and the Profit and Loss Accounts of the Company, to make arrangement for the payment of the senior staff and to keep the accounts and do the correspondence work. But this witness is constrained to admit in his cross-examination that about 1,000 workmen work in their Factory and the detailed work is done in their Factory Office and thereafter the records thereof are maintained in their Head Office. He also admits that the Ledgers and Journals are maintained both in their Head Office and the Factory Office and the work of Income Tax Return and Sales Tax Return is done by the clerks of their Head Office and the Factory Office. In the circumstances, the evidence given by the P.W. 4 Biren Mitra is accepted and it is held that the nature of work done by the clerks of the Company's Head Office and the Factory Office is almost the same and not different. Of course, there is no grievance regarding the peons, as stated before, and the Union has pressed the claims of the durwans of their subordinate staff, as already stated, the P.W. 4 Biren Mitra has stated that there is only one bearer and 4 clerks in their Head Office. This has not been challenged.

The learned Counsel appearing on behalf of the Company has referred to the Award passed in the case of Raja Bagan Docking Company. But in that case, the Company's Head Office was a fullfledged one, whereas in the present case, the Company's Head Office is only a nominal one because only 4 clerks and 1 bearer work there. So that case is of no avail to the Company.

Reference may be made to the case of Greaves Cotton and Company in 1964 (I) L.L.J. 342 to show that in fixing the scales of pay, the Tribunal should consider the principle of industry-cum-region basis and the financial capacity of the employer has to be considered and where there is a large number of industrial concerns of the same kind in the same region, it would be proper to put greater emphasis on the industry part of the industry-cum-region principle. But where the number of comparable concerns is small in a particular region, the region part of the industry-cum-region formula assumes greater importance. There is no denial that the Company which deals in docking and engineering work, is rare in the whole of India and hence we are not dealing with a case where there is a large number of industry of the same kind in the same region. Naturally this Tribunal shall have to consider the region part of the industry-cum-region formula with reference to the clerks and subordinate staff of the disputed Company's Head Office and Facory Office.

The evidence of the P.W. 2 Asoke Das Biswas of Messrs. Smith Stanistreet Co. Ltd., and of the P.W. 3 Nirmal Ghosh of Messrs. British Paints Ltd., has already been dealt with and this Tribunal has found that the scales of pay and the leave facilities enjoyed by the clerks and the subordinate staff of those comparable concerns of the same region are the same. Here we are dealing with the scales of pay and the leave facilities of the same Company having two offices. Since it has been found that the nature of work of the clerks of the Company's Head Office and the Factory Office is the same, there is no reason why the scales of pay and the leave facilities enjoyed by the Company's clerks of the Head Office and the subordinate staff should not be extended to the clerical staff and the subordinate staff of the Company's Factory Office at Salkia, Howrah, provided that the Company has the financial capacity to bear the additional burden.

The Chart Ext. 7 submitted on behalf of the Union is defective inasmuch as the leave facilities enjoyed only by the junior staff of the Company's Factory Office has been stated therein. But there is no mention therein about the leave facilities enjoyed by the four grades of the Company's clerical staff. Further that list Ext. 7 throws no light as to what leave facilities are enjoyed by the subordinate staff of the Company's Head Office. There is no averment by the Union that the existing scales of pay are unjust or inadequate or the same are even lower than that fixed by the Award passed by the Third Omnibus Tribunal, West Bengal. But since it has been found that the nature of the work of the clerks of the Company's Head Office and the Factory Office is almost the same, this issue would have been decided in favour of the Union if the Company's financial position were not adverse.

Nevertheless, there appears to be a silver lining in the case and we cannot help mentioning it before parting with this case. The latest balance-sheet of the Company, Ext. A(3) discloses—

"During the current year there has been some improvement in the activity of your Company but it is too early yet to predict how long the improvement will last and what the trading results are likely to be."

So if the financial position of the Company continues to improve, that will be a change in the circumstances which may call for such revision, because it will no longer suffer any loss and in that event, the clerical staff and the subordinate staff of the Company's Factory Office can again press those claims before the Government and then if a reference is made, an appropriately constituted Tribunal can adjudicate upon such claim.

In view of the aforesaid discussion this issue is disposed of accordingly.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. J. B. & Co. and their workmen represented by J. B. & Co. Workers' Union to this Tribunal by its order No. 5621-I.R./IR/13L-17/68, dated 24th July 1968, under section 10 of the Industrial Disputes Act for adjudication on the following issue:

Issue

Whether the termination of services of Sarvasree (a) Jahangir, (b) Ajit Kumar Nandi, (c) Showkat, (d) Latif, (e) Lalchand, (f) Sk. Jafar, (g) Shafique Khan and (h) Lalu Prasad is justified? To what relief, if any, are they entitled?

This is a reference under section 10 of the Industrial Disputes Act. The matter arises out of termination of services of 8 (eight) workmen of Messrs. J. B. & Co., a partnership firm, as the allegations are without assigning any just or reasonable cause. All the dismissal took place so to say in course of a week or so. After notice to the respective parties, the management and the Union entered appearance and filed their respective written statements and that was on 2nd September 1968 by the Union and on 14th January 1969 by the management. Thereafter a date was fixed for filing documents but the management did not file any documents and ultimately the matter was fixed for hearing on 9th April 1969. Since then, however, there were two adjournments, one was taken by Shri Saha appearing for the Union and thereafter on 4th July 1969 both of them verbally asked for an adjournment and I granted their prayer. Today was the date for hearing of the case. I waited till 12 o'clock. Shri Sarkar appearing for and on behalf of the management did not turn up and I had to take up the matter ex-parte in the absence of Mr. Sarkar.

Shri Saha appearing for the Union examined three witnesses—(1) P.W. 1 Shri Ajit Kumar Nandy, (2) P.W. 2 Shri Shafique Khan and (3) P.W. 3 Shri Fani Mukherjee. The lastnamed witness is the Secretary of the Union. The first witness P.W. 1 Shri Ajit Kumar Nandy deposed corroborating the statement of the Workers' Union. He told how one by one of those employees were dismissed without being assigned any reason and without any just or reasonable cause. The evidence as has been adduced indicates that there was a spirit of victimisation and some kind of sinister motive of the employers in dismissing those workmen. It may well be that the

management was apprehensive of the formation of the Union, and as the management did not come forward to resist it or to challenge or to controvert the allegations, I have to accept the evidence adduced by the dismissed employees and therefore the allegations remains uncontroverted. Another workman Shri Shafique Khan P.W. 2 has deposed before me. He is one of the dismissed employees. His case is also very strange and prima facie exposes a sort of vindictiveness on the part of the management. Shri Shafique Khan went on leave. He sent a registered letter to the Company enclosing therewith which he says a medical certificate but really stating therein that he was running high temperature and after a few days he approached the management, but he was summarily dismissed. This action or conduct on the part of the management in dismissing him and/or terminating his services do not augur well for the management. Under no principles of law, justice or equity such termination can be justified. P.W. 2 has, however, stated that he is now employed somewhere for the last 4 months and another workman Shri Lalu Prasad is employed for last 6 months in a Gas Company.

Under the circumstances, I find the termination of the services was wrongful, mala fide and was engendered by a spirit of victimisation without any proper or just cause and as such, such termination is liable to be set aside and I set it aside.

So hereby I direct reinstatement of the abovesaid 8 (eight) workmen and I further direct that Messrs J. B. & Co. to pay all of them excepting Lalu Prasad and Shafique Khan their back wages from the date of their dismissal, but however, as Lalu Prasad became employed for last 6 months in a Gas Company and Shafique Khan is employed in another concern for last 4 months I direct that Lalu Prasad will get his back wages up to December 1968 and Shafique Khan will get his back wages till February 1969. The award is to be implemented—that is to say reinstatement to be effected and payment to be made within one month from the date of the publication of the award.

This is my award.

AWARD

By Labour Department, order No. 5879-I.R./IR/11L-281/68, dated 7th August 1968, the Governor was pleased to refer the instant dispute between Messrs. Shree Vishudhanand Saraswati Aushadhalaya, 37 Burtolla Street, Calcutta-7, and their workmen represented by Employees' Association, 26/8 Dum Dum Road, Calcutta-2, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

Issue

Whether the termination of service of the following workmen is justified? What relief, if any, are they entitled to?

(i) Sm. Nani Bala Roy.
(ii) Sm. Bhagawati Singh.
(iii) Sm. Manju Mukherjee.
(iv) Sm. Parul Dey.
(v) Sm. Radha Rani.
(vi) Sm. Tarulata Ghosh.

On receipt of this reference the parties were served with usual notices fixing 27th August 1968 for appearance and for taking necessary direction regarding filing of written statement. On that day both the parties appeared. On 16th September 1968 the Union filed

their written statement. The Company took several adjournments for filing written statement and on 26th November 1968 the Company, ultimately, filed its written statement. After all the preliminary steps were taken 17th June 1969 was fixed for hearing of the reference. On that day all the six workmen concerned were examined and Exts. 1-12 were marked on behalf of the Union. Exts. A and B also marked for the Company. Then 8th July 1969 was fixed for further evidence. On 8th July 1969 the case was adjourned to 24th July 1969 on the prayer of both the parties. On 21st July 1969 both the parties filed a joint petition of compromise and by another petition prayed that the case might be taken up on that day. Accordingly the case was taken up for hearing on 21st July 1969.

The petition of compromise bears the signatures of the Secretary of the Union and the Manager of the Ausadhalaya. It also contains the signatures of the workmen concerned who admitted before me that they have compromised the dispute with the Ausadhalaya on receipt of the amounts mentioned against their names in the petition of compromise. Next, they said that they executed the petition of compromise out of their own free will and signed the petition after fully understanding the implications of the terms thereof. The terms of the petition of compromise appear to be not only lawful but beneficial to the workman. Hence, the terms of compromise are accepted and the reference is disposed of in terms thereof. The petition of compromise shall form a part of the award as Annexure "A".

Issue

Bonus for the accounting year ended 31st December 1964.

Usual notices were served on the Company as well as the Union from this Tribunal, after receipt of the order of reference.

The Union appeared and filed its written statement on 26th May 1966. The Company also appeared and filed their written statement on 6th July 1966.

The case was taken up for hearing on 12th August 1968. One witness was examined on behalf of the Union. On the other hand, the Company also examined only one witness, their Senior Clerk in the Sales Tax Department of the Calcutta Office. Documents were proved and exhibited on behalf of both the sides. Then on the prayer of both the parties, the case was adjourned for hearing arguments.

Today (13th July 1969), the case is taken up for hearing arguments, both parties have filed a joint petition of settlement stating that the dispute was settled amicably out of Court and praying for passing a 'no-dispute' award.

I have heard the representatives of both the sides and have perused the terms of settlement. As both parties prayed for passing a 'no-dispute' award in this case, I am of opinion, that no dispute exists between the parties at present.

Accordingly, I pass a 'no-dispute' award making the joint petition filed by both parties today, a part of this award.

Workmen's Union, 43/1 Baikuntha Chatterjee Lane, Howrah (hereinafter referred to as the Union), to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue :

Issue

Whether the lay off of the following workmen from 19th April 1966 to 13th June 1966 and from 21st June 1966 to 7th August 1966 is justified ? To what relief, if any, are they entitled ?

(xiv) Shri Suprakash Maity,
(xv) Shri Pulin Bhandari,
(xvi) Shri Sufal Hazra,
(xvii) Shri Bonomali Karar.

After service of notice both the parties appeared and filed their respective written statement.

The case of the Union as made out in the written statement is as follows :

The existing pay and dearness allowance of the workmen of this Company being very inadequate, the workmen raised industrial dispute with regard to revision of pay and scales. Since then the management has been trying to terrorise the workmen so that they may not strengthen the cause of the Union. The Company is trying to victimise the workmen who take party in trade union activities, and has actually victimised some of the workmen by wrongful dismissal from

service and also by other means. The management illegally laid off 17 workmen whose names are mentioned in the order of reference in two instalments without serving a proper notice on them individually stating reasons in justification of such lay off. In the first batch nine workers (serial Nos. 1 to 9) were laid off from 19th April 1966 till 13th June 1966, and in the second batch the remaining eight concerned workmen (serial Nos. 10 to 17) were laid off from 21st June 1966 till 7th August 1966. The laid off workers went to record their hazira as usual but they were not allowed to enter the factory premises; on the contrary they were directed to stay outside the factory gate up to 11 a.m. The laid off workers presenting themselves for hazira at the factory gate everyday insisted on having attendance card for each of them, i.e., a document in proof of their record of hazira during the period of lay off, but the management did not furnish them with any such document. The laid off workers are all permanent hands with a clean record of service for a pretty long time, and some of them are members of the Executive Committee of the Union. Out of the eight laid-off workers in the second batch, two, viz., Sufal Hazra and Bonomali Karar, were suspended from service since 21st June 1966, and they are still kept under suspension. The management has not paid lay-off compensation to any of the seventeen concerned workmen. The Union placed their grievances before the Assistant Labour Commissioner, Howrah, but the management did not attend the joint conference before the said officer. It is submitted on behalf of the Union that the lay-off being unjustified, the concerned workmen are entitled to get full back wages for the entire period of such unjustified lay-off. Alternatively, the Union has prayed that even if the lay-off is found to be justified, the concerned workmen are entitled to get 50 per cent. of their basic wages and dearness allowance for the total period of lay off

The case of the Company as made out in their written statement is given below :

Shri Manmatha Nath Khan who has signed the written statement of the Union as Secretary is not, in fact, the Secretary of the Union and as such, he has no authority to represent the Union before the Tribunal. Sufal Hazra (serial No. 16) and Banamali Karar (serial No. 17) are not in the employment of the Company and as such they are not workmen within the meaning of the Industrial Disputes Act. Workmen named in serial Nos. 1 to 9 were laid-off from 19th April 1966 till 2nd June 1966, and not up to 13th June 1966 as stated by the Union. Workmen named in serial Nos. 10 o 15 were laid-off from 21st June 1966 till 5th August 1966, and not up to 7th August 1966 as stated by the Union. The lay-off could not be effective due to the fact that most of the laid-off workers represented that they were sick and they obtained sick certificates from their respective panel doctors of E.S.I. Corporation. Those workmen accordingly obtained medical benefit and money for those days for which they represented themselves to be sick from the E.S.I. Corporation. The workmen named in serial Nos. 16 and 17 were suspended from 18th June 1966 onwards covering the whole period of lay off. Their suspension was for their gross misconduct with which they were charged as per charge sheet, dated 18th June 1966. Subsequently, after holding domestic enquiry in accordance with the principles of natural justice both the workmen were dismissed from service with effect from 6th March 1967; and the Company filed application under section 33(2)(b) of the Industrial Disputes Act for approval of their dismissal before this Tribunal. The reasons and grounds of lay-off were duly stated in the respective lay off notices. The laid-off workmen were specifically asked by the said notices to attend the factory gate and to put their signatures or L.T.I. in a special register maintained for the purpose of lay off, but none of the concerned workmen complied with the said instruction. The Company depends upon the Indian Railways for about 90 per cent. of its business, but the Railways have almost stopped giving orders to the Company as well as to other concerns for a considerable time before the lay off, and situation is the same even now. The Company craves leave to produce relevant facts and figures in this regard at the time of hearing.

At the outset the Company has taken a preliminary objection to the effect that Shri Manmatha Nath Khan, who has signed the written statement of the Union as Secretary, is not, in fact, the Secretary of the Union, and that as such, he has no authority to represent the Union before the Tribunal. On behalf of the Company reliance has been placed on two agreements between the Company and the Union—one dated 11th November 1967, (Ext. M), in which one Sailendra Nath Haith signed as Secretary of the Union, and the other, dated 29th September 1965 (Ext. M/1), in which also Shri Haith has signed as Secretary of the Union. Reliance has also been placed on two letters received by the Company (Exts. M/2 and M/3), from Shri Haith who described himself as Secretary of K. P. Das and Co. Workers Union. Ext. M/2 is dated 17th January 1966 and Ext. M/3 is dated 18th April 1967. The Union, on the other hand, has produced a series of documents, namely, Ext. 1 series, Ext. 2, Ext. 3, Ext. 4, Ext. 5 and Ext. 6, to show that at the relevant time, i.e., since immediately after the lay-off of the first batch of workmen till the end of July 1966, there had been series of correspondences between the Union and the office of the Assistant Labour Commissioner, in which the name of Shri Manmatha Nath Khan has been shown as the Secretary of the Union. There is nothing on record to show that any other person appeared before the Assistant Labour Commissioner at any stage representing the said Union. Sailendra Nath Haith, alleged Secretary of the Union, has also not appeared before the Tribunal to say that the Union is not representing the case of the laid-off workmen before the Tribunal or that Shri Khan is not the Union's representative. On the materials before me, I therefore overrule the preliminary objection taken by the Company and hold that Shri Manmatha Nath Khan was the Secretary of the

Union at the relevant time and that he has the authority to represent the Union before the Tribunal.

The Union has not seriously challenged the justification of lay off of 17 concerned workmen. By the lay-off notice, dated 18th April 1966 (Ext. J), nine workmen (serial Nos. 1 to 9) were laid-off from 19th April 1966 ; and sharp decline in the volume of pending orders and business of the Company were shown as grounds for such lay-off. On 2nd May 1966 the Company issued a letter (Ext. D), extending the said lay-off for a further period of one month on the same reason as mentioned in the lay-off notice (Ext. J), dated 18th April 1966 and sent a copy of this letter individually to each of the nine laid-off workmen by post under certificate of posting. Thereafter on 8th June 1966 the Company sent a copy of the letter, Ext. H, to each of those nine laid-off workmen under certificate of posting directing them to report for duty within three days of receipt thereof. It was notified in the said letter, Ext. H, that failing compliance with the direction given in the said letter they would be deemed to have left service on their own accord. It appears from the record that thereafter the Company laid-off the remaining eight concerned workmen (serial Nos. 10 to 17) by the notice, dated 18th June 1966 (Ext. J/1), on the same grounds as given in the earlier lay-off notice (Ext. J). In support of the grounds of lay-off O.P.W. 1, Shri S. N. Bagh, an employee of the Company, has produced the Order Register of the Company, Ext. B, and the extracts prepared by him therefrom (Ext. B/1). It is clear from those two exhibits that there has been a sharp decline in the Company's pending orders since March 1964, till August 1966. Decline in the Company's business at the time of lay-off of the concerned workmen has not been seriously challenged by the Union. The only suggestion put forward by the Union to O.P.W. 1 is that the pending orders as those stood on 1st April 1966 were sufficient to give employment to those laid-off workers; which suggestion was, however, denied by O.P.W. 1. Even P.W. 2, Rati Kanta Kolay, admitted in cross-examination that there were about 150 workmen working in this factory about 5 or 6 years back, and that there are at present only 40 workmen working here. P.W. 3, Pulin Behari Bhandari, has also given the same version. On the materials produced before me, I am satisfied that the lay-off of the 17 concerned workmen is justified.

The next and the most important point urged by the Union is that even if the lay-off is justified, the concerned workmen are entitled to get 50 per cent. of their basic pay and dearness allowance for the total period of lay-off, i.e., lay-off compensation as provided in section 25C of the Industrial Disputes Act. It is provided in section 25E(ii) of the said Act that no compensation shall be paid to a workman who has been laid-off if he does not present himself for work at the establishment at the appointed time during the normal working hours at least once a day. There has been much argument on behalf of both the parties regarding interpretation of the term 'appointed time' as mentioned in section 25E(ii) of the Industrial Disputes Act. It is submitted on behalf of the Union that 8-30 a.m. is the appointed time as it is the usual time of attendance in the factory and also the time when the factory starts. The Company, on the other hand, contends that 10 a.m. was the appointed time for the laid-off workers as such time was specifically mentioned in the notices, Ext. J and Ext. J/1. P. W. 2, Rati Kanta Kolay, has deposed that on the days of lay-off the laid-off workers used to go to the factory gate daily at usual time, that no attendance card was issued to the workmen in spite of their demand for such cards, and that the management has denied to pay him lay-off compensation. P.W. 3, Pulin Behari Bhandari, has also deposed to the same effect. O.P.W. 1, Shri Bagh, has deposed that the laid-off workers were asked to present themselves at the gate at 10 a.m. He is fully corroborated by the lay-off notices, Ext. J and Ext. J/1. O.P.W. 1 has stated further that during the period of lay-off he was present at the factory gate to note the attendance of the laid-off workers, that the workers who are concerned in this reference, did not turn up during that time, that another laid off worker named Lakshman Naskar attended factory and put his thumb impression on the Attendance Register of lay-off workers (Ext. E), and that Lakshman Naskar received laid-off compensation under two receipts collectively marked Ext. E/1. O.P.W. 1 has also stated that during the period of lay-off he was present at the factory gate to note the attendance of the workers including laid-off workers from 8-30 a m. to 10 30 a.m., that besides Lakshman Naskar no other laid-off worker was present at the gate at the appointed time, and that the laid-off workers who produced E.S.I. medical certificate (Ext. F series) received medical benefit for the period of certified sickness. On the materials before me, I am inclined to hold that none of the concerned workmen attended the factory gate during the period of lay-off at 10 a.m., i.e., at the time notified in the lay-off notices (Ext. J and Ext. J/1). In my opinion, "appointed time" as mentioned in section 25F(ii) should be construed in the instant case to be 10 a.m., i.e., the time notified in the notices, and not 8-30 a.m. which was the usual time of attendance at the factory. In view of my above findings, I cannot but hold that the concerned workmen are not entitled to get any lay-off compensation.

Regarding Sufal Hazra and Bonomali Karar, O.P.W. 1 has deposed that they were laid-off and suspended on the day of lay-off, i.e., on 18th June 1966, and that suspension followed lay-off. This is also admitted by P.W. 1 Manmatha Khan, Union Secretary, in cross-examination. It appears from the certified copy of the orders of this Tribunal, Ext. C, that these two workmen were subsequently dismissed from service after the domestic enquiry and that their dismissal was approved by the Tribunal. It is also admitted by both the parties that Bijoy Dutta (Serial No. 7) is now dead.

On the materials in record and in view of what I have stated above, I therefore hold that the lay-off of the concerned workmen is justified and that they are not entitled to any relief.

This is my award.

In the matter of an industrial dispute existing between Messrs. Francis Klein & Co. Private Ltd., 1 India Exchange Place, Calcutta-1 and their workmen represented by Francis Klein & Co. Employees' Union, 12A Netaji Subhas Road (1st Floor), Calcutta-1. (Case No. 149 of 1967.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri J. R. Jain, Labour Adviser of the Company.

Present for the Union: Shri Ramen Banerji, Advocate.

By the Government of West Bengal, Labour Department, order No. 1214-I.R./IR/10L-20/66, dated the 31st March 1967, this industrial dispute between Messrs. Francis Klein & Co. Private Ltd. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Is dismissal of Shri Kajiman Singh justified? What relief, if any, is he entitled to ?

On receipt of notice from the Tribunal both the parties made their appearance and filed their respective written statement.

The case of the Company is as follows : Kajiman Singh was an employee under the Company as a Durwan, and he used to sleep in the Show Room of the Company. Basunandan is another Durwan of the Company. In the early hours of the 11th September 1965 Basunandan noticed a bi-cycle by the side of the Show Room of the Company. He then saw Bhola Show coming out of the Show Room carrying with him a tin box. Bhola Singh put the tin box on the bi-cycle. Basunandan challenged Bhola Show and discovered that the tin box contained brass shavings. Being asked Bhola Show told him that Kajiman Singh had given him those brass shavings. Then Kajiman and his father Narayan Singh came to the spot and requested Basunandan to release Bhola Show. Basunandan refused to do so. He requested Kajiman and Narayan Singh to keep watch on Bhola Show so that he might send information to the officers of the Company. But Kajiman and Narayan refused to help him. Then Basunandan sent a vegetable vendor for giving information to the officers of the Company. The officers came there at 7 a.m. Basunandan made over the thief to the officers. He also reported to them that Kajiman had refused to help him in the matter of catching hold of the thief. A charge-sheet was then issued against Kajiman Singh. The matter was also reported to the police. The police, however, submitted a final report. The Company directed a domestic enquiry to be held by Shri K. A. Menon, Secretary of the Company, into the allegations against Kajiman. After examining witnesses Shri Menon found Kajiman guilty of the charges levelled against him. He submitted his report to the management, and the management, on his recommendation, dismissed Kajiman from service.

Kajiman Singh denies that he had anything to do with the theft of brass shavings in question He also alleges that the enquiry was not fair and proper.

O P W. 3 Shri K. A. Menon, Secretary of the Company, held the domestic enquiry. Ext. B is the enquiry proceeding. It cannot be denied that the enquiry held was not fair and proper. Shri Menon admits that he took down notes and points only at the time of enquiry and thereafter he typed out the statements. It also appears that the statements of the witnesses were not read over and explained to Kajiman Singh. It also appears that no chance was given to Kajiman to cross-examine the witnesses examined on behalf of the Company. No fair opportunity of defence was given to Kajiman by the

enquiring officer. So it must be held that the enquiry was not fair and proper, and that the enquiring officer did not follow the rules of natural justice.

Now it is to be seen as to whether the Company has been able to prove before this Tribunal that the charges levelled against Kajiman are true. Exhibit C is the charge-sheet. The charges against Kajiman is that he did not render help to Basunandan in apprehending the thief and that he asked Basunandan to release the theif. Kajiman denies that he had anything to do with the theft. P.W. 2 Basunandan is the Durwan of the Company. He says that on 11th September 1965 at about 5-30 a.m. he noticed a bi-cycle by the side of the Show Room, and that he saw Bhola Show carrying a tin box and putting the same on the bi-cycle. He further says that he saw that the tin box contained brass shavings and that on his asking Bhola Show said that Kajiman had given him those things. O.P.W. 2 Basunandan further says that he requested Kajiman to keep watch on the thief so that he might send information to the officers of the Company but, instead of doing so Kajiman requested him to release the man so that he might escape. O.P.W. 1 Shri V. Smeiser is the Executive Director of the Company, and O.P.W. 4 Shri N. C. Banerji is the Accountant of the Company. Their evidence is that Kajiman admitted before them that he had given the brass shavings to Bhola Show. The evidence of Shri Smeiser and Shri Banerji may be ignored, but I find no reason to disbelieve the evidence of Basunandan Singh. It is true that after this occurrence his son was appointed in place of Kajiman and that he also got an increment of Rs. 5. It is apparent that the Company granted this favour to Basunandan as he was the person who was instrumental in catching the thief. That the thief was apprehended by Basunandan cannot be disputed. The evidence of Kajiman himself goes to indicate that Basunandan caught the thief. He admits in his cross-examination that Basunandan and his two other colleagues brought the man with a cycle and tin box, and that Basunandan told him that he had caught the thief. So it is clear from the evidence of Kajiman also that the thief was apprehended by Basunandan. That being so, it is quite in the fitness of thing that the Company rewarded Basunandan. From the mere fact that Basunandan was rewarded by the Company, it cannot be said that he deposed falsely against Kajiman. There is nothing to indicate that Kajiman had any previous quarrel with Basunandan. Basunandan had no reason to implicate Kajiman falsely in the incident that took place on the 11th September 1965. Kajiman admits in his evidence that he did not ask anybody about the thief or about the theft committed by him. He also says that he did not ask anything to the thief. He was a guard of the Company. It was his duty to guard the Company's properties, and to prevent pilferage of the Company's properties. So when the thief was apprehended in the premises of the Company, it was his duty to interrogate him. But he did nothing of the sort. So it goes to indicate that he had guilty knowledge. In these circumstances the evidence of Basunandan that Kajiman refused to render him help in the matter of catching the thief cannot but be believed. The positive evidence of Basunandan is that Kajiman asked him to release Bhola Show so that he might escape. On consideration of the conduct of Kajiman I am fully convinced that the evidence of Basunandan is quite true on this point also. It is true that the stolen goods did not belong to the Company. The goods belonged to Trinker Company. It is an admitted fact that the Show Room of Francis Klein & Co. and the factory of Trinker Company are practically in the same room, partitioned by walls. Kajiman admits in his evidence that if anybody wants to take out any material from the factory of the Trinker Company he would have to pass through the Show Room of Francis Klein Company. Kajiman had duty in the Show Room. It was his duty to see if any one was going out of the Show Room of Francis Klein Company. Basunandan caught hold of the thief with the stolen goods when the latter put the stolen goods on the cycle lying on the side of the Show Room. So the thief was apprehended within the premises of Francis Klein Company. It was the duty of Kajiman to render help to Basunandan in apprehending the thief, no matter whether the stolen goods belonged to Trinker Company or to Francis Klein Company. Moreover he was not in a position to say at that moment whether the stolen goods belonged to Trinker Company or to Francis Klein Company. Even then Kajiman refused to render assistance to Basunandan. It is clear that he refused to render assistance to Basunandan as he himself was a party to the crime. I am satisfied from the evidence that it was Kajiman who had actually stolen the brass shavings from the Trinker Company and made over the same to Bhola Show, that he refused to render assistance to Basunandan, and that he requested Basunandan to release the man so that he might escape. I, therefore, find that Kajiman was guilty of the charges levelled against him. He was guilty of gross misconduct. So he was rightly dismissed by the Company.

It appears that the matter was reported to the police and that eventually the police submitted final report. Kajiman was discharged by the Magistrate. It may be that the police could not collect proper evidence against Kajiman and for that they submitted final report. But this Tribunal is not bound by the order of discharge. The evidence on record shows clearly that Kajiman is guilty of the charges levelled against him. In my opinion the Company was quite justified in dismissing Kajiman from service.

Kajiman Singh, the opposite party, is entitled to no relief. This is my award.

Dictated and corrected by me.

THE COMMISSIONERS FOR THE PORT OF CALCUTTA

Summary of the minutes of the Proceedings of the Commissioners' 7th Meeting held on the 27th June 1969

AT the Seventh Meeting of the Commissioners held on the 27th June 1969 the following business was transacted:

1. **Audit Note on the accounts for the Commissioners for the Port of Calcutta for the year 1965-66:** It was decided to send a communication to Government in terms of the Chairman's draft comments on the above Audit Note.

2. **Application for a loan of Rs. 4 crores from Government for financing expenditure on Plan Projects:** The Commissioners decided to apply to Government for a loan of Rs. 4 crores.

3. **Accident to M.V. "Pagan" on the 18th February 1969:** The Investigating Officer's recommendation was approved.

4. **Accident to the Dredger "Bhagirathi" on the [illegible] February 1969:** The Investigating Officer's recommendation was approved.

5. **Grounding of the S.S. "Efcharis" on the 12th February 1969:** The Investigating Officer's recommendation was approved.

6. **The Second Hooghly Crossing Project:** It was decided by the Commissioners that the State Government of West Bengal should be requested to take into account the successful completion and operation of the Rabindra Setu through the Port Commissioners and to consider following the same arrangement with regard to the second Hooghly Crossing Project. There would be no difficulty whatsoever in offering the maximum facilities for collaboration to the different authorities in Calcutta and Howrah and the State Government would without question have a large say in the scrutiny and selection of tenders. The Commissioners also strongly felt that there should be a single executing agency with overall responsibility for the project and that the Port Commissioners should wait on the concerned Ministers of the State Government and the Union Transport Minister for clarifying this issue.

7. **Block Proposal:** The Commissioners also sanctioned routine establishment proposals and proposals relating to execution of works, grant of leases, purchase of materials, remission of Port Charges, etc.

The 5th August 1969.

T. R. RAGHUPATHI,
Secretary.

RESOLUTION

No. 2427-Power.—26th August 1969.—The Jaldhaka Hydel Project was taken up by the West Bengal State Electricity Board for generation of hydel power for distribution in North Bengal. The cost of the project was initially estimated at Rs. 445 lakhs and the target date set for commissioning the first unit was June 1963 since extended to May 1964. Subsequently, the cost was revised to Rs. 1,050 lakhs and the target date for its completion was also extended. The Estimates Committee in its second report for 1963-64 on the West Bengal State Electricity Board expressed concern over the inordinate delay and also the high cost involved in the execution of the project. As the delay in the execution of the scheme has caused considerable loss of economy in North Bengal and as the matter involves large expenditure of public money, the said Committee recommended appointment of a Commission of Enquiry to go into the question and fix up responsibility, if any. While taking up the Audit Report, 1965, for examination and consideration, the Committee on Public Accounts in its meeting held on the 31st August 1967 observed that the whole deal relating to the construction of the Main Power House Building and tail race, etc., for the Jaldhaka Hydel Project was a suspicious one and recommended a Commission of Enquiry to enquire into the matter.

2. The Governor is, therefore, pleased to appoint a Commission to enquire and report on all points relating to the execution of the Jaldhaka Hydro Electric Project. The Commission should start enquiry from the 1st Project report right up to the date of Commissioning of the first two units of the 1st stage (2 x 9 MW sets) of the project on 29th June 1967.

3. The composition and terms of reference of the Commission will be as follows:

Composition of the Commission

(1) Shri Sudhangshu Mohan Banerjee, I.A. & A.S. (Retd.), 103 Southern Avenue, Calcutta-29—Chairman.

(2) Shri R. K. Majumdar, B.Sc., A.M.I.E., 55/4 Purnadas Road, Calcutta-29—Member.

(3) Shri Raghunath Koyal, M.Com., F.C.A., 16/1 Komedan Bagan Lane, Calcutta-16—Member.

(4) Shri Amiya Goopta, Dolphin Court, 7A Middleton Street, Calcutta-16—Member.

(5) Shri M. K. Roy, Deputy Secretary, Commerce and Industries Department, Government of West Bengal, Writers' Buildings, Calcutta-1—Member-Secretary.

Terms of reference

To undertake an enquiry into the causes of inordinate delay and high cost involved in the execution of the Jaldhaka Hydel Project specially on the following points:

(i) Performance of the Tender Sub-Committee of the West Bengal State Electricity Board with regard to acceptance of tender for the project and the manner in which the whole deal relating thereto was transacted.

(ii) The extent to which the advice of the Consulting Engineering Firm and/or of the Central Water and Power Commission with regard to entrusting the project work with the Contractor was adhered to.

(iii) Circumstances under which the second stage of target date (31st May 1964) was extended and the work completed three years thereafter though the flood took place in July 1964 only after the expiry of the target date in 1964.

(iv) Whether there was any failure on the part of the contractor to complete the job within the target date and, if so, the action taken against the Contractor's firm for their failure to complete the job within the target date according to the terms specified in the contract.

(v) Circumstances under which the actual cost for construction of Main Power House Building and tail race, etc., rose up to Rs. 34 lakhs against the estimated cost of Rs. 23/24 lakhs.

(vi) Desirability of fixation of responsibility for the excess expenditure over the estimated cost and delay in execution of the Project and also recovery of the extra cost from the persons and firms found responsible.

Time for submission of the report

The Commission would submit its report to Government in the Commerce and Industries Department before the 31st December 1969 provided that the said time limit may be extended by Government, if necessary.

Place and time of meeting

The Commission will meet in Calcutta or in any other place as may be considered necessary by the Chairman.

Scrutiny of records

The Commission will be entitled to call for and examine records and accounts of the West Bengal State Electricity Board. It may also examine and record the views of the experts and such other persons as are concerned in the matter.

Order

Ordered that the Resolution be published in the "Calcutta Gazette" and that copies be forwarded for information and necessary action to the Chairman and Members of the Commission of Enquiry and all other concerned offices and organisations.

SIXTH SCHEDULE.

Form of Oath or affirmation to be made by a member of a Gram Panchayat, *an* Anchal Panchayat *or a* Zilla Parishad.

(*See* section 151.)

I, A. B., having been elected/co-opted a member of the..... *Gram Panchayat/Anchal Panchayat/Zilla Parishad* do swear in the name of God/solemnly affirm that I will bear true faith and allegiance to the Constitution of India as by law established, and that I will faithfully discharge the duites upon which I am about to enter.

STATEMENT OF OBJECTS AND REASONS.

The Directive in article 40 of the Constitution of India is:

"The State shall take steps to organise village *Panchayats* and endow them with such powers and authority as may be necessary to enable them to function as units of self-government".

In the State of West Bengal during the erstwhile Congress regime, the first Act regarding *Panchayats*, namely, the West Bengal *Panchayat* Act was enacted in 1957. This Act covered only two stages of the *Panchayati* institutions, viz., *Gram Panchayats* and *Anchal Panchayats*.

Another Act was passed in 1963, namely, the West Bengal *Zilla Parishads* Act, creating another two higher tiers, namely, *Anchalik Parishads* and *Zilla Parishads*.

The provisions of both the Acts regarding *Panchayats* are virtual denial of direct democratic principles. The Acts and their working since their enactment have totally failed to implement the spirit and the aim of the Directive. The past and the present state of affairs of the *Panchayati Raj* institutions of West Bengal have assuredly proved this.

The present United Front Government, after a thorough survey and careful study, has thought it imperative to enact laws for the successful implementation of the Directive on the basis of the following important fundamentals or basic principles of *Panchayati* institutions, as accepted on an all-India basis:—

(*a*) It should be a three-tier structure of self-governing bodies from the village to the district;

(*b*) There should be a genuine transfer of power and responsibilities to them;

(*c*) Adequate resources should be made available to the new bodies to enable them to discharge these responsibilities;

(*d*) All development programmes at these levels should be channelled through these bodies;

(*e*) The system evolved should be such as would facilitate further devolution and dispersal of power and responsibilities in the future.

The Balwantrai Mehta Committee, appointed by the Central Government, did emphasise on the points as mentioned above.

An attempt has been made in the Bill to give shape to the basic principles, as recommended and enunciated, in the context of the Constitution as well as the objective conditions prevailing in the State of West Bengal.

There cannot be any devolution and dispersal of power without a real democratic structure decentralised from the lowest to the topmost level. Care has been taken in this Bill to build up a real democratic structure from the village to the district level in three stages by direct election. Only an organised unit of people with responsibilities and real powers can create and build up real assets increasingly for the country.

No Government, however, good, can improve the lot of the people in the real sense, if the people are inert and the inertia persists. In this Bill, special emphasis has been given to create full scope and opportunity for the people to realise their aspirations to live a full life by their own efforts.

The long and persistent demand from the people of West Bengal has been to abolish the existing *Panchayati Raj* institutions by repealing wholly the existing *Panchayati* Acts and to substitute them by real democratic structure and laws which will create and sustain real democratic basis reflecting the will of the people. This Bill is, to a great extent, fulfilment of that demand and fully attempts to implement the directive in the Constitution for devolution of power to the people.

FINANCIAL MEMORANDUM.

No additional expenditure is involved, consequent on the enactment of the proposed West Bengal *Panchayat* Bill, 1969. Contributions and grants made to different *Panchayat* bodies by the State Government will remain at the present level. No enhancement of Departmental staff is also envisaged.

2. Expenditure will of course be incurred for holding elections under the proposed Bill to the *Gram Panchayats*, *Anchal Panchayats* and *Zilla Parishads*. The exact quantum of the expenditure cannot be foreseen until the Bill is passed and Rules are framed thereunder. The expenses are likely to be almost of the same order as in the case of General Elections, including expenses in connection with the Revision of Electoral Rolls. It is proposed, as far as practicable, to realise the entire election expenses to be incurred by Government from the respective *Panchayat* bodies concerned.
